SAVES ENGLAND WILL WIN

W. S. Uren, who was in Boeriland, sympathizes with the British. W. S. Uren, of Oregon City, who spent Tuesday in Pendleton, and who went over on the evening train, was in the front rank of the British troops in the Boer war. He came to Oregon with the idea that the British were right in their position relative to the Boer controversy. He has no doubt that the Boer will eventually be completely defeated.

"I believe that there has come to me since my return from South Africa," said Mr. Uren, "indicate that the war is practically at an end, business is resuming its normal status, and success of British arms is in sight. The work of the British troops in the Boer war is to be commended. It is a pity that the average fair minded person visiting South Africa and looking into conditions with an unprejudiced eye, will come away with respect for England as the South African war. While it is not cited as a precedent, it is significant that one of the most earnestly an American in this country who is on the side of the Boer. Of course, this fact will weigh heavily with those of us who are patriots."

Initiative and Referendum. Mr. Uren has stood in the front rank of those who advocate the initiative and referendum in Oregon, and he has never lost his enthusiasm for his favorite theme. He believes that in the end it will in some form or other, embodying practically the ideas he has recently advanced, be adopted in this state. Although it is for him a work of pure patriotism, he nevertheless keeps faithfully at it, and is now spending some time in its promulgation. He has the names of a number of the most prominent Oregonians as subscribers to his theory, men of all ages and some of them carrying great weight in the affairs of the state.

A Peculiar Accident. The railroad men of this place report a peculiarly unfortunate accident that took place on the morning of the 22nd. A tramp who was riding the train on the Short Line last week, had his clothing become soiled on the back by a spark.

BIDDY BISHOP'S PROTEGE

IRWIN ARRIVES FROM HIS PORTLAND FIGHT.

He aspires to a World Championship in the Class of Lightweight. A Clever Boxer. Toby Irwin, the crack San Francisco light weight boxer, together with his manager, Biddy Bishop, arrived in town this morning from Portland. Irwin comes to box Jim Popp, the Canadian boxer, at the Fraser next Saturday night. The pair put up at the Golden Rule hotel.

Irwin is a likely looking youngster and shows some signs of his recent contest at Portland with Willie Cole.

"We had a pleasant trip," remarked Bishop, "and from what I have seen of Pendleton we are much impressed with it. Yes, Toby was clearly entitled to the decision in the bout with Cole, but it was called a draw. In Portland, Irwin is the most popular boxer of his time and the people there will bet a kingdom on him almost any time he jumps in the ring. I know this fellow Popp is a good one, but then I am confident that Toby can beat him. I understand he is in great condition. Well, Irwin has been training all the time at Portland and all he will need now is an occasional little jaunt on the road. After this contest is over we must hurry back to San Francisco where some of my other boys are soon to box."

A Great Little Boxer. Toby Irwin is one of the greatest little boxers that have ever visited Pendleton, and he has made a host of friends already by his quiet and gentlemanly manners.

Biddy Bishop, Irwin's manager and trainer, has been in the pugilistic business some years and has introduced many good men in his time. He has brought out such men as George Lavigne, the Saginaw Kid, ex-light weight champion of the world; Al Neill, champion middle weight of the coast; Perry Queenan, Spider Kelly, Alcock Greggans, Billy DeCoursey, Jim Jaffar and others. He makes a business of handling pugilists and he says that Toby Irwin will in the course of a year be the champion of the world. Two good preliminaries will precede the main event. Tickets for the contest are now on sale at the different resorts about town. Judging from the number of orders for tickets from out-of-town people there will be a big crowd at the ring side.

Fred T. Merrill, the Portland bicycle merchant, will be here to see the sport, as will Jack Fabie, Mark Shaughnessy, Watt Montieith, County Assessor Smith and several others will be over from Portland to see the men put on the gloves.

WILL CUT MUCH WHEAT

Grain Fields Near Athena Will Yield Good Crops.

Athena, July 24.—Herman Lippold, engineer for Martin & Lemmery, reservation farmers, on their new steam combined harvester, came in to the city last evening and said the new machine was working like a charm. It had been started and 60 acres of barley was cut by it before sun down. This is a good start, but it is expected that the average cut for the season will be from 70 to 75 acres per day. Mr. Lippold also states that wheat is looking fine on the Martin farm, some of which will go as high as 40 bushels per acre. Crops on adjacent farms are also good, and will bring a good yield.

On Sunday afternoon a man from Milton, named Couch, came here looking for a horse race, which he very soon got. Pearl Lynn matched his speedy little sorrel against him. The distance was 300 yards and was won by the Athena horse in a canter.

The firm of Boddy & Murray, proprietors of the Athena dressed meat market, was dissolved last Wednesday, Mr. Murray retiring. Mr. Boddy will continue the business.

Geo. W. Murphy, who played ball this city with the "Yellow Kids" this season, has left for Pendleton, where he will remain for a time.

Mrs. Minnie Depaatt's little daughter, Zelma, who has been seriously ill, is now recovering.

W. E. Bond returned to this city Monday evening from Tacoma, where he has been during the past week.

Mrs. E. L. Barnett returned home Sunday from Portland, where she has been attending grand lodge of the Degree of Honor.

James Feeler returned home Sunday from Mountain Home, Idaho.

A PASTORS' ASSOCIATION

First Meeting Will be Held During the Month of August.

Pastors of the Pendleton churches will form an association this summer, and renew the former practice of meeting once in two weeks for discussion and social intercourse. Rev. W. E. Potwine, rector of the Church of the Redeemer, Protestant Episcopal, who is the senior among the local clergymen from having served the longest, has been named to issue the call. This he will soon do, suggesting that at some date in August the first meeting be held, and inviting the clergymen to meet with him at the rectory.

Several years ago the pastors of Pendleton maintained an association and the benefits were such as to move for a resumption of the association at this time. The matter is in no more definite form than is here indicated, but plans will be formulated in the near future, when further announcement will be made. Mr. Potwine will return from Heppner this evening, where today he officiated at the wedding of Edward Everett Young of Baker City and Miss Farnsworth of that town.

THOSE LOST BANK PLATES.

A Former Treasury Department Expert Tells of Counterfeit Money.

Harry Timmons, who has been in Pendleton, Portland and other cities for the past year, left for Denver last evening. Mr. Timmons is a sufferer from asthma and has gone to Colorado for his health. He was for many years connected with the United States treasury department as a secret service officer. The recent publication of the fact that a large quantity of counterfeit money is in circulation, printed from plates once owned by the New Brunswick bank in New Jersey, attracted the attention of Mr. Timmons just before he left Pendleton. In speaking of the circumstance to an East Oregonian man, he said: "In 1879 I was working as a secret service officer and was assigned to the task of finding these very plates that have now caused the trouble. I did not find them for the reason that they were being concealed by somebody who expected to profit by them when the time was opportune. It was supposed the plates were destroyed fifty years ago, but I learned they were still in existence, although I could not locate them. While looking for them, I found some bond plates that had not been destroyed. It must not be supposed that all the people around

the treasury department are strictly honest, for many of them are politicians, who are there simply for their proclivities. A real honest man would be someone in many parts of the national capital."

Strikes a Rich Find. "I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Tallman & Co.

THE HARVESTING OF GRAIN

Has Commenced in Earnest in Umatilla County.

Harvesting has commenced in earnest in the Umatilla valley. The rancher is busy garnering his grain and feels happy in the fact that the cold wind of three weeks ago did not damage the crops to the extent prognosticated by the pessimists. Favorable reports are coming in from all points of the county.

Dan Richmond took his steam thrasher to Mushman's ranch this morning. He says the yield will be thirty-five to thirty-eight bushels per acre.

Alex McLean started his steam thrasher this morning. His ranch is four miles west of Pendleton. He reports the yield there at thirty bushels to the acre and work progressing satisfactorily.

Chris Breeding, twelve miles north of Pendleton, commenced harvesting this morning. He estimates the yield at thirty-eight bushels to the acre.

Henry Lorenson started out yesterday with three headers and a steam thrasher. There are thirty-one men in his employ and has all the work he can do contracted for until the end of the season.

WM. DAVIS UNDER BONDS

The Walls Walls Young Man Who Shot a Girl.

Walla Walls, July 24.—William Davis was examined Tuesday morning before Justice Glasford for assault with the intent to commit the crime of murder. Miss Edie Hayward, who appeared still to be in a very feeble condition, was the only witness called. She stated briefly that on the afternoon of June 15 she had been at the McConnell residence and was returning to her home in company with Charles McConnell when the shooting occurred. They had arrived opposite the Gentry's dog show that was playing here at that time, when they saw young Davis approaching from across the street. He addressed himself directly to Miss Hayward in the following words: "What would you do if I shot you?" She replied that if he did, he would be punished. Thereupon he drew a revolver and fired three shots, two at Miss Hayward, which took effect in the breast and back, and one at McConnell, seriously injuring his arm. No witnesses were examined for the defense and Davis was placed under \$1000 bonds to await the action of the superior court.

UNBEARABLE ITCHING

Felt It Would Be a Relief to Tear Skin From Back. Cured by CUTICURA.

I had a breaking out all over my back. The itching was almost unbearable, and at times I felt that it would be a relief to tear the skin off my back. I tried doctors' prescriptions, and several remedies, without even relief. I read of your CUTICURA remedy in the Indianapolis News. After three applications, my back and itching and by the time the box of CUTICURA ointment was half used the breaking out had disappeared.

ASTORIA COAL ENTERPRISE

COMPANY FORMED TO EXPLOIT NE-HALEM FIELDS.

Product Can Be Sold at Seaport Towns Profitably at \$3 a Ton.

Astoria, July 24.—Articles of incorporation of the Nehalem Coal Company were filed in the county clerk's office today. The incorporators are W. J. Cook, J. F. Hamilton and W. H. Copeland of Astoria and James Q. Roy of Omaha, and the capital stock is \$150,000. The principal office of the company is to be in Astoria and it is authorized under its articles to buy and sell lands in Clatsop and Tillamook counties, engage in a general coal mining and logging business, construct and operate railroads, steamers and other vessels and carry on a general merchandising business. The company owns 525 acres of coal lands on the south side of the Necanicum mountain, which are known as the Kinney coal fields.

On the property are four veins of what is pronounced by experts to be the best steaming coal to be found on the coast. The veins are 27 inches, 33 inches, 38 inches and four feet nine inches respectively in width, and the assayer's report shows the coal to consist of 48.5 per cent carbon, 42 per cent gas, 5 per cent water and 3.5 per cent ash.

The mines are within one and a half miles of deep water and the right of way has been secured for a railway over this distance with a very low grade. Barges with a carrying capacity of a thousand tons each can be taken to and from the landing place at any season of the year and those interested in the enterprise assert that when the plant is in operation, coal can be brought to Astoria and sold at a profit for \$3 per ton. The company has ample backing financially to carry on the enterprise and active operations will be commenced within the next few weeks.

PLEASING RESULTS

Always follow the use of New-Bred's Herpicide, the new scientific cure for dandruff and falling hair. It possesses certain properties that kill the germ or microbe that causes all the trouble by sapping the oil out of the hair bulb. With this parasite destroyed, dandruff and the falling hair cannot exist. A thick, soft growth of hair springs forth where formerly thin, brittle hair, or perhaps total baldness held sway. One bottle will convince you of its merits. For Sale at all First-Class Drug Stores.
