AN INCREASE OF BUSINESS

A Flattering Showing by Statistics of the Recorder's Office.

The recorder's office commenced operations on July 1, 1894, when the new law creating the office went into effect. From that time to the present the average bi-monthly receipts of the office have been \$344.49. Bi-monthly statements are rendered to the county clerk by the recorder. On March 1, 1901, another set of figures showing the fact that chattel mortgages have to be recorded. Previous to that date it was only necessary that they be filed in the office of the county clerk. The receipts at the recorder's office during March and April were \$693.70; for the months of May and June, \$539.15. During the months of May and June 540 instruments were filed for record, as follows: Deeds, 299; real estate mortgages, 71; chattel mortgages, 90; satisfactions of mortgage, 80.

A comparison of the figures showing the number of the office for the months of May and June since the office was created will be interesting, as showing a marked increase of business. For those two months in 1895 the receipts were \$388.65; for 1896, \$213.55; for 1897, \$436.70; for 1898, \$346.35; for 1899, \$300.00; for 1900, \$359.15.

GET READY FOR JULY FOURTH

Business Men Are Requested to Decorate Their Stores.

One more day, and then the Fourth, Pendleton will have a full quota of visitors, and right here it may well be to remind merchants, business men and residents to have their bunting and flags in readiness so that no delay be made in decorating public buildings, offices and private residences. Throw Old Glory to the breeze from every housepost, staff and window. Let every one strive to outdo his neighbor on this occasion, so as to make the Fourth of July, 1901, memorable to the people of Pendleton and the Umatilla valley.

An all wool flag 6x12 feet in size has been received by Postmaster C. E. Fell from the department at Washington, which will be used on this occasion for the first time. The post office has long needed a flag for decorative and patriotic purposes and this came in the nick of time in response to the request of Chief Clerk Walter Fell.

Jumped into the Water and Saved Four Persons From Drowning.

When a little girl, with a sand-pail in her hand, fell off the pier at South Beach, says the New York World, and was drowning, her aunt jumped in to save her. Then the girl's seven-year-old sister sprang in to save both, and, lastly, the grandmother of the children sprang in to rescue all three.

The four knew nothing about swimming. They could have lost their lives beyond question had it not been for the quick and presence of mind of Richard F. Flood, a politician, of Bayonne, N. J., who bravely jumped in and after a hard struggle saved all four.

Mrs. Susan Cassidy, of this city, took her daughter, Mrs. Maggie

ALIMONY NOT A DEBT.

Can't Be Discharged by Order in Bankruptcy Proceedings.

One of the opinions handed down by the supreme court of Illinois recently was one of particular interest in alimony judgments. The case was that of Alta I. Deen vs. Charles Bloomer. Contempt of court proceedings were brought against Bloomer in the circuit court of Merceus county for refusing its mandate to pay alimony to his divorced wife. The proceeding was sustained and an appeal taken to the appellate court of the second district, which reversed the finding of the lower court. The supreme court reverses the opinion of the appellate court and affirms that of the circuit court.

Among the many reasons set up by Bloomer for nonpayment of the judgment was the fact that he had been discharged in bankruptcy proceedings from the payment of alimony. Upon this point the court says:

"Alimony cannot be regarded as a debt owing from the husband to the wife, which may be discharged by an order in bankruptcy, whether the alimony accrues before or after the bankruptcy proceedings. The duty which the law imposes upon a husband and father to support his wife and children is not such a debt as is contemplated by the bankruptcy act. It is a special obligation as well as a pecuniary liability; it is founded upon public policy and is for the good of society."

MILLINERY NICE.

The Women Are Now to Adorn Their Head Gear With Mice.

Great cats! Here is a fashion that seems to take the "chess" ladies' hats are to be trimmed with mice. The mice are to be perched about in lifelike attitudes, with beady little artificial eyes that are designed to glisten and scintillate with every sunny ray. No doubt their dear little tails will be curled, too—perhaps into a semblance of their owner's initials. They are to look so natural, in fact, that ladies who are not familiar with the new fashion are expected to leap on chairs at sight of the mice trimmed hats and scream lustily. As for the cats, presumably they will follow the mice hat wearers about the street in patient groups, waiting the chance to get at the saucy enemy.

And if mice can be utilized as millinery adornments, why not rats, and moles, and June bugs and Jersey skeeters.
