DASHING DOWN THE SNAKE

Field Superintendents Greenman and Brown in Small Boats. E. C. Greenman, field superintendent of the Oregon fish commission, is here today, en route to Portland. He is just back from a trip in company with another field superintendent, F. C. Brown, that took them 270 miles down the Snake river in a small boat. The journey was from Glen's Ferry to Weiser, Idaho. A dozen times their boat was capsized, and there were the usual portages and running of boiling rapids, that are necessary in navigating the sometimes perilous waters of the Snake. Mr. Greenman will report to Master Warden Van Dusen, of Astoria, the wisdom of putting in a salmon hatchery at Swan Falls. Traps will be put in by Superintendent Brown. There is a concrete dam at that point, making it unnecessary to construct no racks. "We saw thousands of sturgeon in the Snake," said he, "and, in fact, that river is fairly alive with them. At the mouth of the Grande Ronde river we saw them jumping in large numbers. These fish, regardless of the law against their taking, are caught by sportsmen very frequently, and many are shipped to market in the cities. "At Grand View, we saw one caught that measured eight feet long, and weighed probably no less than 600 pounds." Mr. Greenman took temperatures of the waters all the way down from Glen's Ferry, and makes the average 70 degrees Fahrenheit.

HARRY BURFORD DEPARTED.

Left Business and Family in Walla Walla. Wanted to be an actor. Harry Burford, late manager of the Walla Walla ice company's plant, has abandoned his business here and departed for some place, says the Walla Walla Statesman, where he will be free from the annoyance of creditors. He left here Sunday and registered in Portland Monday. Before leaving he sent a long letter to his wife who was camping in the mountains, but the contents of the communication have been kept private. To intimate friends Harry confided his intentions of going to San Francisco and from there to New York, where he hoped to realize his ambitions of becoming an actor. He has long been inclined in that direction and has shown considerable talent in amateur theatricals. Friends of the young man say that for several months he has been very despondent over his business affairs. He was badly in debt, and deeply in ever getting out. He often remarked that he was tired of working for nothing and that he would like to do something that would again bring the merry jingle of coin in his pockets.

MAN-EATING LIONS.

See Them Tonight in the Tents near the U. R. & N. Station. Edison's Big Electric shows were crowded last night with ladies and gentlemen to see the wonderful show. Mrs. Schell with her den of African lions gave a wonderful exhibition of nerve and courage. She is certainly a queen of lion tamers. The electrical part is the best ever seen in Pendleton. Every lady, gentleman and child should see this show. They have an entire change of program every night. The price is only 25c, children under 12 years, 10c. One price. No reserved seats.

LOG ROLLING.

Woodman of the World, Portland, Ore., August 3. On August 1, 2 and 3 the O. R. & N. Co. will sell tickets to Portland and return on the certificate plan for the above occasion at one and one-third fare.

Liquor on the Reservation.

Charles Wilkins, United States Indian agent, stationed at Umatilla, has written to United States District Attorney John H. Hall, Portland, calling his attention to the fact that Fred Lloyd, who was sentenced to six months in the county jail for selling liquor to the Indians, is a notorious character. Agent Wilkins declares that the sale of whisky to the Indians is growing, and drunken brawls are a common thing.

Summer Excursions to Sea Coast.

The ocean beaches on both the Washington and Oregon coasts near the mouth of the Columbia, are the very best places for spending vacations or for recreation trips, during the warm weather, and to allow all to enjoy a trip to the sea coast the O. R. & N. Co. are selling round trip tickets to either the Oregon or Washington beaches at \$10; good for return until September 15.

Summer Bible School at Meacham.

For the above occasion the O. R. & N. Co. will sell tickets to Meacham and return on the certificate plan at one and one-third fare. Rates for sale of these tickets has been extended up to and including August 3.

"I wish to truthfully state to you and the readers of these few lines that your Kodol Dyspepsia cure is without question the best and only cure for dyspepsia that I have ever come in contact with and I have used many other preparations. John Sears, West Middlesex, Pa. No preparation equals Kodol Dyspepsia cure as it contains all the natural digestants. It will digest all kinds of food and can't help but do you good. Tallman & Co.

IRWIN WAS THE WINNER

POPP WAS KNOCKED OUT IN THE FIFTH ROUND.

Therefore Got 75 Per Cent of the Gate Money From a Big House. The fifteen round boxing contest at the Fraser, Saturday night, resulted in a victory for Irwin, of San Francisco, over Popp, variously named "The Spokane Wonder," "The Canadian," George Armstrong, with perhaps a few other aliases. The end came in the fifth round when Irwin, after some lively rushing of his man to the corners, downed him with a right hook on the jaw. He was counted out, and Referee Fred T. Merrill, of Portland, declared Irwin the winner.

Today, there are a whole lot of men in Pendleton who are feeling of their heads, and wondering if the wheels are turning all right, or whether those wheels have stopped short, and whether this will account for the manner in which they failed to drop out on the tactics of the men who managed the fight. Charges are round freely that it was a clever plan of "Biddy" Bishop, who appeared as the manager of Irwin, to separate numerous dollars from their Pendleton owners.

Bishop avers that the fight was on the square, and that Irwin was more anxious to lick Popp than he was anything else that is possible of human accomplishment. On the other hand, the kickers allege that Popp was not knocked out, but that he merely made a graceful fall to the ring floor, and that he had practiced that fall so as to make it a good imitation of a genuine drop after a knock-out blow.

It is asserted that at the weighing in at the Hotel Pendleton billiard parlors, Saturday afternoon, Bishop held up Irwin for enough pounds to bring him apparently under the 138 pound limit, whereas he was better than 140. No one claims, however, that Bishop is not smoother than polished brass, and he was so pleasant in his manners that some of those who were bilked liked the operation, that is, if they were bilked.

Let's Some Fine Money. City Marshal John Ireatman extracted a few dollars from the men who were principals in the affair. They were arrested, deposited their bail, left town on Sunday morning, and have not shown up at the time for trial, thus forfeiting their money which is therefore kept just as though they had been regularly fined. This gives the city treasury a good fifteen or twenty per cent of the gross receipts, and is a small grain of comfort.

Men interested in such matters concede that Irwin was the better man, and could have won out under any arrangements. He was much more skillful, and fought with a vigor that would be like the business.

He said that he noticed a very sudden change when he reached Baker City, and thinks it cool here, compared with the other states.

THE NEW SCHOOL BOOKS

Superintendent Ackerman Issues a Circular Letter. State Superintendent J. H. Ackerman has issued a circular letter to publishing houses and for the information of the people of the state that contains the following information: "The exchange price for the new book pupil must pay for the new book when he surrenders an old book upon the same subject and of the same grade, heretofore legally adopted and in actual or contemplated use in the public schools of Oregon. This price remains in force to December 31, 1901, and is hereby intended that a family having children attending a public school shall have the right to exchange old books in their possession for books as above stated."

The introduction price is the price the pupil must pay for the new book adopted compulsory, and are as follows: Section 13. It is hereby made the duty of all boards of school directors to cause the text-books adopted as provided in this act to be introduced and used in their respective schools within 15 months from the date of adoption. Section 14. The text books that may be adopted under the provisions of this act, and none others, shall be used in the public schools of this state hereafter, and it shall be the duty of school officers and teachers to comply with the provisions of this act concerning the same. If any teacher shall willfully violate any of said provisions, he shall be deemed to have violated the terms of his contract with the district. Any taxpayer of a school district, or parent or guardian of a child attending a common school in any district, shall be deemed to have such a beneficial or direct interest in the enforcement of this law concerning text books that he may bring any proper proceeding in a court of competent jurisdiction to compel the board of directors of his district or teachers in his school to perform the duties enjoined upon them by this act in relation to text-books.

HE DROPPED SOME MATCHES A. T. Brewer Unfortunately Set Fire to Some Grain Fields. A. T. Brewer was here today from Adams, and told the East Oregonian how the fire was set the other day that caused the loss of something like \$300 of wheat. Mr. Brewer said that he was riding along the road near the McEwen place, near Adams, when the brake broke and the wagon was rather heavily jolted. A bunch of matches was thrown out on the ground, striking something that ignited the straw, and in a short time a fire in a short time the fields were afire. He was going down a steep grade at the time. Mr. Brewer deprecates the loss and feels about as bad as does the man who owns the grain.

A SECOND BIG FISH RUN A Larger Number of Salmon Than Occurred Earlier. Astoria, July 29.—Another run of salmon entered the river last night, larger than the previous one. Big catches were made. Prices were cut to four and five cents per pound.

The price that annoy you so will be quickly and permanently relieved if you use DeWitt's Witch Hazel Salve. Beware of worthless counterfeits. Tallman & Co.

An Awful Mistake... was made by a druggist recently in an Eastern town. In putting up a prescription the wrong ingredient was used and a child's life was the forfeit. A great many mistakes are made every day in making light bread and cake. The wrong baking powder is used and the life goes out of the light bread or cake. When you use Owl Baking Powder there is no mistake. Pound cans 40c.
