NOLIN-ECHO CUTOFF

Work of Laying the Rails Will Commence on June 12. The work of laying the steel rails on the N. & N. cutoff between Nolin and Echo, a distance of six miles, will commence on Wednesday, June 12. A section of the proposed cutoff of Nolin will not be laid until the date, owing to the fact that the spot-way has not yet been secured. The grade for the new track between the mentioned places was completed last winter. The ties have been laid along the new line and a big gang of men will be put to work. Those already state that trains will be running over the cutoff within 30 days. It is only one of a series of changes made in the O. R. & N. line to shorten and shorten the distance between the line through this section.

ARTISANS HAVE A SOCIAL.

WHEAT CROP IS DAMAGED

HEAVY LOSS REPORTED FROM NORTH OF PENDLETON.

Estimate Must Be Made With Some Care Before a Total Can Be Given.

It will require a careful examination, each farmer for himself, to disclose the damage done to the wheat crop of Umatilla county by the freezing weather of the nights of Tuesday and Friday, June 4 and 7, and the mornings following. The difference in yield will be noted also in the harvest returns. There are reports of heavy damage to the fields through a stretch of country east and west 15 to 20 miles north of Pendleton.

Conditions have changed in Umatilla county during the past seven years. Joe Hanson remarked to a reporter the other day: 'A few years ago, when farmers were behind with their payments, being in debt and anxious to borrow, it was a difficult matter to get information regarding crops. Farmers would bring in the best samples they could find in their fields to show to the exporters and money lenders, so they could get an advance. Now it is different. Farmers are in good circumstances and are willing to give full and true information regarding crops.'

W. P. Temple, of the firm of Temple & Wilson, has about 1250 acres of wheat seven miles north of Pendleton. He visited the land on Sunday and went on five miles further north. After paying close attention to the fields through that section he is of the opinion that the damage there has been very slight, if any.

PRICE OF STRAWBERRIES

The Cold Weather Has Caused a Bull Market. Strawberries have advanced in price in the local market on account of cold weather, and the indications are that there will be no cheap berries this year. Up to the end of June 7, strawberries were selling for as low as four boxes for a quarter. Today they are worth three boxes for a quarter, or \$1.75 per crate of 24 boxes. Careful inquiry concerning the strawberry crop situation in this city and at distances and Hood River leads to the belief that strawberries will not sell this year at less than \$1.35 to \$1.40 per crate, and not that low unless warm weather should come soon to give assistance to the backward berries. In 1898 strawberries sold in the Pendleton market as low as seven boxes for 25 cents, but that situation will not recur this year.

GRADING OF WEBB STREET

A Force of Sixteen Men Raising W. & C. R. Track. A force of 16 men, with W. A. Siddons as foreman, is at work raising the W. & C. R. track on East Webb street to conform to the grade established by the city engineer. The track has already been raised at the two ends of four blocks and placed on grade. It had to be raised as much as nine inches in some places. New ties are being substituted for the old ones. This will be kept up until the track for the entire length of Webb street has been fixed. Much surfacing is also being done. This work is in addition to that being done by Smith Brothers, who have the contract from the city for grading and graveling Webb on a contract that will amount to something like \$1500.

CRONIN PITCHED WINNING BALL.

Roy Fenland Caught Him in Helix 8 Adams 5, Game on Saturday. At Adams on Saturday, the Helix team played the Adams ball team, the score being Helix 8, Adams 5. Bob Cronin, of Pendleton, pitched for the Helix men and was caught by Roy Fenland, a younger brother of the two Fenlands who are in the Pendleton amateur league team. Frank Lienallen caught, Blood being in the box during a part of the game. The runs came three in the first, one in the second, one in the fourth for Adams, and one in second, two in the third, one in the fourth, two in the fifth, one in the seventh and one in the ninth for Helix. Earl Saunders umpired the game. Cronin struck out 12 men, Lienallen 5, Blood 3.

La Grande Defeats Baker City.

Baker City, June 10.—Baker City and La Grande ball teams played a very exciting game this afternoon. La Grande winning by a score of 5 to 4. Up to the eighth inning the score stood 2 to 2. In that inning came made two. In the ninth Baker became rattled and lost one by rank errors. A large crowd witnessed the game.

Baseball Team Left This Morning.

Manager M. A. Kader left this morning with his baseball club for Heppner, where a game will be played on Tuesday, June 11, the opening athletic event for the Bremen's tournament. The club is composed of the following: Cox, Chandler, Claude and Clarence Penland, Barlow, Fletcher, Dupuis, R. Brown, Saunders, and Captain Hartman. Ulrich could not get off for this game, and Meach, who painting at Sloan's, on McKay creek, did not get here. He intended to come in Sunday evening and go with the others, but there was a slip in the arrangements somewhere. Allen Slesher and Robert Starkweather accompanied the team. Jim Welch expects to leave on the train tonight to attend the tournament, but will not arrive in time for the baseball game.

Baseball at Pilot Rock.

A party of Pendleton boys and young men went to Pilot Rock on Sunday, June 9, and essayed the difficult feat of winning a game of baseball from the team there. They were not successful, the final figures being 2 to 8. The Pilot Rock players were called the Aloha Dipsodoles, while the Pendleton boys were called Metropolitan Gazabers. Two umpires were used, Alfred Heuphill, of Pilot Rock, looking after the baseball decisions, while Wes Noble, of Pendleton, called balls and strikes. The Pendleton boys are of the opinion that they suffered on account of a number of erroneous base decisions, and are anxious to play the deperados another game. The manner in which the visitors were treated before and after the game

wiped out the sting of defeat. The cuisine of the hotel captivated every player and outsider. Tom Scott said: 'You can't say too much about those double-decked soda biscuits, fresh butter, choice coffee, and the other delicacies on the table.' The Pendleton boys were overmatched in size, and don't feel particularly worried over the defeat. Pete Marsh pitched for Pilot Rock, and apparently he has not forgotten his Weston training.

WESTON COMMENCEMENT.

What the Week Will Bring to the Normal School. The Eastern Oregon state normal school at Weston has begun commencement week with a baccalaureate sermon on Sunday by the Rev. J. A. Beattie, president of the institution. This evening a musical and operetta will be given. The program will be: Piano duet—"Bucphale Galop," Michoux, Misses Merle Beattie and Grace Probstel. Chorus—"Faithful and True," Lohengrin. Reading—"The Famine," Bertha E. Long. Piano solo—"Mourning Zephyrs," Niemann-Jensen, Merle M. Beattie. Vocal duet—"Maying," Miss Markle and W. R. Scott. Operetta—"Rose of Savoy," Bordese. Characters: Catarina (prima donna), Maude Harkleroad. -Jacqueline (a Savoyard flower girl) -Daisy Lambdin. Miss Chippins (a milliner and dressmaker) Grace Probstel. Chorus—Sopranos—Bertha Long, Ona Marsh, Maude Swaggart, Merle M. Beattie; altos—Lavinia Simpson, Anna Hargreaves, Sylvia Beattie, Mary McKinnon. Scene—The workshop of Miss Chippins' shop, New York. The time is after sunset.

He Kept His Leg.

Twelve years ago J. W. Sullivan, of Hartford, Conn., scratched his leg with a rusty wire. Inflammation and blood poisoning set in. For two years he suffered intensely. Then the best doctors urged amputation, but he writes, 'I used one bottle of Electric Bitters and 1 1/2 boxes of Bucklen's Arnica Salve and my leg was sound and well as ever.' For eruptions, eczema, tetter, salt rheum, sores and all blood disorders Electric Bitters has no rival on earth. Try them. Tallman & Co.

REPPNER SALES AND SHIPMENTS.

Storage is Crowded With Wool—Some Stock Moving. The Gazette says: Storage quarters in this city are already becoming crowded, while there is a large amount of wool yet to be brought in. During the week prices have been about stationary at from 7c to 10 1/2c per pound in this market.

On the 29th ult., E. L. Clark made a shipment of 20 cars of sheep.

D. W. Ringer of St. Paul, Minn., will ship a 17 car lot of sheep tomorrow. They will stop in Montana to feed.

Davis & McDonald, the Illinois buyers will ship six carloads of horses tomorrow.

Mattick & Keeney are now rounding up another lot of horses which they will ship about the 10th of this month to South Omaha.

Laurance Sweek of Monument this week sold 20,000 pounds of wool at 10 1/2c per pound.

Sam Wilkinson is up from the Dallas receiving wool. He has purchased the Thos. Quaid a lot of 30,000 pounds.

A Successful Excursion.

The excursion on Sunday, June 9, under the auspices of William Martin encampment, No. 1, Pioneers of the Pacific, was a success in every particular. Nearly 200 availed themselves of the opportunity for an outing and all enjoyed themselves. Quite a number spent a portion of the time fishing, with different degrees of success. A baseball game with young ladies on one side and young gentlemen on the other, was the center of attraction while it lasted. Several of the ladies gave evidence of skill in that line of athletics. The train left Pendleton for Bingham at 8:30 a. m. and returned at 7:30 p. m.

Can't Beat Martin's prices on groceries and you can't find a nicer cleaner stock of groceries to select from.

You can't beat Martin's prices on groceries and you can't find a nicer cleaner stock of groceries to select from. He has now in stock a special line of fancy cheese including imported Limberger. Try some of the kippered herring and smoked white fish that he has received from the East. Remember the bakery department of Martin's store is the best in the city.

Dyspeptics cannot be long lived, because to live requires nourishment. Food is not nourishing till it is digested. A disordered stomach cannot digest food; it must have assistance. Kodol Dyspepsia Cure digests all kinds of food without aid from the stomach, allowing it to rest and regain its natural functions. Its elements are exactly the same as the natural digestive fluids and it simply can't help but do you good. Tallman & Co.

Eczema, salt rheum, tetter, chaling, lvy poisoning and all skin troubles are quickly cured by DeWitt's Witch Hazel Salve. The certain life cure. Tallman & Co.

UPPER COLUMBIA FISHING

The Fishermen's Union Prays That it Be Stopped.

Astoria, June 10.—The committee appointed by the Columbia River Fishermen's Protective Union to circulate a petition requesting the state fish commission to prohibit salmon fishing in the Upper Columbia river, is meeting with unexpected success. Nearly every business man and taxpayer in this vicinity have signed. In support of the petition, the promoters assert that the bill passed at the last session of the legislature, but which was killed by shrewd manipulation, prohibited fishing above tide water, so the commission in granting the request will be acting strictly in accordance with the law. The majority of the legislature intended should be enforced. The petition will be presented at the meeting of the commission in July. It reads as follows:

The Petition.

"Hon. Board of Fish Commissioners of the State of Oregon Gentlemen: 'We, the undersigned citizens of the state of Oregon, most respectfully petition you to close the Columbia river against salmon fishing above the lower Cascades under authority of section 45 of the act of the legislative assembly of the state of Oregon, filed with the secretary of state February 25, 1901.

'We urge upon you the closing of the above portion of the river in the interest of the salmon fishing industry, and assign the following reasons, in support thereof:

'First—The river above the cascades is the salmon's natural spawning ground and the indiscriminate catching of salmon therein is destroying the artificial propagation of salmon.

'Second—The river at the cascades is so narrow and the gear used along the river there is so destructive that the salmon have no chance of escape and most all salmon ascending the river are caught before reaching the natural spawning grounds.

'For like reasons fishing for salmon has been prohibited above tide water on the Fraser river in British Columbia.'

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system by entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by all druggists, price 75c per bottle. Hall's Family Pills are the best.
