HENRY BRAUER CONVICTED

CHARGED WITH LARCENY FROM THE PERSON OF T. J. WAGNER.

New Trial to be Asked for by the Defense, Argument to be Made on Monday.

Henry Brauer was convicted of the alleged crime of larceny from the person, in the circuit court on Thursday, June 6. This is a case that has attracted more than the usual share of attention, largely on account of the circumstances leading up to and attendant upon the commission of the crime. On Saturday morning, May 18, Brauer had been gambling in the Mint saloon of Pete Modernach, playing at W. H. Gilmore's roulette game, and losing a few dollars. Mr. Gilmore was near the roulette table and T. J. Wagner was the dealer when the alleged crime was committed at about 11 o'clock in the afternoon. A few minutes before that time, Brauer had been talking with Clarence Penland, one of the proprietors of Penland Brothers' lodging house, and had told him he was going to the Mint saloon, take all the money he could comfortably hold in his hand and walk out with it and "dash't do a d—d thing about it."

He Kept His Word.

Mr. Brauer proceeded to do as he had said. He went to the Mint saloon and boldly in broad daylight asked Mr. Gilmore to loan him \$5. Mr. Gilmore said he did not have any \$5 for him. He then went to Mr. Wagner, the man behind the roll, and asked him for \$5. Mr. Wagner told him no. Brauer then reached for the silver stacked up on the table 27 silver dollars to the stake, and took 21, but three of them dropped from his hand. He put the other 18 into his pocket and started out. Mr. Gilmore exclaimed with him and asked him to put the money back, but Brauer refused, and ever since has continued to refuse, and will probably keep on refusing until the crack of doom to give up those good hard chunks of five-dollar increments of the reasonable man's own dollar.

Wagner and Gilmore swore out a warrant for the arrest of Brauer and the paper was served. He was charged with robbery. Later in the afternoon he was taken before Justice Fitz Gerald, and had R. J. Slater to assist him. The city clerk changed to larceny from a store and Brauer was held to the circuit court.

Charge Again Changed.

When the case came up for trial the charge was again changed to larceny from the person. The question was raised as to whether larceny from the person did not make it necessary to prove that the property was taken from the physical person of the one stolen from, but Judge Ellis in charging the jury gave the instruction asked by District Attorney Halley that it would be sufficient to prove that the property stolen was taken from the complaining witness while it was under his sight or in his immediate possession, or under his immediate eye, although not attached to him by a chain or otherwise.

A verdict of guilty was returned in about 30 minutes.

The defense asks for a new trial, having filed a motion for arrest of judgment. On Monday a motion for new trial will be argued. A point of prime importance in the argument will be the judge's instruction to the jury that larceny from the person may be taking of property that is "under the immediate eye" of the owner or custodian.

CIRCUIT COURT MATTERS

The trial of the case of the state of Oregon vs. John Tolan, accused of the crime of larceny from the person, came up and was finished in the circuit court this forenoon. A verdict not guilty was rendered. Joe Laroque, Sr., was robbed of \$45 while drunk at Athena on the night of April 6. SOME HEAVY FROST DAMAGE

Report From Baker City Says Losses Will Be Great.

Baker City, June 7.—Tuesday night's frost has killed most of the fruit of this part of the state. Reports received here today indicate that the loss will be quite heavy, and extends over a large area. All the fruit of the Powder river valley is thought to have perished, as the temperature ranged from 22 to 24 degrees below zero. Apples, cherries and plums are black, and these are the more hardy varieties. There is no hope for others. In Eagle valley, the famous little fruit orchard of the state, it is stated that there is a loss of about 50 per cent in the lower end of the valley, while in the upper end the loss is practically complete. Pine valley, adjoining, loses more. In the Burnt river country, the loss is variously estimated to be from 10 to 50 per cent. Vegetables are also mostly dead, especially potatoes. This valley has become well known for its potatoes, and a serious loss will be sustained in this respect.

ELECTRIC LIGHT WAR WAGED

Baker City Having Some Differences With the Company.

Baker City, June 7.—Citizens of this city are at war with the local electric light company. At a meeting of the common council last evening, the city attorney was instructed to examine into the franchise and ascertain if legal redress was possible for what is styled exorbitant and unwarranted rates. Some business men advocate holding a mass meeting and having the citizens pledge themselves not to use more lights of the company until the municipal plant, for which bonds were voted, has been constructed. The imminence of the latter plan is regarded as the real cause for the attitude of the present company.

Dyspeptics cannot be long lived, because to live requires nourishment. Food is not nourishing till it is digested. A disordered stomach cannot digest food; it must have assistance. Kodol Dyspepsia Cure digests all kinds of food without aid from the stomach, allowing it to rest and regain its natural functions. Its elements are exactly the same as the natural digestive fluids and it simply can't help but do you good. Tallman & Co.
