Cooling Off.
The man who would sit on a cake of ice to cool off would be considered crazy. Yet it is a very common thing for a person heated by exercise to stand in a cool stream, just to cool off. This is the beginning of many a cough which ultimately involves the bronchial tract and the lungs.
For coughs in any stage there is no remedy so valuable as Dr. Pierce's Golden Medical Discovery. It cures deep-seated, obstinate coughs, bronchitis, bleeding of the lungs, and like conditions which if neglected or unskillfully treated terminate in consumption.
There is no alcohol in 'Golden Medical Discovery,' and it is entirely free from opium, cocaine and other narcotics. Accept no substitute for 'Golden Medical Discovery.' There is nothing 'just as good.'

Building Tumbled Down
Debris Caught Fire, Causing Great Disaster and One Death.
Grand Rapids, Mich., July 18.—A four story block occupied by Friedman & Co., wholesale drygoods, collapsed at 2 o'clock this morning and tumbled into the street. The great mass of debris caught fire and resulted in one of the most disastrous fires in the history of the city. Three adjoining business buildings were also destroyed. The fire lieutenant fell from the latter and will die from injuries. The loss is placed at half a million.
Much damage was done to a number of stores not touched by the fire, but which were flooded. Street car and telephone companies suffered heavily.

St. Petersburg, July 18.—Toistol is reported better today. It is now hoped he will recover.

EPWORTH LEAGUE IN CONVENTION

Gayly Decorated Streets Alive With Visiting Workers.
A ROYAL WELCOME GIVEN THEM
Addresses by Governor Gage and Distinguished Divines—Morning's Program Was of Purely Devotional Character.

San Francisco, July 18.—All last night and today a steady stream of Epworthers poured into the gayly decorated streets of the city. Except the belated excursionists from distant sections, all the delegates were present at the opening of the session this afternoon. At 11 o'clock this morning the Lord's supper was celebrated in the various churches. It was of a purely devotional character, no special effort being made to music or oratory. At 1:30 a business meeting of the presiding elders of the League officials opened the day's activities in Mechanic's pavilion. At the same hour a mission section held a conference.
At 2:30 Chairman Filben called the convention to order. After song service, addresses of welcome were made by Governor Gage and Mayor Phelan in behalf of state and city, Bishop J. W. Hamilton, San Francisco, Rev. J. C. Simmons of Woodland, in behalf of California Methodism. Responses were made by the visiting bishops. Evening services will be held at the pavilion, the Alhambra theatre and Metropolitan hall.

A Word of Welcome.
Bishop J. W. Hamilton, D. D., LL. D., delivered the following address:
Mechanic's pavilion, this afternoon:
Mr. President, Sisters and Brothers of the Epworth League.—I have been selected from the Methodist Episcopal church to speak a word of welcome to you for California. Pleasant as is the duty, it is a task of no small wisdom which has been assigned to me, for only a very large-hearted, large-minded, large-hearted, and large-minded and royal welcome will represent California.
If many things with which you have been familiar in your Eastern homes cannot be found amid the simplicity or rusticity of our homes, you will find ample magnificence in the wide open fields, majestic forests, inspiring canyons and transporting mountain ranges of California.
Before you go away, go and see where the mountains store up the waters in the snow which make the desert blossom, the corn and wheat and fruit to grow, wherever and wherever the irrigating waters flow.
This great commonwealth is no more only a great mining camp, whose uncertain legends brought border men, with prodigal characters from the First Points of New York, the Savana, the Diale of London and the Botany Bay of the South Seas to make up a population to be dreaded and feared. Nevertheless, there were taken out of the mines in the state last year nearly thirty millions of dollars. The Spaniards here first drove out the Indians, the Mexicans then expelled the Spaniards, the pioneers, the Mexicans, the first settlers, the pioneers, and the immigrants from the Eastern States, with immigrants from abroad, are fast taking the place of the first settlers.
California is not at the world's end, where it costs a fortune to get to it is more in the eye of all the people to west than any other political state east or west, north or south, the earth over.
With the Japanese stream and Alaskan current along our coast, the trade winds in from the southwest, and the mountains to hold back the storms from the east, we have the climate of both the temperate and torrid zones. California needs nothing so much today as the controlling influence of more righteous men and women. Now that you are all here, you can do nothing better for us than all to stay. What a crusade it would be for thirty thousand Christian young men and women to build their altars over against our worship of Mammon and the gold of this world. If you will think of it and stay, we will make your welcome life-long. It is more to be desired than gold.

Did Business With Local Customers' Funds—Carry Fraudulent Names.
St. Louis, Mo., July 18.—Sensational admissions have been made on the stand by Samuel A. Gaylord, senior member of the firm of Gaylord, Blossing & Co., which failed recently. Gaylord, who is one of the oldest stock brokers here, admitted at the hearing before Bankruptcy Referee Coles that the firm had been practically insolvent for two years, and had been doing business on funds secured from local customers. Mr. Gaylord also told of the employment of relatives' names and the use of an insane man's name in the accounts. At the time of the failure they were short \$150,000 in bonds and over 6000 shares of stock in New York. It was admitted that the failure was due to their own speculation, by which they had hoped to write out and pay off their indebtedness, estimated at nearly \$200,000.

On Trial for Killing His Sister.
Pittsfield, Mass., July 18.—The trial of Robt. Footsberg, accused of murdering his own sister, May, began today. The trial promises to be sensational. The defense contends that May was killed by her brother while the latter was firing at a burglar. The prosecution holds the killing followed a family quarrel.

Infernal Machine's Work.
New York, July 18.—While examining an infernal machine, which had been sent this afternoon, John Kletka, clerk of the board of public works, lost his right eye by the explosion of the machine. Rosenbloom, a fellow clerk, was arrested on suspicion of sending it.

RUSSELL GUILTY OF BIGAMY

Trial Highly Spectacular—Acted on Advice of Nevada Lawyer.
London, July 18.—Earl Russell pleaded guilty to the charge of bigamy and was sentenced to three months imprisonment.
The trial was highly spectacular as two hundred peers garbed in robes of their noble stations, walked into the gallery two by two. The red dias at one end of the gallery contained a golden chair surmounted by a crown, representing the throne. When the earl approached the bar, he made a low obeisance to the court, afterwards repeating the performance before the high chancellor. After the reading of the charges the earl's counsel asked that the indictment be quashed, but this was refused. The earl was then called upon to plead which he did. He admitted his guilt, but stated he acted upon the best legal advice obtainable in Nevada, and had no intention of defying the law, and received himself unreservedly in the hands of his peers. His first wife was present, but the proceedings did not appear to concern her.

OHIO BRYANITES ROUSED OVER REPUTATION OF KANSAS CITY PLATFORM.

Cleveland, O., July 18.—An official call of the Bryan democrats of Ohio has been issued. It is addressed to the 'Bryan democrats' of Ohio, and charges that the Ohio convention repudiated the two last democratic national platforms, and that the action of the convention was the result of a conspiracy, 'mapped out at the headquarters in New York.' The call concludes as follows: If the action of this convention is unrebuked, then it must be a rebuke to the democratic party, as such, has repudiated the principles enunciated in the Kansas City platform and has ratified and approved the course pursued by the republican party upon the money question. If the democratic party abandons the principles laid down in the platform of 1896 and 1900, then it may as well close its political career, for there is little else of importance to fight for.

SENSATIONAL ADMISSION.

CONCENTRATING AT WELLSVILLE

Trust People Will Make Effort to Resume There.
CONTENDING FORCES ARE WATCHFUL

Forty Mines Idle and 25,000 Men Out as Result of Firemen's Strike—Machinists Gain Concessions.
Pittsburg, July 18.—It is now apparent that the first determined effort of the steel trust to reopen will be made at Wellsville, Ohio. The journey of President Shaffer and other Amalgamated officials to Wellsville lends support to this belief. It is believed the trust will depend on non-union men to attempt resumption of work at the mill.
The mill at McKeesport will attempt resumption next week unless a settlement comes. Stormy time may be expected at Wellsville to McKeesport.
It is still hoped the mill at Duncanville, the only one controlled by the trust not now on strike, may close this afternoon, as workmen, according to President Shaffer, have decided to join the union.
Firemen's Strike.
Scranton, Pa., July 18.—The result of the stationary firemen's strike summed up this morning is that forty mines are idle and twenty thousand men are out of work. It is quite certain that many more collieries will be forced to suspend today. So far only half of the miners are idle, but the strikers are confident a majority of those working will be compelled to quit today.
Conferred With President.
Canton, July 18.—Senator Fairbanks and Attorney General Knox had a conference with McKesport today. The subject under discussion is not known.
Late this afternoon it is reported they are discussing the steel strike, and that Fairbanks and Knox, as corporation lawyers, were called here for the purpose of holding a council as to what is the best step for the president to take in regard to the strike.
Reinforcing Strikers.
Wilkesbarre, July 18.—Eight hundred firemen employed at the Maithe colliery of the Lehigh valley company joined the strikers today.
Concessions Granted Machinists.
Cincinnati, July 18.—A number of striking machinists went to work in two shops today. The men claim they gained concessions. There is now but one large concern in conflict with the strikers.
Federation of Labor Will Aid.
Washington, July 18.—President Gompers of the American Federation of Labor announced today that the whole power of the Federation would be lent to the Amalgamated association in its fight with the steel trust. 'We are going to stand by our comrades to the end,' he said. 'Our organizers are in the field and are empowered to speak and act for the American Federation of Labor.'

Trust Officials Have Nothing to Say.
New York, July 18.—The steel trust officials here have nothing to say today regarding the strike. Conferences on the question are still in order.

Chinatown Burned.
Hailey, Idaho, July 18.—Fire started in Hailey's Chinese quarter and the flames could not be checked until the entire Chinatown was burned down. The cause of the fire is unknown, but it is thought to have been incendiary in origin.

A whole block of small frame buildings, consisting of three Chinese stores, one laundry and several residences, were totally destroyed. It is thought some goods were saved; no insurance. Over 50 Chinese were rendered homeless.
