PENDLETON, UMATILLA COUNTY, OREGON, FRIDAY, JUNE 14, 1901.

GENERAL NEWS.

In Chicago Mrs. George Pullman
filed a suit for divorce from her hus-
band on the ground of desertion.

Reports of troubles with the Indians
near Fort Washakie, Wyo., are un-
founded. The report of the killing of
an Indian boy by a white sheepherder
is false.

The Hartford, Conn., Nutmeg
Athletic club has offered a purse of
\$10,000 for a battle between Terry Mc-
Govern and Dave Sullivan July 4.
McGovern says he is willing to accept.

It is now apparent that the powers
will group themselves together for the
purpose of issuing bonds for the in-
demnity. The opposition of America
to the proposed interest guaranty has
not been overcome.

Senator Foster saw the president
with regard to the United States
marshals of Washington. The
term of the present incumbent, Mar-
shal Ide, expires on July 1, and
Charles B. Hopkins, of Spokane, is to
be appointed as his successor.

The Portland Evening Telegram's
Pan-American party arrived in Buffalo
Wednesday night all well and happy.
There was not a hitch in the arrange-
ments, and there was exceptional com-
fort on the entire trip. The party
speaks most complementarily of the
Telegram's enterprise.

The Iron Age says: Our blast furnace
returns show that during May produc-
tion increased from 301,125 tons per
week to 314,505 tons per week, carry-
ing it far beyond any previous record.
Stocks of coke and anthracite iron
have declined further from 363,251 tons
May 1, to 333,813 tons June 1, thus
proving that consumption is still enor-
mous.

Lieutenant-Commander B. F.
Tilley, U. S. N., governor of the
American part of the Samoan islands,
was assaulted and robbed by two un-
known men in San Francisco. He ar-
rived from Pango Pango Tuesday and
registered at the Occidental hotel. He
started out for a stroll, intending to
view the water front. When in an un-
familiar part of the city, he was passed
by two men, who turned suddenly and
seized him from behind. They took
his watch and money.

Trolley cars built in this country
will soon go whirling and clanging
from Athens to Piræus in modern
Greece. The contract for constructing
the line has been let. In a general
way the cars will resemble those used
in Brooklyn. The electric boom has
struck Greece so forcibly that electric
light plants are now being manufac-
tured in the United States to illumina-
te Calamata, Lyra and Patras, the
latter the most important seaport in
the kingdom, and the export point for
large shipments of currants.

State Superintendent Ackerman
is enthusiastic in the belief that a proper
effort would bring the National Educa-
tional Association to Portland next
year.

Mayor Rowe, of Portland, sold some
of the surplus livestock at the City
Park to an attaché of Norris & Rowe's
trained animal show. One female elk
brought \$25, and two seals were sold
at \$5 each.

The Paraffine Oil company have their
machinery on the ground at Snake
river and will commence drilling for
oil Monday. Surveyor Milliken is at
work. The contract for drilling is for
a depth of 600 feet with an option for
a greater depth.

Judd Geer, commissioner of the fifth
district, which comprises the Grand
Ronde and Eagle valleys, writes that
heavy frosts on the night of June 4
have decreased the estimated average
of crop in no small degree and for the
purpose of gaining more definite knowl-
edge of the exact condition Mr. Geer
started out on a tour of inspection
through Eagle valley. He will send in
a more complete report upon his re-
turn from the trip.

Many of the teachers of St. Helen's
hall will return next year. Miss Cur-
tain, from Columbia college, who has
had charge of the intermediate de-
partment, will be transferred to
science, in the place of Miss Vale, who
intends to take a trip abroad. The
music department next year will be
in charge of Miss Hering, who has
finished her leave of absence, having
spent several months in renewed study
of the Virgil Clavier system.

"Is your mamma cross? Mine is
awful cross! Does your mamma say
'Hush!' when you laugh or make a
little bit of a noise? My mamma does.
She has nerves, papa says."
The mother who overheard this ac-
count of herself would feel heart-broken
to think of the shadowy way her mis-
ery on those she loved. Yet her condition is
real. Her nerves are strained to the
point of torture. Lack of appetite and
loss of sleep increase her weakness.

Such a condition may, in general be
traced to disease of the delicate womanly
organism, a cure for which is found in
the use of Dr. Pierce's Favorite Pre-
scription. It establishes regularity, heals
inflammation and ulceration and cures
female weakness. It tranquilizes the
nerves, encourages the appetite and in-
duces refreshing sleep.

"I had been a constant sufferer from uterine
disease for five years," writes Mrs. J. A. Moore,
of Yankee Dam, Clay Co., West Virginia, "and
for six months previous to taking your medicine
I was not out of my room. Could not walk or
stand, as there was such pain and drawing in
left side and bearing-down weight in region of
uterus, accompanied with soreness. I suffered
constantly with headache, pain in back, short-
ness of breath and chest, and could not sleep nor
lie down. When I had taken three bottles of
the medicine the periods were regulated, I
was not so nervous, could sleep well, and the
pain in side and bearing down had vanished.
My health is better at this time than it has been
in five years."

CARNIVAL OF CRIME AND ACCIDENTS

Jack, the Ripper, Appears at
Jacksonville, Fla.

FIVE NEGRO DESPERADOES HANGED
Drum Court-Martial in Shreveport—Fire in
Indiana—Factory Horror in France—Four
Killed in Michigan—Russian Disasters.

Jacksonville, Fla., June 14.—A mur-
der similar to those of Jack the Ripper
was brought to light here last night
when the nude, lifeless body of Susan
Battles was discovered under a house
in the suburbs. She had been killed
by blows on the head and knife
thrusts. The nude body had been
strongly tied in a compact mass, the
knees almost touching the chin, put
in a grain sack and placed under the
house. The police are looking for
Willie Madden.

FIVE NEGROES HANGED

A Quintet of Desperadoes Pay the
Penalty for Murder.
Sylvania, Ga., June 14.—Arnold
Augustus, Andrew Davis, Bill Hudson,
Sam Baldwin and Richard Sanders,
negroes, were hanged from a scaffold
here this afternoon for murdering Con-
stable Milton Meers, and Filmore Har-
rington, whites who had gone to arrest
a member of the gang of colored des-
peradoes to which the quintet belonged.
A scaffold with five trap doors was
erected just outside the town. The execu-
tion was witnessed by seven thou-
sand people. A company of militia was
present, as it was rumored that an
attempt would be made to lynch the
negroes. The condemned men were
taunted and jibed at, but no violence
was offered.

TO PROTECT THE NEGROES

Shreveport Trouble to Be Averted by
Governor Heard.
Shreveport, June 14.—Governor
Heard has wired the sheriffs at Caddo
and Rossier recommending that every
precaution be taken against violence
to the negroes who are threatened with
lynching on account of the Foster mur-
der. He stands ready to aid them with
all the state's power. Sentiment here
has altered and the people are fully
determined to wait for Edward's cap-
ture, and then hold a drumhead court
martial.

ANOTHER RUSSIAN NIHILIST

Attempts to Kill Malinowski, a Vice-
Director.
St. Petersburg, June 14.—An attempt
was made on the life of M. Malinowski,
vice director of the medical de-
partment of the minister of the in-
terior, this morning. He was attacked
by a man who made repeated attempts
to plunge a dagger into him. Malinowski
escaped with slight injuries. The
assailant is a supposed nihilist
and was arrested.

Twelve Russian Lives Lost.

St. Petersburg, June 14.—Twelve
lives were lost in a fire at the naval
construction works on the island of
Guicoree today. A partially built
cruiser and a quantity of naval and
military stores were destroyed. The
loss is two million roubles.

A FAMOUS HOTEL BURNED

West Baden Springs, Indiana, Has a
Disastrous Holocaust.
Orleans, Ind., June 14.—The West
Baden Springs hotel, one of the most
famous health resorts in the west, was
destroyed by fire at an early hour this
morning. Over two hundred guests
were in the hotel and all of them lost
nearly their entire effects. The loss is
estimated at half a million dollars.
The fire, which was caused, it is be-
lieved, by an overheated range, was
discovered early and the guests quickly
aroused, but the flames had spread so
rapidly that they were unable to
gather up their effects. They were
driven in panic from the hotel by the
rapidly spreading flames, some making
their escape in night gowns. Several
were painfully injured by jumping
from the windows. A few were severely
burned, and others were badly
bruised in the rush to escape. The
majority found refuge in French Lick
Springs, a mile away. Alarming re-
ports spread about loss of life, but
everybody who was in the hotel when
the fire started has been accounted for.

Fears Lives Were Lost.

Bedford, Indiana, June 14.—A man
has just arrived from West Baden and
says that the greatest confusion reigned
about the hotel and there are fears
that some lives were lost.

FOUR CELEBRITIES KILLED

Train Struck Carriage in Michigan and
Occupants Met Death.
Flint, Mich., June 14.—A carriage
containing Maj. Geo. Buckingham,
his daughter Anna, Mrs. Thomas Ap-
piegate and Mrs. General Humphreys
was struck by a train at a crossing this
morning, and all four were killed.

15 Killed, 20 Injured.

Paris, June 14.—Fifteen were killed
and a score were injured by an explo-
sion in a cartridge factory at Les
Moulineux. The majority of the victims
were women.

Trunks and limbs of bodies were
hurled into the air with the debris of
the building. Many persons are still
missing. Fifteen hundred persons
worked in the factory. The list of
fatalities would doubtless have been
much heavier were it not for the fact
that the explosion occurred at lunch
time after many employees had left
the building.

Steps are being taken to compel
Great Britain to do justice to German
stockholders in Transvaal railroads.

insurgent leader, now announces his
willingness to surrender one hundred
rifles tomorrow and three hundred
three days later. The killing of three
officers in the recent skirmish at

were American deserters in the in-
surgent ranks. Colonel Bolanos, with
five officers and 41 rifles, has surren-
dered at Lipa.

BRATTON-COLTON WEDDING

Whitman College Instructor Weds at
Walla Walla.
Walla Walla, June 14.—Last evening,
at St. Paul's church, Prof. Walter
A. Bratton and Miss Clarice Winship
Colton were united in marriage. The
ceremony was performed by Rev.
Andrew Bard, assisted by Rev. Austin
Rice, pastor of the Congregational
church.

The church was beautifully decorated
in pink and green, roses entwined in
trailing vines and banded against
terms, producing a very pleasing effect.
Prof. S. Harrison Lovewell presided
at the organ. At 7:30 o'clock Rev.
Andrew Bard, rector of St. Paul's,
and Rev. Austin Rice, pastor of the
Congregational church, followed by
the groom and the best man, Prof.
Otto A. Hauser, took their place
at the altar while the bride party
advanced to the sweet strains of Meyer-
beer's "Schiller" march.

The bride was beautifully attired in
white crepe de chine with lace and
chiffon trimming. She wore a tulle
veil held in place with orange blossoms
and carried a bouquet of white bride
roses.

The bride was led to the altar by
President S. B. L. Penrose of Whitman
college. The maid of honor was Miss
Emma Davenport of Colfax, who was
dressed in pale green silk suit. The
bridesmaids, Miss Janice and Miss
Lucile Janice, wore pink silk suit
and carried pink sweet peas.

The impressive and beautiful cere-
mony was performed by Rev. Bard,
assisted by the Rev. Rice. The bridal
party receded to the triumphant
tones of Mendelssohn's wedding
march.

Thursday afternoon fire broke out in
the Vendome hotel, at Nampa, Idaho,
originating from the flame of an oil
lamp, which caught in hanging articles
in the millinery department of Mrs.
Sharar, whose stock is exhibited in the
hotel. The flame was quickly
quenched, but not until damage to the
extent of \$800 was done.

Such dare-devil performances as
were witnessed in Portland with buck-
ing bronchos are perhaps seldom seen
on the range, says the Telegram.
Manager Rowe, of Norris & Rowe's
trained animal show, was so enthused
by this performance that he made an
offer to the performers to become a
permanent part of his show.

A Profusion of Artistic Elegance

Illuminates our crockery display, a sight
of which delights the eye, quickens the
fancy and refreshes the mind. Our de-
signs on china beat those of the European
powers. They come in tea, dinner and
salad sets, rivaling romantic landscapes
in picturesqueness. Those beautiful cut
glass novelties, too, are worth a descrip-
tion in verse. We only ask a peep, the
ware will do the rest.

A WALLA WALLA BOY WOULD BE A MURDERER

Shoots a Young Girl and Her
Escort.

EFFIE HAWORTH, CHARLES M'CONNELL

These Were the Victims—He Had a Foolish
Notion of Unrequited Love and
Revenge Therefor.

Walla Walla, June 14.—Will Davis,
a bootblack, yesterday twice shot and
seriously wounded a former sweet-
heart, Effie Haworth, and wounded
Charles M'Connell, her escort. Jeal-
ousy and unrequited love were the
motives. There is talk of lynching.
The girl is about 17 years old, a
daughter of Mr. and Mrs. A. T.
Haworth, of North Fourth street. The
girl lived at her home with one bullet
lodged somewhere in her body and
another ghastly hole where a second
one passed through her left breast. She
is not necessarily fatally wounded, her
condition largely depending upon the
location of the bullet which probing
has failed to locate.

At about 5 o'clock in the afternoon
Miss Haworth and Charles M'Connell
were strolling up and down in front
of the girl's home near North Fourth
and Elm streets. It was not long be-
fore Davis appeared on the scene. He
saw the couple and called to M'Con-
nell that he wanted to speak to him.
The latter went up to him, and Davis
remarked something about M'Connell
"still keeping it up." Davis then said
he wanted "to talk with Effie for a few
minutes." M'Connell did not appear
to object, never thinking that Davis
had murder in his heart. The two
stood talking for about 10 minutes,
and all of a sudden Davis pulled a re-
volver—a cheap 22-calibre weapon—
from his pocket and pointed it at the
young woman. At first she was inclined
to treat his action as a joke, but be-
coming alarmed she started to turn
away. They were about 10 feet apart
by this time. Quick as a flash Davis
fired with effect and as the girl ran he
fired again, the bullet striking in the
back of his victim.

M'Connell quickly made a move to
grab the revolver, and Davis turned on
him, saying he would kill him, too.
Fortunately for M'Connell the
hammer failed to explode the car-
tridge, but the second bullet passed
through his left arm.

Davis, in the cell, has the appear-
ance of a hardened criminal. There
was no tremor as he spoke of the awful
deed which he had done, and he
alluded to himself as "crazy" with
quite the air one would assume when
saying he was a Christian. He did not
display the least compunction of con-
science, and rather appeared to be
fully satisfied with his work.
