# NERVOUS COULD NOT SLEEP.

When there is disease of the delicate

When there is disease of the delicate female organism, it is only a question of time until the general health becomes undermined. Nervousness, sleeplessness, loss of appetite and "sinking spells" produce suffering almost indescribable. There can be no restoration of the general health until the local health of the womanly organism is re-established.

Dr. Pience's Favorite Prescription establishes regularity, dries offensive drains, heals inflammation and ulcussition and cures female weakness. It encourages the appetite, tranquilizes the merves and induces refreshing sleep.
