### THE UNIVERSITY GAINING

Work in All Lines—Success noted.

July 29.—The University of Oregon, the state university, has had an exceedingly prosperous year. The indications of the enthusiasm and loyal spirit of the students, and a strong determination to put the university to the front and make it the foremost of Oregon, are shown in every part of the institution.

### CONSPICUOUS IN A BALLROOM.

Flakes of Dandruff on the Collar and Shoulders of a Gentleman in Full Dress. This is the thing you quite frequently see in the ball room—a man's black dress coat literally covered with dandruff. It must be annoying to the wearer, and certainly not a pleasant thing to observe. But dandruff can be eradicated. It is a germ disease that will someday cause baldness.

Newbro's Herpicide kills the hair-destroying germ, and stimulates the hair to a rich, abundant growth; it does more—keeps the hair soft and pliant.

Furthermore, Herpicide is a most pleasant toilet accessory; pleasing odor, and cooling to the scalp.

### Improvements at State Fair Grounds.

The state board of agriculture are making some wonderful improvements at the state fair grounds, and old timers will hardly recognize the place when they attend Oregon's greatest fair this fall. The old pavilion is being enlarged to double its size, and after the best exhibits ever seen in the state are arranged there will be ample room left for an auditorium, a thing that has been needed for a long time.

A brand new up-to-date creamery building is being erected; also where the best dairy display ever made in the state will certainly be seen. The machinery hall is being enlarged, new cattle stalls, sheep pens, boy stys, and horse stables are being built. A cozy farm cottage, hay barn, and new side-walks are also on the list of improvements, and nothing will be left undone to accommodate the exhibitor and entertain the visitor at the state fair this fall.

### How's This?

We offer One Hundred Dollars Reward for any case of catarrh that cannot be cured by Hall's Catarrh Cure.

Wholesale Drugists, Toledo, Ohio. Wholesale Drugists, Toledo, Ohio. Hall's Catarrh Cure is taken internally, acting directly on the mucous surface of the system. Price 75c per bottle. Sold by all druggists. Testimonials free. Hall's Family Pills are the best.

### Think About It.

If you will only think it over you will go to see Martin when you want to buy groceries. His motto is "best goods at lowest prices." His stock is very large and well selected. Martin is the best bakery department in the city.

### It Girdles the Globe.

The fame of Bucklen's Arnica Salve, as the best in the world, extends round the earth. It's the one perfect healer of cuts, corns, burns, bruises, sores, scalds, boils, ulcers, fetsors, aches, pains and all skin eruptions. Only infallible pile cure. 25c box at Tallman & Co.

Forest fires are raging along the southern shores of Lake Whatcom, near the camps of the Lake Whatcom Logging company. A great deal of valuable timber has been destroyed.

Joe Harper, formerly a printer, but who reformed and is now a stockman, is here and having more fun than anyone. His exuberance is carried to such an excess that he has to remove his coat when in a warm two-step, which is his favorite. He is very popular in this section, particularly with the fair sex.

Mrs. Chris Simpson and the children are rusticing here.

Ed Beeson and wife and Joe Parkes and family are expected without fail on Monday evening.

Miss J. A. Downey, the Misses Iol and Etta Shtrum, James Estes and Roy Shtrum, were guests at this place on Saturday from Lehman.

S. A. Maloney, father of Recorder J. W. Maloney, arrived today from Lehman, where he spent one day. He is loaded for big game. He came in by Peter West's conveyance.

Ed Barr of Pendleton who has been at Lehman springs, is here today.

Mr. and Mrs. Peter West were arrivals on the stage today and took dinner at the best summer resort hotel in the Northwest.

## SPIRITS OF THE SPRINGS

### INDIAN SUPERSTITIONS OF A POPULAR RESORT.

Donald McKay told it to Dr. Bingham several years ago. Bingham Springs, July 30.—Dr. J. E. Bingham, of Walla Walla, after whom these springs are named, while here on Sunday related to some of the guests the Indian superstition connected with the hot springs that make this place famous throughout the west. Donald McKay, the well known scout who died several years ago, told the story on winter's day, when the doctor was here.

McKay was possessed of part Indian blood, but was well educated, and used the very best of English as he gave the information.

To the Indians of the Umatilla reservation, the hot springs here were sacred. They held them in veneration, and often gathered to engage in religious observances. There are several warm springs, two principal ones at or near the swimming pool, and one other farther down the canyon. This last mentioned was thought by the Indians to be the abiding place of a powerful spirit that ruled the place and the birds of the air. One of the others was believed by them to be the home of a spirit that controlled all the beasts of the forest and plain.

These sometimes went to war each with the other and furious battles were fought with varying results. No Indian would pass along the trails hereabouts without in some manner indicating his profound belief in the superstition briefly told in this letter.

### IT WAS REALLY A DEER.

Lehmanites See a Doe and Have No Rifle.

Hidaway Springs, July 27.—Saturday and Sunday have certainly been busy days in this camp. A number came from Heppner on Saturday. E. G. Becker and the East Oregonian editor, while about half way between the two places, started a magnificent doe, which ran from them to a distance of 275 yards, then stopped, turned broadside to them and cocked her head over her shoulder and watched them for a full minute, then scampered away with that movement which has been denominated the poetry of motion. They took turns about kicking each because they had not brought a rifle with them.

### Dancing in the Camp.

Saturday evening occurred the regular weekly dance at Hidaway springs hotel, William Scott, proprietor. Here it is quite different from city life. When the dance starts, no one knows when to stop. This particular one was in full "swing her around" from 8 o'clock in the evening until 3 o'clock on Sunday morning. Among those present were John E. Bean of Pendleton, and Charles Despain of Ukiah. The band had arrived a few minutes before the opening of the dance with Mrs. Despain and Miss Leonora Despain of Ukiah; Miss Ethel Gilliland of Pendleton; C. E. Hoover and Miss Rhoda Hoover of Owen's creek. Miss Hoover is well known in Pendleton, having been for two years a student of the Pendleton academy. The dance was a marked success.

### A Teamster Got Lost.

Speaking of dances, the violinist in this particular case was Joe Keffler, known in Pendleton. On him is a joke. He was sent to Pendleton on Tuesday by William Scott, and should have returned to this point by Thursday. Fearing that some trouble had overtaken him while in Pendleton (and the fear was not unfounded,) Mr. Scott telephoned down and had the outfit brought back by Earl Holmes, employed until recently at the Oregon feed yard. Mr. Keffler finally decided that it was time for him to return, so took the stage on Friday, and had to walk the last few miles of his journey on account of his lapse from the horizontal path.

### People Who Are There.

Judge H. J. Bean and family are here. The judge and his brother, John E., will leave for Pendleton on Monday.

C. E. McComber, county surveyor, is one of the most conspicuous figures at this resort. Although he is taking a layoff from matters pertaining to his office, he is nevertheless one of the best "rubbers" who has ever come under the observation of this reporter.

After Sunday school, this morning there was more dancing, and the Epworth League meeting this afternoon, there was more of the same. In fact, as advancing center, Hidaway springs is a wonder.

Mrs. William Slusher, Miss Edith Slusher and Miss Winnie Boylen, daughter of Tom Boylen, are visitors here today from Lehman, and gave a lunch party at 12 o'clock today. The decorations were of green and purple. Fried chicken was a component part of the bill of fare, and the greatest pleasure was expressed on all sides at the success of the affair. They returned to Lehman this afternoon.

Among the visitors here are Mr. and Mrs. W. B. Finley. The former accidentally broke his right leg two months ago, and still has to walk on crutches. It was suggested at the dance Saturday evening that he get out and dance and break the other leg, but he refused with courteous grace which marks the westerner.

Joe Harper, formerly a printer, but who reformed and is now a stockman, is here and having more fun than anyone. His exuberance is carried to such an excess that he has to remove his coat when in a warm two-step, which is his favorite. He is very popular in this section, particularly with the fair sex.

Mrs. Chris Simpson and the children are rusticing here.

Ed Beeson and wife and Joe Parkes and family are expected without fail on Monday evening.

Miss J. A. Downey, the Misses Iol and Etta Shtrum, James Estes and Roy Shtrum, were guests at this place on Saturday from Lehman.

S. A. Maloney, father of Recorder J. W. Maloney, arrived today from Lehman, where he spent one day. He is loaded for big game. He came in by Peter West's conveyance.

Ed Barr of Pendleton who has been at Lehman springs, is here today.

Mr. and Mrs. Peter West were arrivals on the stage today and took dinner at the best summer resort hotel in the Northwest.

### THEATRE COMPANY DISBANDED.

Empire Stock Aggregation Separated at Walla Walla.

The Empire Stock company, which has been playing a week's engagement in this city, came to an untimely end last night, says the Walla Walla Statesman. After the conclusion of the regular evening performance it was decided that the company had been in existence for a sufficient length of time, and that the members could make more money out of the business than in. They will try. It was not that they did not give full return for the money paid to witness their performances. They simply could not

## THE MERCURY HAS RUN HIGH

### Has Been Close to the 100 Mark, But Failed to Reach It.

Pendleton, according to the official observations, has not yet had a 100-degree temperature. The thermometer has indicated close to that degree of warmth, but 98 has been the highest. Several thermometers owned by private parties have shown higher marks, and various reports have gone the rounds in the town of days that were all the way up to 107. This is officially incorrect.

Observer William Hilton, whose report for the previous week was unavoidably delayed, is at hand today, and the record is as follows: Sunday, July 21—Maximum temperature, 98; minimum temperature, 52. Monday, July 22—Maximum temperature, 97; minimum temperature, 60. Tuesday, July 23—Maximum temperature, 97; minimum temperature, 60. Wednesday, July 24—Maximum temperature, 94; minimum temperature, 60. Thursday, July 25—Maximum temperature, 92; minimum temperature, 60. Friday, July 26—Maximum temperature, 90; minimum temperature, 50. Saturday, July 27—Maximum temperature, 87; minimum temperature, 45. This week has been warm, too, but it is understood that 100 temperature has been recorded officially.

With this warmer spell, people have been moving out in greater numbers to the resorts, and during August there will probably be quite an exodus.

### CATTLE WORTH LESS.

Ritter Stockman Brings in a Bunch Sold Some Time Ago.

J. D. Wilmoth of Ritter, on the Middle fork of the John Day river, was in town on Monday. He brought in 182 head of fat cattle which he here turned over to the representative of Karsten Brothers of Seattle.

Regarding the price, Mr. Wilmoth refused to say anything, excepting that he contracted to sell them earlier in the season, and that beef on the hoof have dropped in value. At this time they are worth considerably less than when the season began.

### Terrible Conditions in India.

The depopulation of India through famine seems to be assuming alarming proportions. It is estimated that over 5,000,000 persons in India have died since 1890, from causes directly due to the famine. Famine is a terrible thing and proves conclusively that food is essential to the body. Yet it is not so much a question of how much food is eaten, as how well it is digested. To insure perfect digestion and obtain the greatest amount of nourishment from your food, take Hostetter's Stomach Bitters. This is the old reliable standard medicine for the cure of stomach, liver, kidney and bowel disorders. It promotes appetite, cures dyspepsia, indigestion, constipation, biliousness, and keeps the bowels regular. Do not fail to give it a trial. It never disappoints.

### TO INSPECT THE OIL FIELDS.

Col. Raley and Senator T. C. Taylor Leave Tonight for New Mexico.

Col. J. H. Raley and Senator T. C. Taylor leave tonight for Luberton, New Mexico, where they will look into the prospects for the development of the oil fields owned by the Navajo Petroleum Oil company formed here several months ago. The company had a meeting recently in Pendleton, and decided that the future policy would not be determined until representatives were sent there to ascertain fully the extent of the oil.

That there are valuable oil supplies on the lands owned by the company is known from former prospecting. And it is necessary only to make satisfactory transportation arrangements to bring the properties into a paying condition.

### Stockholders Meeting.

To the stockholders of the Oregon Building & Loan Association please take notice, that the annual meeting of the stockholders of the Oregon Building & Loan association will be held at the office of the company in the town (now city) of Pendleton on Tuesday, July 30, 1901 from 7 p. m. to 8:30 p. m. for the purpose of electing directors and auditors and for the transacting of such other business as may come before the meeting.

Dated at Pendleton, Or., June 26, 1901.

R. ALEXANDER, President.

C. W. BROWNFIELD, Secretary.

### Blown to Atoms.

The old idea that the body sometimes needs a powerful, drastic, purgative pill has been exploded; for Dr. King's New Life Pills, which are perfectly harmless, gently stimulate liver and bowels to expel poisonous matter, cleanse the system and absolutely cure constipation and sick headaches. Only 25c at Tallman & Co.'s drug store.

### Strayed or Stolen.

From the Charley White place on Birch creek, one black and white pinto horse, about 21 years old, weight about 1000 pounds, no brands; had bell on when last seen. Will pay liberal reward for recovery of same.

J. P. WHITE, Pendleton, Or.

### JUST THINK OF IT!

Three-fourths of the people in Umatilla county are using our harness and saddle and the other fourth has just commenced to use them. All this goes to show that ours are all FIRST CLASS and PRICED RIGHT. We carry a complete stock of Collars, Spurs, Brushes, Whips, Saddle pads, pack saddles, bags, string leather, boots, wagon covers, canvas, all kinds.
