GENERAL NEWS.

In the West Siberia and Volga provinces, an almost total crop failure is expected.

The continued drought in Russia has extended the area of crop damage, which includes the Baltic provinces.

Peter Jackson, the colored ex-champion, died July 23, at a private sanitarium near Sydney, N. S. W., of consumption.

Miss Mary Pickett, grand daughter of the famous war governor of South Carolina, was married Thursday to Arthur Shilrey, at Coventry, England.

David R. Searcy, grand secretary of the Knights of Honor, and connected prominently with other fraternal orders, died Thursday night in New Orleans, aged 49 years.

The Alabama Constitutional convention at Montgomery adopted, on to a section providing that women taxpayers should have the privilege of voting on questions of issuing bonds or incurring obligations.

It is developed that the government of Hawaii has twice proposed the issue of bonds to effect needed public improvements. The secretary of the interior on both occasions declined to entertain the plan.

The Russian government will hereafter limit the number of Jewish students in Russian universities to 3 per cent of the total number of students, except in the University of Moscow, where they are entirely prohibited.

Judge Lindsay, of the police court, at Topeka Kansas, fined W. L. Dickson, manager of the People's Ice company, \$200 for maintaining a trust contrary to the city ordinance. Mr. Dickey appealed from the decision to the district court.

A fortune of \$2,000,000, now in the United States treasury awaits a young Pole named Dembitsky, provided he can trace his relationship to Baron Ludwig Napoleon Dembitsky, who fought with the Union army and died on the battlefield during the civil war.

David Nation at Medicine Lodge, Kansas, on Friday, brought suit for a divorce from his wife, Mrs. Carrie Nation, the temperance crusader. Mr. Nation, who is now visiting in Iberia, Ohio, alleges that his wife held him up to public ridicule, neglected her family duties and abandoned his home.

Cattle plague in the provinces of Camarines, Canio, Ilo Ilo, and Pangasinan, Philippines, has decimated the herds and the planters are unable to cultivate their crops. Civil Governor Taft has authorized the governors of the affected provinces to open up public works in order to prevent suffering.

PACIFIC NORTHWEST NEWS.

William A. Newell, whose death is announced from New York, was governor of Washington when it was a territory, from 1880 to 1884.

The Oregon City Southern railway company was denied a franchise to build an electric railway on the county road from Salem to Silverton. The opinion of the county court was that the county road is no place for an electric road.

Albany business men have failed to put up sufficiently for the proposed Woodmen of America carnival and harvest home festival September 4 and 5, and unless something is done at once it will go elsewhere. Rossburg is red-hot after the carnival in connection with the Roseburg street fair.

Arthur Hampton, aged 15 years, son of D. M. Hampton, of Monmouth, Or., died at The Dalles, Thursday, of acute peritonitis, following an operation for appendicitis performed a week ago. He was brought to the hospital last Friday from Wasco, where he had been at work in the harvest fields.

Owing to the unprecedented heavy traffic the Northern Pacific will on August 15 inaugurate a triple passenger train service west of Billings. Two of these will be regular Northern Pacific trains, the third being a Burlington train which will run through solid from St. Louis and Kansas City to the coast.

The wedding of Edmund F. Carleton, of Joseph, Or., and Miss Lillian Ackerman, of Salem, is announced for next Monday noon. Mr. Carleton is principal of the schools of Joseph, Or., and an educator of high standing. Miss Ackerman is the eldest daughter of Professor J. H. Ackerman, superintendent of public instruction.

"Common Sense"

Is the motto of the modern woman. The thick solid showed and the rainy day skirt are witnesses to the wise application of the motto in matters of dress.

But there is no common sense in neglecting womanly diseases or in experimenting with other medicines when it is a matter of common knowledge that Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It establishes regularity, dries enfeebled systems, cures inflammation and ulceration and cures female weakness.

It is not common sense to seek medical advice of those who are not physicians when Dr. Pierce, not only a doctor, but a specialist in the treatment and cure of diseases of woman, offers a consultation by letter free. Write to Dr. Pierce, Buffalo, N. Y. I had falling of internal organs and had to get to bed every month. Had greater monthly periods which would sometimes last ten or twelve days. Dr. Pierce's Favorite Prescription indicated so that I could not eat anything. Dr. Pierce's Favorite Prescription cured me. I took three bottles of the "Favorite Prescription" and out of the "Golden Medical Discovery."

For 21 one-cent stamps to pay expense of mailing only you can get free a paper covered copy of Dr. Pierce's Common Sense Medical Adviser. The book contains 1000 pages. Address Dr. K. V. Pierce, Buffalo, N. Y.

GREAT STRIKE IN WORKERS' HANDS

Thousands Outside the Amalgamated Association.

MAY JOIN IN THE BIG WALKOUT

The United Mine Workers Pass Resolutions of Sympathy With Shaffer's Men.

Pittsburg, Aug. 10.—Success or failure the great steel strike is in the hands of the workers today. If President Shaffer's order be generally obeyed an army of 35,000 to 40,000 men will join these already out on the strike. Nearly 100,000 men not connected with the Amalgamated will be rendered idle if the mills tie up. It will be impossible to calculate the extent of the strike accurately before tomorrow. In many of the mills the men have made no declaration of their intentions. They will go off turn as usual today and it may not be known even then what they will do. An air of cheerfulness prevails at Amalgamated headquarters. That good news is anticipated from all quarters where the strike was ordered there is no doubt.

Pittsburg, Aug. 10.—Word has reached here that the work of removing the Dewees wood mill from McKeesport to a new site near Vandergrift was begun this morning. The owners of the mill say they are leaving McKeesport because of the hostility of the people of that city. Secretary Adams of the Amalgamated declared this morning that, if this intention be fully carried out, and they ruin the town in retaliation against the men who stood up for their cause, it would not be a booting of the trust, Shaffer left for Newcastle this morning to speak at a great mass meeting there this afternoon. Tonight, he speaks in McKeesport. Affairs are quiet at the Amalgamated headquarters this morning. Officials during the forenoon refused to discuss the strike.

Wheeling Men Struck.

Wheeling, W. Va., Aug. 10.—The men in the large Riverside iron works struck this morning. The plant was being operated as a non-union mill.

'Frisco Short on Coal.

San Francisco, Aug. 10.—Settlement of the strike is apparently as far off as ever. Employers refuse a conference. The supply of coal is nearly exhausted. But one vessel is being unloaded, and that slowly.

Shaffer DeRues Position.

Newcastle, Pa., Aug. 10.—A thousand steel workers from all surrounding towns reinforced by men from other labor organizations gathered here today to hear President Shaffer discuss the steel strike. The great crowd gave him an ovation. Shaffer delivered a fervid address of the situation, describing the course of the conference and declared the Amalgamated was forced to take the steps it had taken.

Lindsay Mills Closed.

Pittsburg, Aug. 10.—Information from the Lindsey McCutcheon plant this morning is that not a wheel was turning owing to the efforts of strikers since last night and the mill is tied up. Union workers still believe the order to move the Dewees mill a bluff. The National tube plant is running as usual. What stand the men will take on Shaffer's strike order is a matter of conjecture.

To Close Carnegie Mill.

Pittsburg, Aug. 10.—It was stated this afternoon that the Amalgamated is confident of closing both the upper and lower union mills of the Carnegie company at Pittsburg.

Sympathetic Strike.

Indianapolis, Ind., Aug. 10.—The initial steps toward what may be a great sympathetic strike were taken today by the national executive board of the United Mine Workers in session here. A resolution was passed endorsing the steel strike and calling for a council of trades unions to devise plans for assisting the strikers. The resolutions declare that "Conditions generally are now such that preservation of organized labor has become an issue paramount to all contracts and other considerations."

WALTER DIMMICK TAKEN

Arrest of Alleged Mint Robber Accomplished This Morning.
San Francisco, Aug. 10.—Walter Dimmick, ex-convict clerk at the mint, accused of stealing \$30,000 in gold from that institution, was arrested early this morning.

Sampson Leaves Charlestown Navyyard.

Boston, Aug. 10.—Admiral Sampson will be detached from command of the Charlestown navyyard about September 1. Poor health and the fact that he will soon appear before the Scheley board of inquiry make this action imperative.

Cannery Combine Accomplished.

Portland, Aug. 10.—All the big fisheries of the Pacific coast and Alaska effected a combine today. The value of the property transferred to the Pacific Packing and Navigation company is \$15,000,000.

This Lady Gave Many Diamonds.

Kimberly, Aug. 10.—The Deobers Diamond company will present to the Duchesse of Cornwall on her arrival in South Africa 173 diamonds weighing 261 carats, stones valued at \$70,000.

For the first time since the outbreak of the Spanish war President McKinley has approved a death sentence, in the case of an enlisted man. The case is that of Private Phineas Fouts, company K, 19th Infantry. This soldier was convicted by a general court martial, at Cebu, P. I., for the murder of a native Filipino girl, by stabbing her to death.

THE NEW YORK MARKET

Reported by I. L. Ray & Co., Pendleton, Chicago Board of Trade and New York Stock Exchange Brokers.
New York, Aug. 10.—The wheat market was strong today and closed a full cent over yesterday. Heavy export demand, and light country offerings together with the strength in corn were the main influences. The export shipments for the week were 8,300,000, making the total since July 1, 35,000,000, compared with less than half this amount for same time last year. The exports this week were record-breakers, being the heaviest known. New York opened 1/8 higher, 76 3/8, and closed 76 7/8. Liverpool was 3/8 higher, 5-8 1/8.
Stocks lower.
Wheat:
Close yesterday, 75 7/8.
Open today, 76 3/8.
Range today, 76 3/8 to 76 7/8.
Close today, 76 7/8.
Stocks: Sugar, 133; steel, 41 1/2; St. Paul, 156 1/2; U. P., 94 7/8.
Wheat in Chicago.
Chicago Aug. 10.—Wheat 71 to 71 1/2.

CONSTITUTION WINS RACE

Crossed the Line Two Minutes Ahead—Last Before Shamrock Comes.
Bronx, N. Y., Aug. 10.—The Constitution and the Shamrock started in what may be the last race before the challenger comes. It began at 1 o'clock this afternoon. The Constitution got over the line first. The Shamrock won, crossing the line two minutes ahead of Columbia.

Chicago, Aug. 10.—With a slight sea and a light northeast wind the start in the first race of the series for the Canada cup between the Cadillac of Detroit and Invader of Toronto was made promptly at 11 o'clock this morning. The Invader was first across the line, being four lengths ahead of Cadillac. The challenger continued to increase the lead, but when the first mile of the course had been covered, she encountered rough seas and a sail rope broke, causing her to fall back a little, but this loss was soon regained.

Cadillac Won For Invader.

Just before the first mark was reached, Cadillac took the lead and turned the buoy one minute and a half ahead. The Cadillac finally won by about five minutes.

ADMIRAL EVANS CENSURED

Criticized Former Navy Secretary Chandler in a Book.

Washington, Aug. 10.—The navy department has reprimanded Admiral Evans for strictures laid by him in his book "A Sailor's Log" upon ex-Secretary of the Navy Chandler. In a letter from Acting Secretary of the Navy Hackett, Evans is informed that the publication of strictures on Chandler has incurred the displeasure of the department and that he has willfully abandoned the courtesy that should always characterize an officer of the navy when he puts his opinions and criticisms of Chandler into print. Therefore, it is the secretary's duty to censure him.

A BOMB IN NEW ORLEANS

Some Bear Sympathizer Suspected of Throwing it for Revenge.

New Orleans, Aug. 10.—Bour sympathizers or a revengeful muleteer is suspected, but whoever threw the bomb has so far made good his escape. The affair has caused a sensation in the city, and while British army officers stationed here are trying to hush up the matter, it is known attacks of this sort have been expected. The explosion shook buildings for half a mile around. The work was done with a bomb and time fuse on the outside of a vessel. No one was injured. The vessel can be repaired.
H. J. Taylor has 230 acres of wheat and barley eight miles north east of Pendleton. From 33 acres of barley he got 1663 sacks, an average of 50 bushels to the acre. From his 190 acres of wheat he got 2937 sacks, an average of 33 to 35 bushels per acre.
George Baker has 200 acres of wheat adjoining Anderson. He has already threshed it, and was the first man in that section to get his wheat into the warehouse. It averaged 36 bushels to the acre and he has it stored in the Hafford-Gothrie warehouse.
A. Koppes of Fulton, seven miles northeast of Pendleton, is in town today. He has 140 acres of wheat which went 43 bushels of this year's crop, he has 5000 bushels saved over from last year, all of which he hopes to sell for 50 cents per bushel.

ARRESTED AND CONFESSED

Jack S. Wilson Forged an Order on Will Kupers, of Helix.

Jack R. Wilson was arrested at 1 o'clock this afternoon, charged with having forged an order for \$20 on Will Kupers, of Helix. Upon being interviewed by Deputy Sheriff C. P. Davis and Special Constable Fee after arrest, he confessed that the charge was well founded. Wilson had been at work for Kupers at Helix up to last Wednesday, August 7, when he quit, and was paid off. He came to Pendleton the same day and on Wednesday or Thursday evening went to the Red Barn of W. W. Semple, on Cottonwood street, and had him cash the order. He remained around Pendleton ever since and made no effort to get away, appearing laboring under one of two wrong impressions, either that the forgery would not be discovered, or that nothing would be done to him for such a small amount. He will change his opinion.

Gravel Car on the Track.

An accident occurred early this morning between Nolin and Foster 25 miles west of Pendleton. A broken wheel on one of the cars threw four or five cars of the gravel train at work there off the track. No person was injured. The passenger train from the East, due here at 8:05, was late on account of an accident on the Denver & Rio Grande, and did not arrive until after 10 o'clock. It was sent around by Walla Walla, on account of the gravel train pile up. The wrecking train from La Grande passed through Pendleton at 11:30 this morning on its way to the scene of the wreck.

District Assembly No. 66, Knights of Labor, at Washington, authorized its legislative committee to bring quo warranto proceedings against the attorney general of the United States to show cause why he has not enforced the provisions of the anti-trust law, known as the Sherman act. This action, which was instituted Friday is aimed at the United States steel corporation which is charged, it is alleged, with operating in violation of the Sherman act. The labor leaders say this will hasten the solution of the strike.

CONFESSED HE

ROBBED SMELTER

The Gold Bars Secured From Waters of the Bay.

DID THE WORK ALONE, SAYS HE

Police Suspect He Had Accomplished and Are Looking for Those Who Aided Him.

San Francisco, Aug. 10.—Jack Winters broke down and confessed early this morning as the result of many hours of severe cross-questioning in which his statements became tangled. He volunteered to show the place the gold was hid. He was promised no reward and will be punished to the full extent of the law. He will be tried at Vallejo.

Crockett, Aug. 10.—At 5 o'clock this morning, Jack Winters located the spot in the bay half a mile out from the Selby smelter where he had dropped the gold that he stole. Bars worth \$70,000 were recovered immediately.

A total of twenty-three bars valued at \$100,000 had been recovered when high tide stopped the work. A diver will have to be employed to secure the balance. The play was a poor one to hide the treasure, which is at the end of the railway wharf in a depth of water of eight feet. Winters states that the balance is in the same place.

Says He Worked Alone.

San Francisco, Aug. 10.—At 10 o'clock this morning detectives arrived in the city with Winters and the bullion. Winters made a complete confession. He states he was alone in planning and executing the work, and took six weeks to construct the tunnel and drill the vault.

The police are confident Winters had an accomplice and are looking for a machinist with whom he formerly chummed.

YIELD FROM GRAIN FIELDS

Reports are of a Different Tenor From Those of Four Weeks Ago.

W. T. Rigby has 2000 acres of wheat on the reservation, which he says will average 25 bushels to the acre, or a little more. He said: "I have three fields harvested, one of 240, one of 150, and one of 100 which go all the way from 30 to 40 bushels to the acre. My wheat is making just what I estimated six weeks ago. I never was as badly scared as some. There is one good thing about it, we are having an excellent quality of wheat this year." Rev. G. W. Rigby has 1800 acres of wheat on the reservation six to eight miles east of Pendleton. He has just completed the harvesting of 640 acres, which went in the neighborhood of 40 bushels to the acre.
H. J. Taylor has 230 acres of wheat and barley eight miles north east of Pendleton. From 33 acres of barley he got 1663 sacks, an average of 50 bushels to the acre. From his 190 acres of wheat he got 2937 sacks, an average of 33 to 35 bushels per acre.
George Baker has 200 acres of wheat adjoining Anderson. He has already threshed it, and was the first man in that section to get his wheat into the warehouse. It averaged 36 bushels to the acre and he has it stored in the Hafford-Gothrie warehouse.
A. Koppes of Fulton, seven miles northeast of Pendleton, is in town today. He has 140 acres of wheat which went 43 bushels of this year's crop, he has 5000 bushels saved over from last year, all of which he hopes to sell for 50 cents per bushel.

Meacham Excursion.

Tomorrow, Sunday, the O. R. & N. Co. will sell regular excursion tickets to Meacham and return at \$1. Train leaves Pendleton at 6:15 a. m., returning arrives at 10:40 p. m.
