Rolling Mill Consumption

Rolls out of every best iron who work in rolling mills, iron industries and glass factories the most perfect, consistent, uniform and best backing, sometimes hard and dry. The patient comes weaker and thinner day by day. Death eventually conquers. The trouble comes from some kind and the constant inhaling of the fine particles of dust and iron that fill the air. These particles, under a microscope, show jagged, sharp edges, which tear and mutilate the delicate lining of the throat and lungs. Bacterial germs are also present and multiply. Aikens' English Remedy was discovered in consumption first a piece to feed and multiply. Aikens' English Remedy is the only cure in the world for Rolling Mill Consumption. It keeps the organs, strengthens the mucous membranes of the breathing organs, permanently helps the system, strengthens the muscular system and the whole system. It must clear out of the lungs the mucus and bacteria that cause the trouble. What it has done for many others it will also do for you and your loved ones.

SOLD BY BROOK & MOON, PENDLETON, ORE.

OLD TEN-DOLLAR WARRANT

MADE BY THE PROVINCIAL GOVERNMENT OF OREGON.

issued to Geo. W. Rice and Found Among Papers of Captain William Martin, Deceased.

Mrs. Martin, wife of the late Captain William Martin, of Pendleton, is the possessor of a warrant for ten dollars which possesses a historic interest. It was found among the papers of the late Captain Martin, but how it came into his possession is not known, and the name of the person in whose favor it was drawn is not familiar to anyone in this section of the state so far as is known. Following is a copy of the warrant:

Oregon City, Feb. 3, 1847.
OREGON TERRITORY,
Promises to pay to the order of Geo. W. Rice ten dollars and — cents, with interest at the rate of six per cent, per annum, from date.
No. 291. JNO. H. COUCH, Treasurer.
(Per) JNO. P. BROOKS, Deputy.

Many Were Issued.

This warrant is only one of many which were issued by the provisional government, and reference to it is now made from the fact that one was recently discovered at Tacoma, concerning which the following statements were made in a recent issue of the Salem Statesman. It will be noticed that the interest rate was then only 6 per cent:

State Treasurer Chas. S. Moore, in receipt of a letter from R. F. Hensel, of Tacoma, which brings to light the existence of a debt of the state of Oregon, that is a connection with the distant past of the early settlement of the Northwest country.

In the days of the provisional government, preceding the organization of Oregon Territory as a territory of the United States, Dr. Wm. F. Tolmie was one of the board of governors for the Hudson Bay company in the Pacific Northwest, and in command of old Fort Nisqually, Washington. He was one of the leading men in the employ of the big company and was one of the late lamented Dr. John McLaughlin's most trusted lieutenants. When all the territory, now known as the states of Oregon and Washington, became American soil, and the Hudson Bay company retired across the British Columbia line, Dr. Tolmie, like Dr. McLaughlin, located permanently on Puget Sound, where a short time ago, he passed to his eternal reward, rich in honors, and mourned by a large circle of friends and with little need to oblige many historic incidents which he could have related.

During the days of the provisional government, when John H. Couch, long since deceased, was treasurer of the organization, a government warrant was issued to Dr. Tolmie for \$25, which obligation was presented. When Dr. Tolmie died one of his relatives found among his papers this warrant. It reads as follows:

Oregon City, Dec. 22, 1846.
\$25.01
OREGON TERRITORY,
Promises to pay to the order of Wm. F. Tolmie, twenty-eight dollars and one cent with interest at 6 per cent per annum from date.
JOHN H. COUCH, Treasurer.
No. 218.

Thinking possibly that the warrant was issued by Clackamas county, a copy was sent by Mr. Hensel to the treasurer of that county with request for information. He was informed that it was a territorial obligation, and was referred to the state officers, and as a result a letter of inquiry, enclosing a copy of the warrant was received by State Treasurer Moore. Mr. Hensel asks whether or not the warrant will be paid, and if so, asks that the money be sent to a Tacoma bank, where the warrant will be turned over.

State Treasurer Moore, in speaking of the matter said, that the records of the state showed that the state had assumed the territorial obligations, and he would investigate to see if the territory had assumed those of the provisional government, which he believes was the case. The records of the provisional government were destroyed by fire in Oregon City, and there is no record of the warrants issued by that organization. In any event, it will take a legislative act to appropriate funds for the purpose of taking up the warrant.

The document is valuable as a historic souvenir, and will doubtless be taken up and preserved as a relic of the early history of this country, a history the half of which has never been written.

SACRED MEMORIAL SERMON

EXERCISES AT THE COURT HOUSE, ON SUNDAY, MAY 26.

Rev. J. Diven Will Deliver the Discourse Under Auspices of Kit Carson Post, G. A. R.

Memorial services in honor of the heroic soldiers of the war of the rebellion will be held at the court house on Sunday, May 26, commencing at 11:15. Rev. Robert J. Diven, pastor of the Presbyterian church, will deliver the discourse suitable to such a solemn occasion. The exercises will be held under the auspices of Kit Carson post, No. 28, Grand Army of the Republic. The Sunday school children are especially invited to attend. The hour is fixed 15 minutes later than the usual one for holding religious services at the different churches so that all will have plenty of time to leave their respective places of worship and still get to the court house in time. There will be some good singing furnished by a mixed choir.

Confederates Are Invited.

Not only are the old soldiers who fought for the Union to be present, but they cordially invite those who wore the gray to come out and clasp the arms of friendship, so that there may be no North, no South, no East, no West, but an undivided country cemented by bonds of loyalty and patriotism.

Secret Societies.

The different secret societies of the cities are also invited to attend in a body. The Woodmen of the World and the Pioneers of the Pacific have accepted the invitation and will be present in considerable numbers. The Pioneers of the Pacific are requested to meet at their hall in LaDow block at 10:45 on Sunday, May 26, to march in a body to the court house to attend the memorial exercises.

The Woodmen of the World will meet at their hall to attend the same.

Decoration Day, May 30.

On Decoration day, Thursday, May 30, other exercises will be held and the graves of deceased soldiers in Olney cemetery and in the cemetery on the north side of the Umatilla river will be decorated with flowers and an oration delivered. Of those exercises further notice will be given.

FOUND A BURIED TREASURE.

A man in a small town in New Jersey recently found a buried treasure in his yard which no doubt had been there by one of Captain Kidd's famous crew. A fortunate find indeed and sufficient to enable him to live happily the rest of his days provided of course he has good health. To obtain good health there is no medicine like Hostetter's stomach Bitters. It regulates the bowels. If you are nervous and worn out you should try it. It will brace you up. It is a splendid tonic and will cure all stomach liver and kidney disorders. Give it a trial and you will not be disappointed, but be sure to get the genuine.

Grand Master's Appointments.

Before the adjournment of the Odd Fellow's grand lodge at Baker City the grand master announced these appointments: Grand conductor, A. W. Storey; Ashland; grand guardian, George H. Foster, Baker City; grand herald, G. M. Morrison, of Adams. The trustee for orphan home elected for three years is Thomas F. Ryan. A special tax of 25 cents was imposed upon each member for the maintenance of the orphan home. This makes the total per capita tax for the order in the state, \$1.05, or just 25 cents more than it was last year for the maintenance of the grand lodge. G. W. Bradley, Athens; B. E. Coon, Pendleton; George W. Ingle, Milton; W. S. Lynn, Hills were appointed district deputy grand masters. Mrs. C. A. Johns gave a dinner party to some of the delegates. Among the guests were Mr. and Mrs. Alexander. An excursion was made to Sumpter on Friday.

Now is the Time.

To go to Meacham. Weather fine, fishing good, trains running on time. Only \$1 for the round trip tomorrow (Sunday). Excursion train leaves O. R. & N. depot for Meacham and way points at 6:15 a. m.

Weston Leader: It is evident that Weston will have a splendid water system when the new pipe line is laid from the hot spring to the reservoir. From the estimates made, there will be water enough to irrigate every lawn in town, and then the overflow pipe will be constantly discharging the surplus. This overflow could also be made to furnish considerable power, as the supply will be sufficient to fill the reservoir three or four times every 24 hours. Every tramp in Oregon could gratefully receive a free bath by standing under the overflow.

SHEPHERD'S NOTES.

A Toucher Man Complains That He Must Go to Range.

S. P. Johnson of the firm of Johnson Bros., sheepmen was in Walla Walla Thursday and talked to the Union. He is from Toucher. Mr. Johnson is quite enthusiastic over the increase in his flocks this year. He says it has run as high as 100 per cent.

"But the sheep business is not what it used to be," he said, "owing to the lack of range. Now a sheep man has to pretty nearly own his range, and consequently there is a considerable amount of expense attached to the business which we did not encounter in years gone by. Our market is now on the Sound. We used to ship east but there was not much profit in it, but we find the trade on the coast and in the big cities requires all the mutton we can supply. There is not much for us in the wool business at present. The Alaska trade helped that trade considerably. This is a great country for sheep raising principally on account of the mild winters. Idaho is not bad, but I have always considered Montana too cold. As I have said our greatest trouble is lack of range.

S. P. Thomason has returned to Dayton, says the Courier-Cress, from Hayden Ore., where he has been since about the first of April, and remained during the shearing season. Mr. Thomason had a shearing crew of about 15 to 20 men and since shearing time began to the end of the season had sheared about 50,000 sheep. Altogether there are about 240,000 sheep in Morrow county, and Heppner is the center of the wool and sheep industry. Many wool and sheep buyers go there and only a couple of weeks ago Messrs. Clark & Williams of South Dakota purchased 60,000, paying \$1 for wethers and \$2 for ewes. They will be shipped by rail to South Dakota.

The Heppner Times says: About 6200 head of mixed yearlings, sold to Clark & Co. by C. A. Rice and O. E. Farnsworth were shipped from Rhea's siding the first of the week. Rhea sold his for \$2.50 per head. Nicholas & Hale, of Lexington, sold 17,000 pounds of wool to Judd & Root at 95 cents. W. B. McAlister sold 7000 pounds to the same party at 105 cents. Mike Marshall sold 20,000 pounds to Frank Lee at 9 cents. Paul Heiler sold 14,000 pounds to Judd & Root at 14 cents. High Fields sold about 60,000 pounds to Frank Lee at between 10 and

TROUBLE IN BULLY CREEK

SETTLERS WARRM OUTSIDE CATTLEMEN TO KEEP AWAY.

They Are Stronous in Their Demands and Insist They Mean What They Say.

Ukiah, May 23.—The present outlook is very favorable for trouble in the Bully creek country, 30 miles south of this place, unless outside cattlemen make their hands off the settlers' range. The settlers addressed an "open letter" to the Ayers cattle company last week, through the Long Creek Ranger, and to one who can read between the lines, it is plain that they mean business. The situation is about as follows:

The Ayers cattle company is composed of former sheepmen who ran their hands on the Northern Grant county range for years, until the settlers became tired of their encroachments and took the law into their own hands, moving some bands onto other range, and shooting into others. The sheepmen, thinking to hoodwink the settlers to a certain extent, sold their sheep, and buying cattle, formed the aforesaid company, and brought their cattle onto the same range to summer. As a matter of course, it makes little difference whether a range is eaten off by outside cattle or outside sheep, so long as it is eaten up from the settlers' stock.

This company has turned out about 700 head of cattle on this range, which is already overstocked with home stock, and the settlers are naturally very indignant. Your correspondent has talked with several of them and while they are as a rule non-committal, it is plain to be seen that they mean business, and our advice to the Ayers cattle company would be to take their stock off the Bully creek range.

Stock associations seem to be the correct thing in Southern Umatilla and Northern Grant counties this spring. Their motto is "keep off the grass," generally addressed to outside stockmen.

There have been but few cattle buyers in the prairie thus far this season, and no sales have been made that we know of. Cattlemen are holding for last year's prices or better and buyers do not think they can pay quite so much.

The recent heavy frosts did serious damage to the fruit and gardens in the Ritter county.

Prof. J. F. Nowlin, the Pendleton Belgian hare man, visited the schools in Ukiah this week.
