al notices, tes cents per line, each insertion PORTLAND AND ASTORIA WRANGLING.

Portland and Astoria are again at it. They are calling each other liars and horse thieves and burgiars, or words to that effect. Astoria claims the right to common point rates. Portland denies this is her right. Astoria alleges that the commerce of the north coast that the commerce of the north coast will go in a body to Puget Sound, if the right to the right to common point rates. Portland denies this is her right. Astoria alleges that the constitution was she invariably refers to Federie—and if she does not succeed in making him a does not succeed in making him a most praiseworthy wife her honest blue wherever the flag floats and the sovereignty of the United States ex-Astoria be not made the seaport of eyes and open countenance belie themPortland. Portland urges to the conselves. Portland. Portland urges to the con-trary. And there is an irrepressible "Yes," she said, "I am going to be trary. And there is an irrepressible conflict.

Both are Oregon towns and they

should be working together towards agnostic. a common end—the upbuilding of "I have heard the pledges read that certain provision of the army bill. He of the pledges and have industries and some we are to take about bringing up child-had spoken at considerable length and

Oregon and her industries and common end—the dipolations of the property of those seaports, at times being so creat as to make for the corresponding solutions.

We are to take, about bringing up child-ren without teaching them to pray, and all that kind of stuff. I didn't pay much attention to them then the property interposed:

We are to take, about bringing up child-ren without teaching them to pray, and all that kind of stuff. I didn't pay much attention to them the president them to brief history of those seaports, at the property of those seaports, and discussing the piedges and marriage the corresponding to the president fine them to the property of the piedges and marriage the corresponding to the president fine the president fine the president fine the property of the propert obstruction of each city's progress. Why cannot Portland and Astoria learn the head of the agnostis here, and father, seemed to think everything was all right, and I guess it is.

There is room for both Portland and talk about our marriage in advance. Astoria. Perhaps it would be better for the state were there more nearly a since it came out what kind of a cerebalance between the two and less of mony we would have. domination of the state's interests by
the larger city. At any rate, the
balance of the state is as tired of the balance of the state is as tired of the quarrel between Portland and Astoria as a town is always tired of a quarrel between two newspapers or two churches. It would be pertinent to make our living and raise our children remind those towns of the remark without seeking cause for quarrels. made many years ago by a very wise Mr. Federie, who is employed at one of the big coal elevator companies, was not inclined to be communicative at against itself cannot stand.

EMBARRASSING WOOL PRICE.

little about the agnostic ceremonies under which he is to be married as The price of wool, low as compared does his bride-to-be. with the figures expected by the re-Attorney Sparks, who some time ago caused much and widespread compublican voters who put William Mc-Kinley into office for a second term, is ment by publicly announcing that he an embarrassing fact to the supporters and his wife would rear their of the Ohioan. A year ago, wool was asked for by the Eastern buyers at several cents a pounds above this year's quotations. There was talk, throughout the campaign, of advancing prices Mr. Sparks, speaking in a measure for both, said: "I consider the provision in the McKinley was elected. Many wool pledge to be taken by agnostic women growers held their 1900 clips in the be-lief that that election would appearate the world children only born of affecto elevate wool's market valuable. Uhildren born of constantly bickering. Now, they are selling at ten cents wrangling parents are a menace to the The McKinley train appears to have or any other government. The off run off the track somewhere between spring of such parents must be of the now and then, and the wires do not intimate that the political wrecking crew will be able to repair the damage are affectionate, kind and docide by until another presidential election comes around, when once again, if we are to judge by the past, the wool market will be bulled by some more promises.

PRODUCTS ARE MOVING.

are affectionate, kind and docide by nature. They are also more apt to be fully endowed mentally and physicially for life's work. This is the reason that some of the greatest men of history were of doubtless outright illegitimate birth. They were born of the deepest affection or love.—Chicago

PRODUCTS ARE MOVING.

Wool moves from grower to buyer nowadays, in Eastern Oregon and Washington, in a manner to indicate the comparatively early cleaning up gress to enter on magnificent and corof the bulk of the crop of of 1901, with the remnant of the 1900 clip. It goes at from 10 to 10% cents here in Pendigh art of stealing. Other republics have been wrecked in that way. dleton, that price being closely representative of the value of the stuff in other places east of the mountains. gret it as conservative Americans may, Woolgrowers do not like a ten-cent the nation has entered upon a career market so well as a higher one, as a matter of course, yet at ten to ten and one-half, a profit remains to the pro-\$225,000 to the wealth of Umatilla county. The early disposal of the clip will loosen up the local money market, and thus improve local retail trade conditions, which, even before wool was moving, were excellent.

During the wheat selling season, the local money have received approximately selves with supposition approximately selves with supposition approximately selves with supposition appears of the supposition appears to a selves with supposition appears of the supposition appears to a selves with supposition appears of the supposition appears to a selves with supposition appears to a selves with supposition appears of the supposition appears to a selves with supposition appears to a selves ducer. At 50 Filipinos, but the fundamental fact remains that they are to be our subcents, a good profit occures to the jects and their islands our dependwheat producer, who, learning valua- encies so long as we shall choose to Proprietor.

hold them as such, and that we recog-nize no inglienable right of theirs to become citizens of the United States as we are ourselves.

New York Evening Post: That is for the present the law. But does it affect the question of the expediency or the morality of a colonial policy. Not in the slightest degree. Justice Brown himself admits that the great ques-tions about our island possessions are to be "finally decided" (then not yet decided) by "the American people," and distinctily foreshadows the possibility that the decision may be to permit our new-caught sullen peoples to "form independent governments."

Baltimore Herald: In fact, its rulings, if consistently followed up, give congress the power to raise a tariff wall between the United States and the territories of Oklahoma, New Mexico or Alaska, etc. In other words, the judges—as ever before—have been strict constructionists of the wording of the constitution and have adhered closely to the very words used by the famous framers of that instrument of

New York Journal: It is a little startling of course, to be told that congress may constitutionally levy tariff duties against Arizona; yet that is not a novel doctrine. It has often been advanced before, and is sustained by the and thereafter, have reorganized their strict letter of the constitution. a trivial matter compared with the portentous assertion that the constitubusiness and now conduct it upon a basis of economy in expenditure tion itself has been outgrown.

formerly unknown here. The application of modern ideas in business to the Baltimore Sun: If congress can pass wood and wheat industries, the intro-duction of the cash system and the which provides for uniformity of taxastoppage of the long credits of former tion, can it not also enact legislation years, have been of inestimable benefit which will deprive the inhabitants of to the sheepman and and wheat raiser our "domestic territories" of other constitutional privileges. If Porto Rico is not foreign territory, are the Porto Ricans citizens of the United States, or still, as the Foraker act In Cincinnati, Miss Martha L. Sea-man, in a public hall wedded Mr. Porto Rico? Of how many "incon-sistencies" may congress be constitupo monies, after taking pledges such as tronally guilty in making laws for our probably never before were taken by bride and groom in this or any other "domestic territory" of Porto Rico?

Country.

These pledges involve the bringing said that either the court or the country. New York Herald: It can hardly be up of any children that may be the try is to be congratulated on a decision fruit of the marriage in the belief that which four of its members say "overthere is no God, and the bride also throws the basis of our constitutional formally declares that she will bring law and asserts that the states, and no children into the world that are not the people, created the govern-not born of affection. ment." As Chief Justice Fuller de-The ceremony was performed by a clares in the dissenting opinion of the magistrate in order that it may be minority, "the source of national legal, but the magistrate was instructed to omit from the customary tion of the United States, and the gov ernment as to our internal affairs posesses no inherent sovereign power not Mr. Federic is twenty-four and Miss derived from that instrument eaman is eighteen.
