Cleaver Bros. Dry Goods Co.

SAURDAY, JUNE 22, 1901.

CLOUD BURST ON THE O. R. & N.

Great Damage for a Distance of Ten Miles on Orange City Branch.
Walla Walla, June 21.—Oregon Railroad & Navigation Company report a heavy rain fell over the Snake river country between Walla Walla and Orange City. It was the first of a cloudburst near that station on the Orange City branch which washed out some spots and covered others with mud for a distance of 10 miles.

Bankers in Session.
The Board of Walla Walla, Oregon, June 22.—Fifty bankers met at the session of the Snake valley association in the absence of President Jacob Forth, of Seattle, Vice President Iyer, of Spokane, president.

C. TAYLOR, the Hardware Man.

FIVE PEOPLE ARE MISSING

EXTRAORDINARY DISAPPEARANCE OF FAMILY ENROUTE TO OREGON.

They Left Georgetown, Colorado, in May, 1900, and No Trace of Them Can Be Found.

One of the strangest disappearances ever recorded is that of the Kelley family, who left Georgetown, Colorado, by train in May, 1900, for Baker City, says the Democrat.

The family consisted of E. F. Kelley, his wife and three sons, aged respectively 19, 17, and 14 years. They had with their outfit three gray mares and one sorrel mare with a sorrel colt. Their two wagons were of Springfield, Mo., make.

About the 5th of June, 1900, the family camped about 25 miles west of Rawlins, Wyo., for several days on account of sickness of one of the boys. Since that time no trace whatever of their whereabouts has been discovered.

Two older boys of the family, Ray and Roy Kelley, remained at home at Georgetown, and as time passed and they received no letters from their parents they became alarmed and started instituting a search. In November last Ray Kelley arrived in Baker City after having traveled by bicycle over the direct route that the family would have traveled if they had continued on their journey.

After remaining in Baker City a few days, during which time he made diligent inquiry, he returned over the route he had come but to no purpose. Roy Kelley, the second son who left Georgetown when the family started over the plains to Oregon, arrived in Baker and called on the Democrat.

He said that he and his brother had never for a moment relaxed their efforts to discover the whereabouts of their parents and brothers from the first time they became alarmed regarding their safety. Being members of the I. O. O. F. and Woodmen of the World, they had enlisted the help of these orders in their search, and had received the assistance of nearly every paper in the inter-mountain region in giving publicity to the fact that information was desired, but no tidings have been forthcoming. What to do next he does not know, and he is about to give up in despair.

How a family of five people, all nearly of mature age, could so effectually disappear as if they had never existed, unless it be that they were murdered and their bodies cremated. Then it would seem that their effects, the wagons and horses, would be a sure means of detecting the murderer.

Certain it is that it is the most unaccountable disappearance ever heard of, and it looks as though it will ever remain so.

ARE COMING TO PENDLETON
The Baseball Team, the Band and a Big Crowd From Heppner.

The Heppner Times says: The train leaving here Wednesday morning, July 3, will carry the Heppner baseball nine, the symphony band and a score or more of other citizens, all bound for Pendleton where they will participate in the big celebration and baseball tournament to be held there on July 4, 5 and 6.

Heppner Gazette: The Heppner Symphony band has been engaged to play at the big Fourth of July celebration and baseball tournament which lasts for three days at Pendleton. This is proof that outside parties appreciate the fact that Heppner has a good band. Pendleton people can rest assured of being favored with good music.

LOCAL BASEBALL NOTES

Pendleton Team Goes to Athens Sunday Evening, June 23.

The Pendleton baseball team will leave for Athens on Sunday morning, June 23, at 8:15 to go up against the club there in the afternoon at 1:30. The game will be finished in time that all may return to Pendleton on the regular train. The Pendleton team will have a number of new men, who have never been seen in a Pendleton uniform, their ability being well known. The Fenland brothers will not play on account of it being Sunday. Chapler will not be in the game, as he is nursing a lame right arm. Meach will pitch and one of the new men catch. Cornell will probably play third base. Gilbert is another new man who has had considerable experience, and will probably be given a trial.

The Printers Will Go. In response to an invitation from L. A. Githens, postmaster at Athens, and manager of the second team there, the printers' nine will go up to Athens on Sunday morning on the same train that will carry the first nine. Immediately upon the arrival of the train at Athens, the printers will go to the baseball grounds, where the game will commence at about 10 o'clock a. m.

A reduced rate has been secured of 75 cents for the round trip to Athens Sunday.

The rate to La Grande on Sunday, June 30, will be \$2.50 for the round trip. The Pendleton delegation will leave on the early morning train and return the same night.

Robert Cronin, Clarence and Roy Penland left for Adams this morning where they will play with the Helix team against the Adams nine. These two teams have played two games this season with each other with a victory and a defeat for each. The game this afternoon will be a warm number.

Jim Welch has been elected manager of the clerk's baseball club. A game between the clerks and printers will be played in the near future. All that remains to the negotiations is to fix the date of the game.

The scoring mill club has challenged the printers semi-officially. The official challenge will be published later in the East Oregonian.

A TEAM OF FIVE SHOOTERS

Meeting of the Pendleton Sportsmen's Association Friday Night.

A meeting of the Pendleton Sportsmen's Association was held at 8 o'clock on Friday evening in the council rooms and an hour was pleasantly and profitably spent in discussing the tournament of the Sportsmen's Association of the Northwest which will be held at Walla Walla commencing on Tuesday, June 25 and continue all week. The association decided to send a team of five to the tournament as follows: H. J. Stillman, A. D. Stillman, J. M. Spence, C. J. Hamilton and F. W. Waite. These gentlemen are all in good practice and will be expected to bring back some of the gold medals, diamonds and coin offered by the association as prizes. Fred W. Waite was chosen captain of the team.

Sunday's Shooting Contest. A number of the members of the Pendleton Sportsmen's association will engage in a practice shoot on the grounds Sunday. It was expected that a delegation would be over from La Grande, but that is off, according to word brought by C. J. Hamilton. The La Grande boys asked to be excused from coming at this time owing to the fact that they have a little contest on there with a team from Elgin.

To Walla Walla Monday. The Pendleton team of shooters will leave for Walla Walla on Monday morning at 8:15. The first event on the program is at 9 o'clock on Tuesday morning but they want to go over and take a look at the traps and grounds so that things will not be too strange when the shooting commences.

LOSS FROM FIRE WAS \$300

A Lighted Firecracker Thrown by a Boy Was Expensive.

A fire alarm in the Mascot district, which is East Pendleton, was rung about 4 o'clock on Friday afternoon, June 21. The house cart of that company was taken to the scene quickly, the residence of Joseph Dupuis, on east Railroad street, being on fire. A long line of hose was laid and water was soon playing on the building. It was necessary to almost entirely destroy the roof before the fire could be extinguished, as the seat of the trouble was beneath the shingles, close to the main chimney. A large crowd congregated to watch the firemen work. Considerable damage was done in the upstairs rooms by the deluge of water to the paper on the wall and to the carpets and furniture, the total loss being estimated at \$300, insurance being carried on both building and furniture. It is said that the fire was caused by a small boy throwing a large lighted firecracker upon the roof of the building. After the explosion the firecracker continued to burn and smolder, until the fire was communicated to the roof.

COAL BED NEAR HEPPENER

The Work of Development Has Begun; Railroad May Be Built to Mines.

Twenty years ago coal was mined in Willow creek basin twenty miles south of Heppner. The coal was burned in Heppner and nearby ranches and even some of it was used in Pendleton. There was a big bed of it but for some reason the mines were not developed and the "find" was left neglected for years.

In the last few weeks a company of Heppnerites, headed by George Conser, of the First National bank of that town, has begun the work of development with promise of big returns. Mining machinery has been put in and an order taken for the first coal.

There is plenty of wood, water and grass all around the new coal mines, and it is a water-grade all the way to Heppner, and an easy matter to build a feeder railroad to connect with the O. R. & N. at Heppner.

C. E. Redfield, formerly of Pendleton, is one of the interested parties in the enterprise.

Kicked by a Horse.

Walla Walla, June 22.—A. M. Elam owner of the Peacock mills at Milton and an uncle of J. L. Elam, was kicked so badly by a horse Wednesday evening that very serious results are feared. A broken arm, broken ribs and internal injuries, the extent of which is not known are caused. Mr. Elam was evidently passing the horse when it kicked viciously, striking him on the left arm which was hanging at his side. Ever since the injury Mr. Elam has been vomiting constantly and this token of severe internal hurts is alarming his relatives.

DR. SANDEN'S BELT. Has no equal for the cure of Nervous and Physical Debility, Exhausted Vitality, Vari-cocole, Premature Decline, Loss of Memory, Wasting, etc. which has been brought about by early indiscretions or later excesses.
