"RECOGNITION OF THE UNION"

TEXT OF THE CALL TO THE AMALGAMATED.

Association of Iron, Steel and Tin Workers, Calling 100,000 Men to Strike August 10.

"Brethren—The officials of the United States steel trust have refused to recognize as union men those who are now striving for the right to organize. The executive board has authorized me to issue a call on all Amalgamated men in name and heart to join in the movement to fight for labor's rights.

"We must fight or give up forever our personal liberties. You will be told that you never agreed to surrender those contracts to the United States Steel corporation. Its officers think you were sold to them just as the mills were, contracts and all.

"Remember, before you agreed to any contract you took an obligation to the Amalgamated association. It now calls you to help in the hour of need. Unless the trouble is settled on or before Saturday, August 10, 1901, the mills will close when the last tin is made on that day.

"Brethren, this is the call to preserve our organization. We trust you and need you. Come and help us and may right come to a just cause. Fraternally yours, T. J. SHAFFER."
