Radical price concessions on our entire stock of

## Summer Dress Goods

### Waist Materials and Shirt Waists....

Await you here,

We are ready to close out stock of summer dress goods and shirt waists; and the recent warm days are sufficient warning of the all-summer needs. Think of crisp, new and dainty Dimities, Lawns and Burmahs at five cents a yard! It sounds almost incredible, for Dimities were never sold for so little before. Dimities and Lawns never go out of style, and the patterns never get old. Year after year the little figures, the dots and stripes are demanded. Other fabrics change and designs go out of date. Not so with the Dimities. You can buy today for next spring, knowing that the patterns you select will be as pretty and proper as if you waited and paid double the price next year.

### GENERAL NEWS.

In commenting on the naval controversy, W. J. Bryan takes the side of Rear-Admiral Schley, giving him credit for the victory at Santiago.

A Boer commando, with two guns, has entered the Portuguese territory, camping a Guaneta Five hundred Portuguese troops are already at Guaneta.

The contest committee of the Automobile club of America estimates that 100 motor vehicles will start on the endurance tour of the club from New York to Buffalo on September 9.

It is believed the king and queen of England will visit Ireland next April, and will probably open the international exhibition which is being organized in Cork.

When a reporter mentioned the "1904 Roosevelt club," recently organized in Kansas City, Roosevelt received the information with a nod but made no remark regarding it.

E. Lawrence Godkin, formerly editor of the New York Evening Post, and famous for his philippic against local political organizations, is dying of Bright's disease in a little London suburb.

The fact that General Miles on Thursday reached his sixty-second birthday afforded the gossip of the war department an opportunity to mildly revive the rumors of his possible retirement.

The letter-carriers are very well treated by the government these days, being allowed 15 days' vacation every year, with no bench clerk to finish the time they shall devote to rest and recreation each day, and a substitute being paid to do their work.

Dr. Snering Bersol, a member of the Meteorological institute, Berlin, has just completed a balloon ascent during which he reached a height of 35,500 feet. The lowest recorded temperature was 40 degrees below zero, Fahrenheit.

While the decision of the navy department as to what disposition shall be made of the receiving ship Vermont, now stationed at the Brooklyn navyyard, has not been announced, it is considered probable that the hulk will be towed out to sea and burned.

The monthly comparative statement of the government receipts and expenditures shows that the receipts for July, 1901, amounted to \$52,550,540, and the expenditures \$52,507,500, which leaves a surplus for the month of \$42,750, as against a deficit for the month of July, 1900, of \$4,000,000.

A Vienna paper in an interview with Herr Bitza, chairman of the Shoemaker's Guild, on the project for opening American retail shoe shops in Austria, Herr Bitza says the Americans can sell 30 per cent cheaper than the local makers. The excitement among the latter increases, and violence is talked of if the projected shops are opened.

### PACIFIC NORTHWEST NEWS.

James McKeown, aged 28, an old resident of Portland, was killed by contact with a live wire July 27, on Bonanza Creek, Alaska.

Warden Catron, of the Washington state penitentiary at Walla Walla, will make an effort to obtain artesian water at the prison by boring a well.

The first free rural mail delivery in Walla Walla county began operations Thursday. The route is to the country lying west and south of the city, and is a round trip of 25 miles.

Thomas B. Merry, the well known newspaper man, and wife, are in Portland, en route to Europe. Mr. Merry for the past 10 years has been engaged in journalism in Los Angeles. Ira Turner was shot and killed Thursday evening, in Deadman's Gulch, eight miles from Missoula, Montana, by Henry Nudson, his father-in-law. Nudson says that Turner was heating his wife at the time he was killed.

Joseph McKee, a well known Portland saloon man, has filed petition in bankruptcy in the United States court. His total liabilities are placed at \$17,970, with total assets, \$4776. McKee's largest creditor is W. J. Van Schuyver, whose claim is placed at \$13,000.

### THE SITUATION IS STRAINED

#### End of Strike at 'Frisco Not at Hand.

#### ALL LABOR UNIONS MAY COME OUT

#### Workmen Are Not Disposed To Make Any Further Concessions to Employers' Association.

San Francisco, Aug. 3.—Plans negotiations to end the strike apparently are no further along than they were two days ago. No conference was had this morning. It is definitely announced the strike will not be declared off today. Mayor Phelan still is endeavoring to effect a compromise. He will issue a statement this afternoon. Employers have still refused to make concessions. Striking officials state that they refuse to make further concessions, and threaten, if an agreement of some kind be not reached by tonight, to call off negotiations for peace. In case of the latter, it is probable the result will be a general strike of unions in accordance with resolutions passed last night authorizing the executive committee of the trades council to call out any or all the hundred unions represented to assist the strikers.

San Francisco, Aug. 3.—The fifteen members of the Amalgamated executive committee who left Pittsburgh last night arrived here this morning for a conference with J. P. Morgan and other officials of the steel corporation. The conference was to clear up the mystery and get a closer understanding of the conditions surrounding the proposition of Morgan to settle the still strike. Before the conference began, the committee said they had the utmost confidence in President Shaffer.

The conference was held in the steel corporation's offices. Before entering, President Shaffer said he felt confident the outcome of the conference would be satisfactory to all concerned, but he refused to enter into a discussion of the facts of the settlement of the negotiations.

President Schiawab received the party cordially and then the doors were barred. J. P. Morgan was not present when the conference began, but arrived soon after.

Status at Noon.

New York, Aug. 3.—The conference ended at 12:40 p. m. The Amalgamated men decided to hold a conference of determine whether or not to renege the conference with the trust officials.

After adjournment of the joint conference, the Amalgamated committee went into secret session. The steel trustees, so it is learned, informed the committee they expected an answer by 4 o'clock. It will be given them and the committee will leave for home tonight.

Morgan's Alleged Ultimatum.

New York, Aug. 3.—It is reported in Wall street that before J. P. Morgan left the conference he delivered an ultimatum to the Amalgamated committee denying their request and giving them until 3 o'clock to refuse or accept the proposals of settlement. It was considered probable from the evident temper of the men that they would not accept Morgan's term.

Ignorance of the Real Grievance.

New York, Aug. 3.—D. G. Reid, one of the steel trust officials, is credited with having said that Morgan's proposition to the strikers is that they return to work at last year's wages. According to this, Morgan has ignored the real grievances of the strikers.

Machinists Grievance.

Tacoma, Wash., Aug. 3.—The Tacoma Machinists' union sent the following telegram to President McKinley:

Moran Bros., at Seattle, with a strike on involving all the iron workers, have been awarded a government contract, while men on the government work at Bremerton have been laid off on account of lack of work. A member of the Metal Trades association here made a statement before witnesses that the association has influence with the administration and that that influence has brought about a change in plans.

"(Signed),  
"TACOMA MACHINISTS' UNION."  
The fact that the contract for the repair of the Seward has been awarded to the Morans while the force of men at Bremerton naval station has been reduced led to the report quoted and the machinists accordingly forwarded the telegram.

Extension of Strike Probable.

The Amalgamated committee issued a statement this afternoon in which it was said that the officers of the steel corporations, instead of resuming negotiations where they were suspended at the recent conferences, have withdrawn the propositions made at that time and now offer much less than they agreed to stand for then. The proposition of the steel corporation, the statement says, was that the scale for one year shall be signed. The Amalgamated officials, in their counter proposition, asked that the scales be signed for none but those mills which are organized and whose men employed to work have signified their desire to join the organization. This modification of the original demand was made because the steel officials declared that the Amalgamated wished to force the men into the organization against their will. The Amalgamated asked that all other matters be left for consideration by conference. The committee returns to Pittsburgh tonight to prepare a plan of action which will probably mean an extension of the strike.

Earl Li Improves.

Peikin, Aug. 3.—Li Hung Chang, who was reported dangerously ill yesterday, is better today.

Arthur Gibson will arrive home from Lehman springs this evening to be in readiness to go to work on construction of F. E. Judd's new residence on next Monday.

### Gymnastics

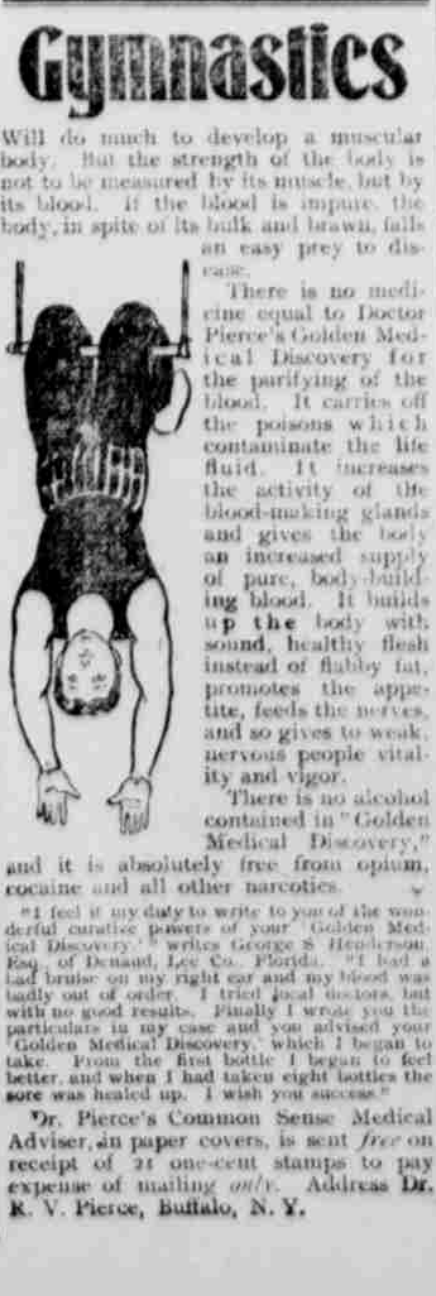

Will do much to develop a muscular body. But the strength of the body is not to be measured by its muscle, but by its blood. If the blood is impure, the body, in spite of its bulk and heaving, falls an easy prey to disease.

There is no medicine equal to Doctor Pierce's Golden Medical Discovery for the purifying of the blood. It carries off the poisons which contaminate the life fluid. It increases the activity of the blood-making glands and gives the body an increased supply of pure, body-building blood. It builds up the body with sound, healthy flesh instead of flabby fat, promotes the appetite, feeds the nerves, and so gives to weak, nervous people vitality and vigor.

There is no alcohol contained in "Golden Medical Discovery," and it is absolutely free from opium, cocaine and all other narcotics.

Send me a copy of your copy of the wonderful curative powers of your Golden Medical Discovery," writes George S. Henderson, Red of Danvers, Me. Co. "I had a bad trouble on my right ear and my blood was badly out of order. I tried local doctors, but with no good results. Finally I wrote you the particulars in my case and you advised your Golden Medical Discovery, which I began to take. From the first bottle I began to feel better, and when I had taken eight bottles the sore was healed up. I wish you success."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

### THE NEW YORK MARKET

Reported by I. L. Kay & Co., Pendleton, Chicago Board of Trade and New York Stock Exchange Brokers.

New York, Aug. 3.—The wheat market was lower at the opening this morning, but the early prices were the lowest of the day, and the close showed an advance of 1-8 from the opening. There was no foreign markets on account of holiday. New York opened at 73 5-8, and closed at 74 1/4. Corn opened at 60 and closed 61. ### ELIMINATION OF THE NEGRO

#### Maryland Democrats in State Convention Consider the Issue.

Baltimore, Md., Aug. 3.—The democratic state convention, which convened here yesterday, declared that the purpose of the party, if successful in the election, is to eliminate the negro from politics in Maryland, if such a thing be possible under the constitution of the state. On this paramount issue of the campaign will stand the candidates nominated for state offices and those chosen in the various county and district conventions as candidates for places in the legislature of 1902, which body will elect a United States senator to succeed George L. Wellington.

That his successor, in the event of democratic victory, will be Arthur P. Gorman, is settled beyond question, although no formal announcement of his candidacy has yet been made.

The purpose for which the convention met was to select candidates for the offices of comptroller and clerk of the court of appeals. Dr. Joshua W. Herring of Carroll and J. Frank Turley of Talbot were renominated for these offices.

### THE DAILY MAIL WON OUT

#### War Office Declares Of Boycott Against That Paper.

London, Aug. 3.—The contest between the war office and the Daily Mail terminated in a victory for the paper.

The war office had not only cut out the Daily Mail's South African casualty list, but also ordered the various news agencies not to supply the paper with any official information distributed from the war office.

Thereupon, the Daily Mail sued the news agencies, under its contracts, to compel them to deliver the news.

The war office then held back bulletins until near the hour for the morning papers to go to press.

This raised a storm of protest from the provincial papers and the war office finally capitulated and called off the boycott.

### YANKEE MARINES NEEDED

#### Must Suppress Revolution in Latin-American Countries.

Washington, Aug. 3.—United States marines may be moved on to suppress the revolutionary movements on the Isthmus of Panama. A war vessel will be sent to watch the interests of the United States during the troubles in Venezuela and Colombia. If it develops that the trouble has not been exaggerated, more warships will be sent. The United States is bound by treaty to keep traffic across the isthmus open to the world.

The American consul at Colon has wired the state department that the railroad between that place and Panama likely will be interrupted.

### THE LENOX HAS ARRIVED

#### Had Been Drifting at Sea for Several Days.

San Francisco, Aug. 3.—The steamer Inagua from San Diego arrived in port this morning, towing the disabled transport Lennox.

Washington, Aug. 3.—The war department received a telegram this afternoon announcing the safe arrival at San Francisco of the transport "Lennox," which had been drifting at sea with broken machinery for several days.

### A STATEMENT WEDNESDAY

#### Corn King Phillips Hopes to Resume by Next Week.

Chicago, Aug. 3.—Work on the books of Corn King Phillips continues. A statement will be made on Wednesday. Immediately thereafter, in case the firm is solvent, they will be able to resume business.

### MEN TRIED TO ROB RED BOY

#### Miners Clean-up For Month Was \$30,000.

#### THE ATTEMPT WAS UNSUCCESSFUL

#### The Bullion Was Being Brought Out and Was Between Sumpter and Granite.

Baker City, Aug. 3.—An attempt today to rob Godfrey & Taber of the Red Boy mine's monthly clean up, aggregating \$30,000, failed. It was understood the bullion was in another buggy containing Godfrey's brother and wife. Three masked men made the attempt.

### RUSSELL ROASTS TEACHERS

#### Struck Hard Blows at the Berkley Summer School.

Berkley, Calif., Aug. 3.—At the closing session of summer school at the University of California, James Earl Russell, dean of the teacher college and professor of history and education at Columbia university, struck some hard blows at the teaching professions. He called teachers the most narrow and bigoted set of people on the earth. He said that they were pusillanimous and cringing and accused them of being, as a class, totally unfit and unprepared for the work they were pretending to do.

Although the hall was filled in great part with teachers attending the summer school, the professor's remarks were well received. He spoke of himself and of the teaching profession.

### COLUMBIA WON THE RACE

#### Last of the Series Saw Lawson's Independence Defeated.

Bronxton's Point, E. I., Aug. 3.—The Independence and Columbia sailed today in the last race of the series. Predictions were made that the Independence would win. A fifteen-knot breeze was blowing when the racers came up to the start.

The Independence went over the line first when the starting whistle was blown, followed a few seconds later by the Columbia.

Bronxton's Point, Aug. 3.—The Columbia won, crossing the line two minutes ahead of the Independence.

### DOWAGER EMPRESS DYING

#### The Emperor Cancels All Engagements as a Consequence.

Berlin, Aug. 3.—Dowager Empress Frederick is in a critical condition and the end is near. In consequence of his mother's condition, the emperor has cancelled all engagements, including the reception to Count Waldsee, which will now be a tame affair.

Adulterated Milk to Be Confiscated.

Chicago, Aug. 3.—Adulterated milk and cream are to be confiscated in the future at the receiving depots of all railroads. The discovery of formalin at the receiving depots will result in the seizure of the can and the dumping of its contents into the nearest gutter. In order to stop the entrance of drugged milk and cream into Chicago, Commissioner of Health Reilly has adopted the plan of testing the milk as it is unloaded from trains and before it is distributed to dealers.

### Michael Davitt Arrives.

New York, Aug. 3.—Michael Davitt, the noted Irish agitator, arrived from Southampton today and will make a number of speeches throughout the United States.

Had His Hand Shattered.

Henry A. Kurtz was engaged in running a wreath saw at Salem when a knot in the timber was struck, a piece of the board flying back and striking the back of the young man's left hand completely shattering the thumb and the first three fingers of the hand between the second and third joints, necessitating their removal.
