WHAT HAS DONE DAMAGE

Truck and Fruit Injured in Eastern Oregon.
Near Pendleton, garden truck very badly damaged, according to reports that have come from H. J. Taylor, living eight miles northeast, states that melons, peaches and potatoes apparently were not yet whether or not any damage was done. Near Weston and near Weston, especially near Weston, La Grande and Baker City and also suffered, as is shown by following dispatch to the East Oregonian from there:
Near Baker City.
Near City, June 6.—Last night, a severe frost was experienced in a portion of this valley, killing many sections all the fruit. Full crops have not been received from many of the valley yet, nor the rich central districts of Eagle and Pine and the Burnt river valley, but it is feared that great damage has been done. Fruit here is not far advanced, owing to the lateness of the season and was in the right condition to be killed. For the past two days nearly cold weather has been experienced, one day there being snow on the ground most of the time.

THE WOOL MOVES RAPIDLY

AT LEAST 400,000 POUNDS SOLD IN A WEEK.

Prices Up to the 10 1-2 Mark Wheat Bought by Millers at 60 Cents a Bushel.

Pendleton, June 6.—Wool is coming in rapidly, and it is safe to state that at least 400,000 pounds has been purchased in Pendleton during the past week at from 10 to 10 1/2c. Some has been bought for as low as 8c, but there is very little of it clipped in Umatilla county. A few bands of sheep at the mouth of Batter creek, where there is a great deal of sand in the fleeces, give ground for these low quotations.

Local Produce Market.

Pendleton dealers are paying the following prices for ranch and farm produce:
Butter, 30 to 40c per roll.
Eggs—15c per doz.
Turkeys—Alive, 12 1/2c per pound.
Geese—12c per dozen.
Ducks—\$4.50 per dozen.
Chickens—\$3.50 to \$4.50 per dozen.
Potatoes—\$1.75 to \$2 per sack.
Strawberries—Walla Walla, three boxes for 25c.
New potatoes 5c.

Pendleton, June 6.—Local millers are paying 50c per bushel for No. 1 club and redchaff delivered at the mill, and 48 1/2 to 49c for the same at outside warehouses. Exporters have occasionally paid 48c for wheat at outside warehouses, but it is a half cent over the market. Mr. Byers said the reason he paid 48c for a few choice lots at outside warehouses was because he needed the wheat to grind.

Wool.

Boston, June 6.—While the demand for wool continues quiet here, yet some fair sales have been made, and there is a steady tone in the market as a whole. Fine wools are holding up well in price, but the medium grades are inclined to weaken. Dealers claim the price has been too close and a wider spread is looked for either through an advance in fine or a further decline in the medium. Territory wools head the list of sales, with fine medium and fine scored quoted at 40 to 42c. Foreign wools are quiet, but fine Australian are firm in price.
Quotations: Territory, scored basis, Montana, fine medium and fine, 13 to 14c; scored, 42 to 43c; staple, 45 to 46c; Utah, Wyoming and Idaho, fine medium and fine, 12 to 13c; scored, 40 to 42c; staple, 44 to 45c; Australian, scored basis, spot prices, combing superfine, 71 to 72c; good, 68 to 70c; average, 65 to 67c.

St. Louis, June 6.—Wool, unchanged; territory and Western medium, 13 to 15c; fine, 10 to 12 1/2c; coarse, 10 to 12c.

San Francisco, June 6.—Wool—Spring Nevada, 10 to 12c; Eastern Oregon, 10 to 13c; Valley Oregon, 13 to 15c; mountain lamb, 7 to 8c; San Joaquin plains 6 to 7c; Humboldt and Mendocino, 9 to 10c.

Eastern Livestock.

Chicago, June 6.—Cattle—Receipts, 30,000, strong; good to prime steers, \$5.50; cows and heifers, \$3.10 to \$4.80; calves, \$2.80 to \$3.10; canners, \$2 to \$2.75; bulls, \$2.90 to \$4.50; calves, \$4.50 to \$6; Texas steers, \$1.25 to \$5.40; bulls, \$2.75 to \$3.85. Hogs—Receipts today, 36,000 tomorrow, 25,000; left over, 4400; easier; mixed and butchers, \$5.70 to \$5.92 1/2; good to choice heavy, \$5.80 to \$5.97 1/2; rough heavy, \$5.95 to \$5.75; light, \$5.62 1/2 to \$5.87 1/2; bulk of sales, \$5.80 to \$5.90.
Sheep—Receipts, 23,000; weak; good to choice wethers, \$4 to \$4.40; fair to choice mixed, \$3.90 to \$4.20; Western sheep, \$4.30 to \$4.40; yearlings, \$4.40 to \$4.60; native lambs, \$5.90 to \$5.25; Western lambs, \$4.75 to \$5.25.

Trade in Wheat.

Portland, June 6.—The Commercial Review says: Wheat is firm, but with the exception of occasional sale of small parcels trade is almost at a standstill. We have entered into the last month of the cereal year. A number of cargoes are yet to be loaded here at Portland, as well as Tacoma, to close up a very prosperous season. The country is not cleaned up with wheat, as some parties here in Portland say, but Umatilla, Walla Walla and the Palouse have some good sized parcels that ought to be sold, but as the same is held by parties well able to carry the same, we doubt if most of it will not go over for next season's best. It is reported that some of the large holdings in Walla Walla county will probably be sold this month. Exporters are paying above the market value for wheat, and are taking their chances for a rise in foreign markets. At present the market is rather dull, and our cargoes show a decline in value. No wheat will hardly come to tide water before the last of August and as there are a few ships chartered for July and August there is plenty of wheat for them. Charters of ships are very firm, and 41s 3d has been paid for vessels for December loading. It is very doubtful if freight will be any lower the first half of this season, and all depends on the foreign market whether prices will be higher than at present. The shipping interests have secured plenty of wheat for all vessels that will load this month, and vessels will suffer no detention. Quotations are: For club, 59 to 60c; bluestem, 61 to 62c per bushel.

Portland, June 6.—The commercial editor of the Oregonian says: The weather in America continues to be the controlling factor in the wheat situation. It is nearly a year since the crop of the Dakotas and Minnesota was cut down 50,000,000 to 60,000,000 bushels by drought, and the specter of that damage is again stalking through the wheat pits, and, while it has not yet scared up a Leiter, it has caused a slight nervousness, which, with a moderate amount of encouragement, might develop into a bullish fever. There was an easier tone yesterday on account of rains in Kansas and other portions of the Middle West, where trouble was encountered last year, but the crop is not yet made, and a repetition of last year's trouble would undoubtedly result in higher prices than were secured at that time.

Hops, Wool, Hides.

Wool—Valley, 11 to 13c; Eastern Oregon, 7 to 11c; mohair, 20 to 21c per pound.
Sheepskins—Shearings, 15 to 20c; short wool, 25 to 35c; medium-wool, 30 to 50c; long wool, 60 to \$1 each.
Tallow—3c; No. 2 and ground, 2 to 2 1/2c per pound.
Hides—Dry hides, No. 1, 16 pounds and upward, 14 to 15c; dry kip, No. 1, 1, 5 to 16 pounds, 14 to 15c per pound; dry calf No. 1, sound steers, 60 pounds and over, 7 to 8c; do, 50 to 60 pounds, 7 to 7 1/2c; do under 50 pounds, 6 1/2 to 7c; kip, 10 to 30 pounds, 6 1/2 to 7c; do veal, 10 to 40 pounds 7c; do, calf, (unsalted) 1c per pound less; culls (bulls, stags, motheaten, badly cut, scored,

PIONEERS OF THE PACIFIC

Selected Officers Wednesday Night Excursion to Bingham Sunday, June 9.

The meeting of William Martin engagement, No. 1, Pioneers of the Pacific, was well attended Wednesday evening. It was the night for the election of officers of the engagement for the ensuing six months, but the members are apparently satisfied with the present officers and they did something out of the usual order of procedure. On account of the phenomenal growth in order during the past six months, the officers were re-elected in a body, as follows: E. J. Kirkman, commander; Mrs. Mary Knight, captain; Mrs. Abbie Mays, chaplain; Mrs. L. F. Lampkin, scribe; Mrs. Hattie Stanfield, treasurer; Roy Salimury, ancient guide; J. M. Pointer, Ed Himmigarn, south scout; I. N. Wickersham, picket; D. Turner, sentinel.

Excursion to Bingham.

Plans were discussed for the excursion to Bingham on Sunday, June 9. The special train will leave Pendleton at 8:30 a. m. and will return in the evening. The fare is 90 cents for the round trip.

EXPELLED FOR SUNDAY PLAYING.

Ryan of Whitman, Disciplined by the College Faculty.
Ray Ryan, the plucky little catcher of the Whitman college baseball team is in trouble as a result of the Sunday game in Pendleton, says the Walla Walla Union. At a meeting of the college faculty Monday evening he was recommended by President Penrose for suspension and the other members of the pedagogic staff of the institution coincided with the president's view of the matter. Mr. Ryan was therefore suspended from the institution for the time being. In order that he may be re-instated it will be necessary for him to apply to the faculty and the question of removing the ban will then have to be called upon.

Ryan claims that at the time of the Pendleton trip there was no college rule against Sunday baseball on the part of the students. President Penrose admits this, but states that he sent warning to Ryan that if he played a Sunday game he would be suspended. Ryan claims that he was approached by Manager Walters of the Whitman team and told that he had been ordered not to play, but that he did not consider Walters either in the light of a member of the faculty or as the faculty's mouthpiece. He stood upon the ground that he was free until such time as a rule had been passed and a bona fide teacher of the college had served notice upon him. He therefore went to Pendleton and played baseball. The members of the faculty considered this to be an open violation of their authority and resolved to discipline the young man.

President Penrose stated last night that a ruling had been passed that in future all members of the college are prohibited from engaging in Sunday games. "I cannot imagine a Harvard or Yale man," he said, "engaging in Sunday games of Sabbath desecration."

A DISTRESSING ACCIDENT

INDIAN WOMAN AND HER CHILD RUN OVER.

Engineer Near The Dalles Saw Them Too Late on the Track of the O. R. & N.

The Dalles, June 6.—A distressing accident occurred on the O. R. & N. line five miles east of this place at 12:20 on Wednesday. Passenger train No. 2 was going east at full speed, and when rounding a sharp curve on a high fill, the engineer discovered an Indian woman and small child riding horseback on the track not 200 feet a head of the rapidly moving train. He applied the brakes, but could not stop the train until it was upon the unfortunate woman. When the engine struck the horse, the animal was hurled over the embankment, but the woman and child fell in front of the engine and were passed over by the entire train. Coroner Butts was notified of the accident, and with an extra engine went out to the scene and brought the remains to town. They were frightfully mangled, both bodies being cut in two. No inquest was held.
