Cutting Wheat for Hay. Opinton Express by Rev. G. W. Rigby. This Morning. Rev. G. W. Rigby, who resides in Pendleton and has 1700 acres of growing wheat on the reservation between Pendleton and Thorn Hollow, was asked this morning regarding crop prospects. He said he conservatively estimated that his wheat would yield an average 20 bushels to the acre. He was standing near one of his 640-acre fields recently when W. J. Wilkinson and Jimmy Stammer, of Athena, drove up. They asked him what the field would yield per acre and he told them that he thought it would go about 20 bushels. They said it would go 40 bushels to the acre and would take a contract to cut it, straw and all, if it did not. Mr. Rigby will cut about 100 acres of the lightest of his wheat for hay this year, and is already at work at it. He has his alfalfa hay in the stack. Speaking about wheat for hay, Mr. Rigby said he believed he had made a mistake in past years that he didn't cut more for that purpose rather than go to the expense of harvesting. He said that when wheat is low in price more can frequently be netted from a field of wheat by cutting it for hay, than by threshing it for grain. This is exactly in line with the observations and opinions of others. Mr. Rigby will operate both a combine and headers this year.

PROGRAM FOR JULY FOURTH

EXERCISES AT THE PAVILION AFTER THE MORNING PARADE.

There Will Be a Double-Header Baseball Game in the Afternoon, Followed by Sports—Evening Parade.

Every preparation is now complete for the celebration of the Fourth at Pendleton. That this will be the greatest event that ever occurred in this valley is assured from the fact that everybody is coming. They are coming on trains, in wagons, on horseback, on foot, and were it not for the low stage of the water in the Umatilla at the present time, in boats might be added. And what a reception is in wait for them! Pendleton citizens lay abed nights studying how best to entertain the thousands who will be here to help them celebrate America's natal day. There will be parades, speeches, music and song, baseball, sports, dancing; there will be foot racing, bicycle racing, peanut racing, hurdle racing, hose racing; there will be a pyrotechnic display that will make old aurora bonoras look like thirty cents. And when the little firecrackers commence snapping and fizzing out as the giant cannon and big guns explode, there will be such a reverberation that the old revolutionary fathers will wake up to see that all the racket is coming. Pendleton people are glad this throng is coming. They will see one of the prettiest towns on the coast, with its stately mansions and pretty girls, its manly boys and gallant young men, the old pioneers and their venerable consorts, and many other interesting features, to say the least of the blanketed red man and Indian maidens.

The Morning Parade. The morning parade on July 4 will start below Webb on Main street at 10:30, so as to start the procession at 1 o'clock promptly. The line of march will be down Main to Water, up Water to Thompson, up Thompson to Court, down Court to the pavilion on Switzler's lot, two blocks below Main street.

Pavilion Exercises. The exercises at the pavilion will be as follows: "Star Spangled Banner," Pendleton brass band; reading Declaration of Independence, Mrs. Wm. Fitzgerald; "America," sung by audience, lead by Prof. R. S. Pond; oration, by Hon. C. M. Idleman, of Portland; music by band.

Double-Header Baseball Game. On the afternoon of July 4 there will be a double-header game of baseball for one price of admission. Promptly at 1:30 p. m. the procession will form near the corner of Court and Main streets, march up Main to Alta, down Alta to the baseball grounds, where Athena and Heppner will contest in the first game of the tournament. After that game, without any wait, the second game of the double header will take place, with Dayton and Pendleton as contestants.

Sports Follow Baseball. Lee W. Heid, chairman having charge of the sports, announces that promptly upon arrival of the crowd from the baseball game foot-racing, bicycle races, peanut races and hurdle races will commence, 5 o'clock p. m. being the hour set for these sports.

Dancing will be on at the pavilion from 2:30 to 3:30 p. m. Dancing in the evening will commence at 8:30 and continue until midnight.

There will be an illuminated parade in the evening. It will form at the court house and the line of march will be down Court to Main, up Main to O. R. & N. depot, where it will disband. Business floats and hundreds of bicycles will contribute to make this a big feature of the Fourth of July celebration.

Hose Race July 5. The hose race between teams from the different companies of the Pendleton fire department, will take place at 5 o'clock on the afternoon of July 5.

Baseball July 5 and 6. Following is the schedule for the four games of baseball on July 5 and 6: July 5, 10 o'clock a. m., Heppner vs. Dayton; 2 o'clock p. m., Pendleton vs. Athena. July 6, 10 o'clock a. m., Athena vs. Dayton; 2 o'clock p. m., Heppner vs. Pendleton.

Mr. Schwartz is looking for a location and thinks he can find nothing better than Canyon City. This city has felt the need of a tailoring establishment ever since the fire and we believe Mr. Schwartz will make no mistake in locating here.

With four such teams as Athena, Heppner, Dayton and Pendleton competing, the baseball tournament is almost sure to be a big success. Heppner is strengthening her team also. A Mr. Smith went through Pendleton on Friday evening on his way to Heppner, and will play with that team. Other outside players have been secured.

"Nerve Waste." One of the most helpful books on nerve weakness ever issued is that entitled "Nerve Waste" by Dr. Sawyer of San Francisco, now in its fifth thousand. This work of an experienced and reputable physician is in agreeable contrast to the vast mass of false seeling which prevails on this interesting subject. It abounds in carefully considered and practical advice, and has the two great merits of wisdom and sincerity. It is endorsed by both the religious and secular press. The Chicago Advance says: "A perusal of the book and the application of its principles will put health, hope and heart into thousands of lives that are now suffering through nervous impairment." The book is \$1.00 by mail postpaid.

One of the most interesting chapters—chapter 22, on Nervous and Nerve Tonics—has been printed separately as a sample chapter, and will be sent to any address for stamp by the publishers, THE PACIFIC PUBLISHING CO., Box 208, San Francisco.
