SATURDAY, JUNE 29, 1901.

THE WEBB STREET CONTRACT

The Street Committee Took Summary Action on Thursday.

The street committee of the Pendleton city council took summary action on Thursday in regard to the grading and graveling of Webb street, which work was being done by G. A. and W. H. Smith. When the contract was awarded the papers were made out and signed by the Smiths. The street committee found that the work was not being done as they desired and that the contractors were not paying their men, so stopped the work, and advised for new bids in accordance with an advertisement which appears elsewhere in the East Oregonian. Webb street is to be graded and gravelled a distance of 25 blocks with enough streets included within those blocks to make a distance of two blocks more, or 27 blocks all told. Of that distance the blocks and streets have been graded and gravelled.

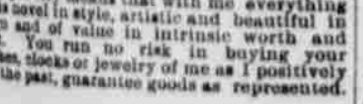

Seven Years in Bed.

"Will wonders ever cease?" inquire the friends of Mrs. L. Pease, of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, severe prostration and general debility; but, "Three bottles of Electric Bitters enabled me to walk," she writes, "and in three months I felt like a new person." Women suffering from headache, backache, nervousness, sleeplessness, melancholy, faintness and dizzy spells will find it a precious blessing. Try it. Satisfaction is guaranteed. Only 50c. Tallman & Co.

THOSE ARMY WORMS DIED

John Rothrock Killed Many of Them With a Rifle.

Two weeks ago there was an excitement amounting almost to a scare for fear that the army worms were going to do great damage to the crops north of Pendleton. At that time W. M. Scott informed a reporter of the East Oregonian that there were millions of

Quality

T. C. TAYLOR, the Hardware Man.

LEASING OF PUBLIC RANGE

Douglas Belts, of Pilot Rock, Expresses His Opinion.

Douglas Belts, of Pilot Rock, president of the Umatilla County Sheepmen's Association, was a visitor in Pendleton today. In a conversation upon ranges, sheep, and kindred topics, Mr. Belts expressed himself plainly. "The ranges are undoubtedly overstocked," he said, "and this will eventually result in driving some of a topic of national importance that Mr. Belts referred to when he stated that the more he had studied the question the better he thought of the policy of leasing the public lands for grazing purposes. His principal reason for this, in brief, was as follows: 'Many people rush into the stock business without any idea of the amount of range necessary to support their cattle, horses or sheep, as the case may be. The result is that they have not enough range of their own and they have to encroach upon the ranges of others or drive their stock upon the government lands. The crowding of the government ranges, where there is no well-defined line as to ownership, leads to trouble. If the stockmen had to lease enough government land to accommodate their stock, they would not have more cattle, horses or sheep than they could afford to keep. There is plenty of winter range in this stock section, but not enough summer range. The pasturing of stock early in the spring upon summer ranges is where the most damage is done. The growing grass is eaten off close to the ground and the range is practically ruined in a short time.'

Cattlemen Versus Sheepmen.

Mr. Belts desired to call attention to a communication he had received from Charles Vinson, of Ukiah, secretary of the Cattlemen's Association. The letter was written on June 24 and mailed at Ukiah June 25, asking Mr. Belts to appoint a committee of sheepmen to be at Alba on Wednesday, June 26, to a committee of cattlemen at that time and place would commence to blaze the line of demarcation on the east side of the Camas valley separating the lands owned by farmers and cattlemen from the sheep ranges, and across which neither side must go. Mr. Belts says the letter reached Pilot Rock about 2 o'clock on Tuesday afternoon, June 25, and that he named the following: Herbert Boylen, of Pilot Rock; Tom Edwards, of Bear Creek; Kenneth Warner, of Stanley creek.

SUNDAY CHURCH NOTICES

Sunday School Review at the Presbyterian Church.

Church of the Redeemer—Divine service tomorrow at hours as follows: Early celebration of the Holy Communion at 7:30 a. m. Sunday school at 10 a. m. Morning prayer and sermon at 11 a. m. Evening prayer and address at 8 p. m. The offering at the evening service will be divided among the boys of the vested choir.

St. Mary's church—Low mass, 8 a. m.; high mass, 10:30 a. m.; Sunday school, 3 p. m.; rosary and benediction, 7:30 p. m.

First Presbyterian church—At 11 a. m., a review of the last quarter's Sunday school work, by the pastor; 8 p. m., "The Closed Door." All members of the regular Sunday school and of the home class are specially invited to the morning service. Robert J. Diven, pastor.

Baptist church—Rev. W. R. King, the pastor, will preach at 11 a. m. and at 8 p. m.

"Was Christ Raised from the Dead?" will be the subject tomorrow evening at the Church of Christ (Congregational building). Invidious, skeptics, deists, etc., especially invited. The presence of every member of the church is very much desired at each of the services. R. A. Copple

TO STAMP OUT SHEEP SCAB

Agricultural Department Has Again Taken Up the Work.

The bureau of animal industries of the department of agriculture will this summer continue its effort to stamp out the sheep scab, which has proven such a terror to sheepowners in every part of the West. Special agents of the bureau have been sent into every sheep raising state, where they are working along the lines of the railroads. Aside from recommending remedies to the sheepowners, these agents are cautioning them against allowing infected animals to mix with the herds. They are also throwing out precautions to prevent the transportation of infected animals from one point to another, hoping in this way to prevent the further spread of the disease. It is said the disease can effectively be stamped out in time, if the sheepmen will but co-operate and use their best efforts in this direction. No reports have been had indicating the progress or success this season.

CLERKS VERSUS PRINTERS

Baseball Game at 2:30 on Local Grounds Sunday, June 30.

There will be a game of baseball on the Alta street grounds on Sunday, June 30, at 2:30 o'clock, between the team of printers who defeated the barbers 29 to 11 two weeks ago, and a team of clerks from the different business houses, Jim Welch being the manager of the latter crowd. This game is already the talk of the town and great excitement prevails over their coming together. Pools are selling \$1000 to \$500 in favor of both sides. An admission of 15 cents will be charged and 10 cents to the grand stand. Ladies will be admitted free to game and grand stand and are cordially invited to grace the affair with their presence.

TWO BICYCLES RECOVERED

Marshal Heathman Combined Business With Pleasure at Walla Walla.

the other from Fred Taylor. Nothing is meant in this item to insinuate that the baseball players had anything to do with the theft of the wheels. It was merely a coincidence. That same night Mrs. J. C. Smith, of Adams, had her wheel stolen. On Monday morning, June 3, Mr. Roeder's wheel was recovered near Adams and returned to him. No trace could be found of the other two. Several days ago some emigrants, while camped along the placid Tumulum near Walla Walla, discovered two bicycles hid in the bushes and took them to Walla Walla and turned them over to Chief of Police Kauffman, who in turn gave them to Chief Heathman. Mr. Taylor had long since given up his bicycle as gone forever, and its return gave him as much pleasure as a stranded prodigal son in a foreign land would have at receiving money from home.

A TRIP THROUGH EASTERN OREGON.

Chief of Geological Department Will Accompany Congressmen Moody.

Representative Moody has just received a letter from Hon. F. H. Newell, chief hydrographer of the geological department at Washington, stating that he, with Gifford Pinchot, chief of the forestry bureau, will reach The Dalles about August 1, when they expect to join Mr. Moody on a drive through the semi-arid sections of Eastern Oregon. No itinerary will be fixed until the exact date of their arrival is known. However, the trip contemplated is from The Dalles to Prineville, thence via the headwaters of the Deschutes to Burns, Harney county, and, if time will permit, on through to Malheur county. Mr. Moody will make announcement of the order that the stockmen interested in pasturage on forest reserves and those interested in the reclamation of arid lands may have an opportunity to meet these gentlemen.

A Model Village.

It is rumored that a \$1,000,000 village will be founded in New York state, in connection with a large shoe factory. The prime movers being a couple of philanthropists who desire to make the lot of their employees happy. Anything that adds to happiness should be endorsed, and that is why Hostetter's Stomach Bitters, which cures diseases of the stomach, liver and bowels, has received the hearty endorsement of the American people and has a record of fifty years of cures to its credit. Use the Bitters for dyspepsia, indigestion, biliousness and constipation. It never fails to effect a speedy and permanent cure. It is also an excellent tonic. If you feel worn out and nervous, it is just what you need to build you up.

Little Difference.

Uncle Jerry Ardhedd had two neighbors, both of a somewhat controversial turn. One was a man who contended that nothing could be positively known that was not capable of absolute proof of a mathematical demonstration; the other was disposed to dogmatize about everything.

They met at his house one evening and a long argument on things theological and otherwise ensued between the two, with the customary result. Neither of the disputants succeeded in convincing the other, nor even in shaking his opinion.

"Well," said Uncle Jerry, drawing a long breath of relief after they had gone away, "there isn't very much difference, after all, between an agnostic and—a agnostic."

It was a new word, but seems one of legitimate coinage.—The Youth's Companion.

Red Men Attention.

The installation of officers for the coming term will occur Tuesday evening, July 2. All Red Men and Daughters of Pocahontas are urged to be present. A social session will follow the installation.

ROY W. RITNER, C. of R., Umatilla, No. 18.

PORTLAND'S WOMAN'S CLUB

Enters Upon Its Sixth Year in Excellent Financial Condition.

Portland, June 29.—The Woman's club installs officers this afternoon. The fifth year ends with a membership of 196, a gain of thirty-five new members. The financial condition makes an excellent showing, the treasury being better supplied with funds than ever before. This club was organized five years ago for the purpose of fostering friendly relations and to secure concert of action in intellectual, philanthropic and social activities. The home department has established a school of cookery, which has an enrollment of 120 girls. The library bill passed by the last legislature was the result of the study and work of the library department. Meetings held the second and fourth Fridays of each month have been addressed by prominent citizens and have proved a strong attraction. These meetings, discontinued for the summer, will be resumed in October, with nine departments, consisting of Shakespeare, home, parliamentary law, German, French, philanthropy, ancient and modern pottery, and the new departments, Browning and Oregon history.

DEATH OF SHERIFF LOCEY.

Prominent Official and Progressive Business Man—Wool Sales in Baker City.

Baker City, June 29.—At St. Elizabeth hospital in this city, Sheriff J. D. Locey of Malheur county died last evening. He was brought here three weeks ago for an operation for abscess on the spleen. The operation was performed and he failed to rally. Two years ago Sheriff Locey was operated on for the same trouble and gained temporary relief, but his ailment returned. He was one of the prominent officials of Eastern Oregon, and bore a splendid name for clean, honest administration of his public trust, and progressive business tact. He has been instrumental in much of the reclamation work for the arid lands of Malheur county, a prominent stock-grower, and, although 34 years of age, had made a career quite enviable. He was serving his second term as sheriff of Malheur county at the time of his death. The body will be shipped from this place to Ontario, the family home, this evening.

Baker City, June 29.—Within the past two days wool sales aggregating about 90,000 pounds have been made here, at the rate of 10 1/2 cents a pound. There is a slight increase of price paid for this commodity, and growers, while not having large quantities on hand, are hopeful of still further advances.

A suite of rooms in the East Oregonian building, hot and cold water, bathroom, for \$11 a month during the summer. Apply at the East Oregonian office.
