WYRICK ISN'T DEAD

Was the Thinking of Getting Out of the Way?
 This appears in the Baker City Register, is a story of the Pendleton man who was thought to be dead.

It is a story of the Pendleton man who was thought to be dead. It is a story of the Pendleton man who was thought to be dead. It is a story of the Pendleton man who was thought to be dead.

A Deep Mystery.

It is a mystery why women endure backache, headache, nervousness, sleeplessness, melancholy, fainting and dizzy spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney troubles," writes Mrs. Phoebe Chisley, of Peterson, Ia., "and a lame back pained me, so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, I now am able to do all my housework." It overcomes constipation, improves appetite, gives perfect health. Only 50c at Tallman & Co.'s drug store.

REGENTS ARE IN SESSION

R. Alexander and J. H. Raley are present from Pendleton.

R. Alexander and J. H. Raley, of this city, went to Weston this morning to be present at the annual meeting of the board of regents of the Eastern Oregon state normal school to be held today. State Senator J. W. Morrow, of Heppner; J. W. Scriber, of La Grande; and P. A. Worthington, secretary, of Portland, joined the Pendleton members here. J. T. Wilding, an architect of Portland, came up on the train this morning, and will represent Architect Lazarus at the board meeting.

NICE HAIR FOR ALL.

Once Destroy the Dandruff Germ, and Hair Grows Luxuriantly.

Any one can have nice hair if he or she has not dandruff, which causes brittle, dry hair, falling hair and baldness. To cure dandruff it is necessary to kill the germ that causes it, and that is just what Newbro's Herpicide does. Cornelius Grew, Colfax, Wash., says:

"One bottle of Herpicide completely cured me of dandruff, which was very bad, and it has stopped my hair from falling out." It makes hair soft and glossy as silk; delightful odor and refreshing hair dressing. It will positively make hair grow abundantly, and kills the dandruff germ.

BOUGHT THE BOSTON NEWS

Leison Balliet Reported to Have Made Another Purchase.

The Baker City Herald prints the following special from New York:

"Leison Balliet, the celebrated Oregon and California mining king, this morning started the slow going old town of Boston by the outright purchase of the Boston Daily News (a morning paper). The figures were not learned but it will probably exceed a quarter of a million. The title has been transferred perfect and unincumbered. The News will be run in unison with the Baker City Herald. Mr. Balliet is tendered an informal banquet at Young's hotel by prominent Boston business men last Friday. He met many substantial men and formed strong financial connections in both Boston and New York. He starts west tomorrow."

NATURE HEATS THE WATER.

Vale Has Natural Resource That Will Be Invaluable.

Baker City, May 28.—Recently a remarkable stream of hot water was struck within one-half mile of Vale, in Malheur county. A stream three and one-half inches in diameter was struck a year ago, which spouted 33 feet above the surface. Desiring a flow at an elevation up the hill from which hot water could be piped to the town of Vale, the owners of the property bored further up. They now have two wells on the hill side, each three

and one-half inches in diameter, and each throwing a stream 30 feet above the surface. This water is heated to 212 degrees Fahrenheit. It is the purpose of the owners to pipe the water to the town and there use it for a natorium and for heating dwellings. By conducting the water underground for the distance of a half mile, it is believed that it will cool but little if any during transit. Should Vale ever become a city, its hot water will be invaluable for the fuel problem for heating purposes has been solved. Arrangements are now being made for construction of the pipe line.

JOHNSON BONDS, PLACERS

Pendleton Man May Get \$30,000 for His Mines.

R. T. Cox, who has been in the Granite country, states that Winn Johnson, of this town, has bonded his placer mines on Crane creek to General Roberts, for \$30,000. Roberts came from Philadelphia, and has a force of experts at work prospecting the claims. They are sinking to bedrock and are making scientific investigation as to the value of the claims. Mr. Johnson has owned the placers for eleven years, having taken out each year a good cleanup of several thousand dollars.

Mr. Cox says the district has considerable activity in both quartz and placers, fully as much legitimate mining being prosecuted as was going on a year ago.

The Chimax mine, near Granite, has been sold for \$25,000, a bona fide sale.

At the Buffalo mine, of which Mr. Cox is manager, four men are kept at work, and the indications are good as the work progresses. Work is being done on the Monitor, owned by the same parties, which is holding out well as the tunnels go in. Over 1800 feet of tunneling has been done. The Buffalo was originally discovered by the Beagle brothers, and was once owned by Pendleton men.

The Red Boy mine has gone down 170 feet in the deep shaft they are sinking. It is expected that they will go down 3000 feet. The sinking plant is a big one, put in at considerable expense.

Snow has gone and the teaming is now being done by the various mining companies. Machinery is going in as fast as the condition of the roads will permit. The weather is good and favors the operations of the miners in every part of the district.

At the Johnson placers, the activity is great, and at the expiration of the period the bond runs, the Pennsylvania people will know perfectly what is the value of the diggings.

VALE WILL HAVE A BANK

Capital to Be \$40,000—Stock Held There and in Baker City.

Baker City, May 28.—A national bank with capital stock of \$40,000 is being organized in Vale, Malheur county. This town is the county seat of the county and has a population of 300. During the past two years it has grown rapidly, and the business interests of the place demand banking facilities nearer than Caldwell where such business has previously been done. Stockholders of the bank will not all be residents of Vale and adjacent country, as some of the capital will be subscribed in Baker City. M. G. Hope, one of the leading business men of Vale, was in Baker City today making arrangements to establish the bank. He said that it was an assured fact, although further particulars could not be given out at present. Within the next sixty days, Mr. Hope said, the bank would be ready for business.

AN ENORMOUS BEEF SALE

10,000 Head to Be Delivered on June 10 in Malheur.

Baker City, May 28.—A large sale of beef will be consummated in Malheur county on June 10. That is the date fixed for the delivery of one single lot of beef from between 10,000 and 12,000 head of yearlings and two-year-olds. All of this stock is intended for the Eastern market and will not be driven to the Montana or Wyoming range for fattening. It is in condition at the present time immediately after passing through the winter. Yearlings are purchased by these buyers for \$20 and two-year olds \$27. This price is one dollar cheaper than the same stock sold for at the same period last year. The sale will clean up most of the surplus beef in that section of the country and will leave but few from the immediate district for the fall market. Buyers are quite active in Malheur and Harney counties and offer tempting prices.

Skin affections will readily disappear by using DeWitt's Witch Hazel Salve. Look out for counterfeits. If you get DeWitt's you will get good results. It is the quick and positive cure for piles. Tallman & Co.

Busy at Planing Mill.

K. Forster, proprietor of the Pendleton planing mill and lumber yard, reports that he has a big stock on hand, having received 12 carloads of lumber within the past week. He is furnishing the lumber for a number of houses in course of construction, and has prospects for contracts of other buildings in contemplation. He always has a big run of business during the summer, making headerbeds and water tanks for the farmers of this section, and his work in that line has given excellent satisfaction.

W. J. Baxter, of North Brook, N. C., says he suffered with piles for 15 years. He tried many remedies with no result until he used DeWitt's Witch Hazel Salve and that which quickly cured him. Tallman & Co.

DECORATION DAY B. B. GAME

Athena Team Will Be Here at 3 O'clock Thursday.

The game of baseball which has been looked forward to for weeks will take place on the lower Alta street grounds commencing at 3 o'clock on Decoration day, Thursday, May 30. The Athena team will arrive at about 2 o'clock on the mixed train. Manager Osburn says he will bring a crowd of perhaps 200 along with the club to "root." J. E. Krause has been secured to umpire the game, which assures impartial decisions. The grounds are being put in the best possible condition. A competent police force has been secured to take charge and look after the order and decorum for the Decoration day game, and for the Sunday game, June 2, when Walla Walla will be here; for the Boston Bloomer game on Monday, June 3; and for the game on Wednesday, June 5, when the club will be present from Blair college, Spokane.

The Batting Order.

Following is the batting order and the fielding positions of the Pendleton boys for the Decoration day game: Ulrich, 2b; Cox, ss.; Meach, 1. f.; Barlow, r. f.; Hartman, 1b.; Dupuis, c. f.; Claude Penland, c.; Chaplew, p.; Clarence Penland, 3b. Fletcher and Murphy will be substitutes.

Printers Organize.

The printers of Pendleton met on the curb at the corner of Main and Webb street Tuesday evening and organized a baseball club. C. A. Maskrey was appointed managing editor and A. Cardin captain and foreman. The printers have already received two challenges, one from the barbers and the other from the bartenders. The proposition from the barbers is the first chunk of copy on the hook and will be disposed of first. D. B. Bailey is manager of the barbers. The two managers will set the date at the earliest possible moment. The bartenders want to play the printers for \$25 a side. This is looked upon by the printers as a "pickup" of easy money. The game will be arranged unless the challenge should be withdrawn.

"Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. I quickly secured a bottle of One Minute Cough Cure, giving her three doses. The croup was mastered and our little darling speedily recovered." So writes A. L. Spafford, Chester, Mich. Tallman & Co.
