H. S. Church, a grocer of Louisville, Kentucky, was found in his room fatally shot and his partner in the business, Emily Stewart, was found strangled to death in a closet. Church killed the woman and shot himself.

The first load of new Kansas wheat was marketed at Winfield, Kansas, Saturday. It was soft wheat, tested 62 pounds, and sold for 65 cents. The millers say that the wheat in Kansas will be better and the yield larger than for many years.

The will of the late Colis P. Huntington, of Southern Pacific fame, will not be contested. H. E. Huntington has given Princess Hastfeldt, Huntington's adopted daughter, an extra million from the great increase of the value of the estate since the death of the millionaire and all is serene.

The executive committee of the National Hospital for consumptives, located at Denver, held a meeting in Cincinnati Sunday. A donation of \$25,000 was reported from C. W. Guggenheim's sons, of New York, and \$5000 from Mr. Bradelder, of Louisville, Ky., to be applied to the building now in course of erection.

Recent events in Cape Colony seem to prove the Boer invasion of that country to be serious. A letter to the Daily Mail dated Cape Town, June 5, confirms the pro-Boer report, and says the invaders number anywhere from 7000 to 10,000, that they are swarming all over the eastern and midland districts and getting recruits and horses.

Gov. Geer has granted a full pardon to Charles A. Combs, who was sentenced to the penitentiary from Marion county in February, 1895, for a total of 16 years, two years each on two indictments for larceny and 12 years for a murderous assault on Sheriff John Knight, in which he participated with two others while he was confined in the county jail.

BAD BLOOD

Reveals itself in many ways. Sometimes the impurities in the blood mark the skin with blotches, pimples, boils or other eruptions. Sometimes the result of bad blood is rheumatism or a debilitated condition which is popularly described as "feeling played out, hardly able to drag myself around."

The impurities and poisons which corrupt the blood, clog the liver and cloud the eyes are removed by the use of Doctor Pierce's Golden Medical Discovery. It does more than eliminate the poisons; it increases the activity of the blood-making glands so that there is increased supply of pure, body-building blood. It brightens the eyes, cleanses the skin, and gives new physical energy.

Accept no substitute for Dr. Pierce's Golden Medical Discovery. "I thank God for the good your medicine has done me," writes Mr. James M. Sizemore, of Mitchell, Lawrence Co., Ind. "I was not well for two years. My throat was always sore, head aching, and when the fever left me I had such a pain in my left side I could not breathe without pain. I thought I must die. My wife sent me one of your bottles of Dr. Pierce's Golden Medical Discovery and a trial of his Pleasant Pellets cured me. I feel like a new man now. I can walk about the streets; I feel better each morning. After a month's use of the medicine I was well. That was over a year ago. Now I weigh 135 pounds and feel better than ever in my life. Dr. Pierce's Pleasant Pellets cure constipation."

OHIO REPUBLICANS IN CONVENTION ASSEMBLED.

Governor Nash Renominated by Acclamation.

MARK HANNA'S SLATE IS SMASHED

Platform Says There Would Be No Prosperity if There Were No Republican Party, No Gold Standard, No Tariff.

Columbus, O., June 25.—The republican state convention today renominated Governor Nash. The platform adopted by the convention declares there would be no prosperity, if there were no republican party, no gold standard, no Dingley tariff; reciprocity was boomed; a bigger navy demanded and legislation, such as will restore the merchant marine. The trust plank recognizes the right of both labor and capital to combine, but combinations which create monopolies to control the prices of products or of production are declared to be an evil which must be met by vigorous legislation. President McKinley's colonial policy was commended and Senator Foraker's Porto Rican bill was endorsed.

Hanna's Slate Broken. Carl Ripper, Hanna's candidate for Lieutenant Governor, was nominated on the first ballot. Hanna's slate was broken when Judge James Price was nominated for the supreme court judge, over Crew, the slate candidate.

THE TRUSTS ARRAIGNED

The Industrial Commission Will Make a Plain Talk to Congress.

Washington, June 25.—The trusts are to be arraigned before congress in a monograph to be addressed to that body by the industrial commission. The national legislative body will be told that the Sherman anti-trust law is wholly inadequate to deal with the growing combination of capital. In addition to the report of the commission as a body, several of the members will make individual reports and these will contain recommendations for constitutional amendments against the trusts.

BANK GETS INTO TROUBLE

Clearing House, Presidents Take Action and Prevents Failure.

New York, June 25.—The stock exchange this afternoon is filled with rumors of trouble in banking circles. The market became affected and declines occurred extending to one and two points. The clearing house presidents met this afternoon, but none could talk concerning the alleged affected bank, which, it was intimated, has succeeded in raising the large sum involved and thereby preventing its failure.

THE PLAGUE AT HONOLULU

Surgeon in Charge of Government Hospital Makes Report.

Washington, June 25.—General Shafter writes the war department from San Francisco that he has just received a report from the surgeon in charge of the government hospital at Honolulu that the plague had again broken out there and that four deaths had occurred between May 29 and June 9. The board of health had adopted strict measures of quarantine, isolation and disinfection.

Boxers Marching Again.

Tien Tsin, June 25.—Gen. Tung Fu Siang, a Chinese general, who has long been suspected of being a Boxer sympathizer, is marching on Tai Yen Fu, in the province of Shansi. The governor of Shansi has appealed to the foreign troops for assistance in repelling Tung's attack.

Boers Opposed British Advance.

Zeerust, Transvaal, June 25.—During General Methuen's recent march from Jacobsdal, in the Transvaal, to this place, his advance was resisted by a Boer force at Welgebloomspruit. The Boers were driven off with loss of 26 killed. A number of prisoners and stores were captured.

Big Fire Threatened.

Prince Condemned to Death.

Paris, June 25.—Liberte announces that Yukanthaer, the crown prince of Cambodia, has been condemned to death by a royal native tribunal for attempting to start a revolution.

THE FLOODED DISTRICTS

TROOPS ARE NEEDED TO KEEP IN RESTRAINT UNLAWFUL ELEMENT.

Losses of Life Very Much Less Than Was Stated in the First Reports Received.

Richfields, W. Va., June 25.—Food to prevent famine, troops to preserve order and to protect life and property are the greatest needs of the sufferers in the flood devastated district.

Destitution is present and some criticism of efforts to have West Virginia to care for her own, when the sympathetic world stands ready to give the needed relief, is heard. An outbreak among the negroes, who refuse to work or to help in measures to reach rescue and reconstruction, is feared, and whites are indignant and threaten drastic measures. Troops to quell the threatened eruption are needed. Forty-eight bodies have been recovered, some of whom have been identified, others will never be.

Reports from several districts estimate the dead as follows: Keystone, thirty; North Fork, six; between Vivian and Keystone, forty; on the tug Guyandotte and the bog of Sandy River, sixteen.

Some of the property losses, as estimated by the losers, are as follows: Railroad loss \$4,000,000; coal companies \$500,000; lumber companies, \$100,000 and individual losses \$500,000.

Loss of Life Very Small.

Ennis, W. Va., June 25.—A courier has arrived here from Keystone after a trip across the mountains. He says, from information obtainable when he left, the loss of life from the flood will not reach one hundred and will probably not exceed sixty, confirming latest estimates made yesterday.

WORLD'S GOLD OUTPUT.

Great Falling Off for Last Year on Account of War in South Africa.

The Engineering and Mining Journal publishes complete estimates of the gold output in the United States and in the world at large last year. The figures, \$18,435,562 for the United States, and \$255,954,654 for the world at large (compared with \$99,158,718 and \$311,505,948 in 1899), do not differ materially from the estimates of several months ago.

Regarding the world's output and Engineering and Mining Journal observes:

"The unfavorable result was due to the small contribution made by the Transvaal mines a few only of which were operated during the early months of the year. Deducting the Transvaal output from the grand total for 1899 and 1900 the statistics show an increase in the other gold producing countries of \$19,717,000. The largest gains were made by United States, Canada, Rhodesia and Brazil, while in Australia and China there were important decreases.

"In the case of the gold situation in 1900 was unprecedented. It has never before happened that the output of a great gold producing country has been suddenly cut off entirely, or almost entirely. The Transvaal, which produced \$78,070,761 in gold in 1899, was expected to yield over \$30,000,000 in 1900 and \$110,000,000 in 1900. The war broke out in October, 1899, and the total for that year was \$72,961,501, while in 1900 the only production was from the two mines which were operated by the government in the opening months of the year, and this work was stopped when the British armies reached Johannesburg. Instead of \$110,000,000 the Transvaal appears in our table for only \$7,208,809.

"The United States, which in 1899 ranked third among the great gold producing countries, in 1900 showed a substantial increase, which with the limitation of the Transvaal put it in first place in 1900. Australia dropped from first place to second place, while Canada took the third rank, though at a long interval, and Russia the fourth place. These four countries produced together 79.2 per cent of the total."

PROPERTY SWEEP

AWAY BY FIRE IN PORTLAND.

Started in a Livery Stable on the East Side.

THE LOSSES FOOT UP \$60,000

Wolf & Zwicker's Iron Works and the Standard Oil Tanks Narrowly Escape—Two Horses Burned to Death.

Portland, June 25.—Just after midnight \$60,000 worth of property was consumed by fire on the east side in this city. The Standard Oil tanks and Wolf & Zwicker's iron works narrowly escaped destruction. The fire started in a livery stable in which two horses were consumed, and spread to adjoining properties, taxing the energies and resources of the firemen to get it under control.

The heavier losses were as follows: James Shurman, buildings, \$35,000; Harlen & Orendorff, agricultural implements, \$20,000; Albee company, machinery, \$7000; Friedman, machinery, \$2000 and the French stable, \$2000.

A VALUABLE CANARY.

A Bird in Missouri That Sold for \$1300. "Missouri Dick," the canary bird that can whistle "Yankee Doodle," is to be returned to his old home at St. Joseph, Mo., his former owner, C. T. Donovan, having bought him back from L. M. Hodges, of Chicago, for \$1300. Mr. Hodges bought the bird a few weeks ago from Mr. Donovan for \$1200.

Last week Mr. Hodges received a letter from Dick's former owner offering \$1300 for the bird. Mr. Donovan said it was his intention to present the bird to the wife of President McKinley to gladden her sick room in Canton.

"I accepted the offer," says Mr. Hodges, "on that condition."

Fraud Order Issued. A fraud order has been issued against C. H. Rowan, Milwaukee, Wis., who has been having trouble with the post-office department for some time past, and he can use the mails no more. He advertised in various papers that he had a "sure cure for deafness." His game was to get patients to send \$3.50, with a full description of their case. When the fee was received, Rowan would write that the cure was so difficult that he could not guarantee a complete cure for less than \$15. When a victim sent the second fee he would send 2000 pills, which were to be taken at the rate of one a day "until patient is cured." Those who complained were informed that nothing more could be done for them until they had swallowed all the pills, which would have been in about five and one-half years.

George Wilson, whose true name is Simmonds, pleaded guilty in Portland to a charge of forgery which was brought against him by the grand jury, and was sentenced to three years in the penitentiary.
