GENERAL NEWS.

Severe rain storms have occurred
this week in the vicinity of Prescott,
Arizona.

Cornelius Vanderbilt was elected a
lieutenant in the Twelfth regiment,
National Guard of New York, Tuesday.

General Joseph Wheeler is being
honored by Newport society. Recently
he was the guest of honor at a din-
ner party given by Mrs. William Astor.

General John C. Bates assumed com-
mand of the department of the Mis-
souri Tuesday. General Merriam start-
ed for Denver where he retains com-
mand of the department of Colorado.

The London morning papers publish
an interview with Sir Thomas Lipton,
in the course of which he expresses
himself as confident of the success of
the Shamrock II., and says he believes
the Columbia will be chosen to defend
the cup.

Discoveries have just been made, says
a Santa Barbara, Calif., paper, which
are believed to establish conclusively
that wholesale smuggling of Chinese
from British Columbia into the United
States through Santa Barbara has been
carried on.

Indications were that the receipts
from the auction sale of town lots now
in progress at Lawton, Oklahoma, un-
der the direction of the federal govern-
ment will exceed \$500,000 in Lawton.
This is more than twice the estimate
of the most optimistic boomers of the
reservation.

Attorney-General Sheets of Ohio has
sent for a transcript of the testimony
of President Schwab, of the United
States Steel Corporation, before the
industrial commission at Washington
for use in a proposed investigation into
that concern's status under the state
anti-trust laws.

The official census returns show the
population of France to be 38,641,333,
an increase in the last five years of
421,364. The increase is mainly in
urban centers. Twenty-eight depart-
ments show an increase and 59 a de-
crease.

The census figures include the
troops in China, and the sailors of
the navy and merchant marine absent
from France March 24.

The south bound Missouri, Kansas
& Texas train No. 3, due at Fort
Worth, Tuesday morning, was robbed
at Caney, Switch, I. T., early that
morning by five masked men. The
express car was blown open, the safe
wrecked and the mail sacks rifled. All
the passengers were robbed of their
money. Seven men were arrested
during the day charged with the rob-
bery.

PACIFIC NORTHWEST NEWS.

The city council at Eugene is con-
sidering the proposition of raising sa-
loon licenses in that town to \$1000 per
annum.

Oscar Ferrell and George Gholson
were held up Tuesday night two miles
from Walla Walla on the road to Dry
creek. Only \$5 and a ring were secur-
ed. The highwaymen escaped.

A Willapa Harbor boy shot a big
bear with a 22-caliber rifle, the ball
entering at the ear and killing him
instantly. The bear was found to be
carrying around one or two larger bul-
lets that had struck within the place.

Clarence Swalley, who was employ-
ed as a shepherd by J. S. Julien,
of Sisters, Crook county, was drowned
a few days ago in a small lake near the
Minto trail and west of Mount Jeffers-
son. The details of the accident are
not known.

Harry Ohlgeschlager, aged 18 years,
living near The Dalles, went hunting.
Becoming weary he laid down to rest,
standing his rifle up near him. In so-
me way the gun fell to the ground
and was discharged, the ball entering
his left hip, coming out 16 inches be-
low.

Forty shillings per ton seems to be
about the established rate for grain
ships from North Pacific ports this
season. If they fall below this figure,
ships are taken up by the nitrate
men, and much of an advance above
40s will start ships north from the
nitrate ports.

Marion F. Wood, who has for several
years filled the position of foreman on
the Oregon agricultural college farm,
was recently selected to a similar po-
sition in the Idaho agricultural college,
where he is to serve also as adjunct
professor of agriculture, with an in-
creased salary.

The doctor sometimes passes a harder
sentence than the judge. But the sen-
tence of the doctor is more often set
aside or overruled than is that of the
judge. In the case of Mrs. Keycraft
given below, the doctor sentenced her to
about eighteen years of physical punish-
ment and misery. But she rebelled
against the sentence, and commenced
the use of Doctor Pierce's Favorite
Prescription. In a few weeks she
was a well woman.

It is a peculiarity of the cure ef-
fected by the use of Doctor Pierce's
Favorite Prescription, that they are
generally cures of chronic diseases.
A woman suffers with diseases
peculiar to her sex, she takes medical
treatment, gets no better, and has no
hope held out to her of improvement.
Then in her discouragement she turns to
Dr. Pierce's Favorite Prescription and
finds a prompt and lasting cure. "Fa-
vorite Prescription" establishes regu-
larity, dries unhealthy drains, heals in-
flammation and ulceration and cures
female weakness.

"Four years ago my health began to fail,"
writes Mrs. Nellie M. Keycraft, of Glenwood,
Washington Co., Oregon. "I had a very heavy
dragging and weight in my back and legs,
and could not lift anything heavy, and at
night very poor stomach dis-
ordered. One physician said I was overworked,
another said I had congestion and falling of
uterus. He treated me nine months and said I
would not be well until I had passed the change
of life. I was only twenty-seven years old then.
I became discouraged and began using Doctor
Pierce's Favorite Prescription. Took a tea-
spoonful three times a day. began feeling better
right away. Am using my third bottle now,
and feel I am in good health. I believe Dr.
Pierce's Favorite Prescription has restored me
to health. If suffering women would give it a
fair trial they would give it praise."

Dr. Pierce's Common Sense Medical
Adviser, paper covers, is sent free on
receipt of 21 one-cent stamps to pay
expense of mailing only. Address Dr.

GOSSIP OF THE RACING YACHTS

Shamrock II Said to be the
Finest Ever.

SHE CROSSED IN PERFECT CONDITION

Constitution and Columbia to Compete Tomor-
row in the Deciding Race to Select
Defender of the Cup.

Larchmont, Aug. 15.—Constitution
and Columbia arrived here this morn-
ing from Newport and began prepara-
tions for tomorrow's race.

Shamrock Drydocked.
New York, Aug. 15.—Shamrock Sec-
ond went into drydock today for the
purpose of cleaning.

Condition of Shamrock II.
New York, Aug. 15.—John E. Spears,
the World's yachting expert, in his
comments upon the new Shamrock
says, among other things: "The ap-
pearance of the new Shamrock as she
rides the water at the Erie Basin is
most disquieting. It is nothing that
was written on the other side was she
adequately described, and nearly every
description of her that was sent here
was seriously misleading. Without
any exception the model of the new
Shamrock above the water is the most
beautiful and the cleanest and swiftest
of any that ever sought for or defended
the cup. Let it be fully understood
that these adjectives are applied only
to what can be seen above water. Her
line under water may be wrong in
various respects, though that is scarce-
ly possible. In her proportion of bow
to stern Shamrock II. is perfect, ac-
cording to the best American ideas."

Some New Sails.
Bristol, R. I., Aug. 15.—The new
suit of sails being made for the Con-
stitution will be completed this week,
and it appears to be the intention to
have the mainsail bent on the Con-
stitution before the races in Long Island
sound.

MR. LIPTON'S GRACEFUL ACT

Speaks of the "Honorable Foes" He Will
Meet Here.

London, Aug. 15.—Just before the
train started for Liverpool, Lipton
made a speech, in which he said:
"I will do everything possible to win
the cup. I am glad to say I am going
among honorable foes who will give
me fair play."

Deciding Race Not Run.

Brantford, Ont., Aug. 15.—Constitu-
tion and Columbia were to have fought
it out Wednesday in the third and
deciding race of the series. The course
was twenty miles and return, but the
race was declared off because the
boats could not finish within the time
limit.

Invader Won Canada Cup.

Chicago, Aug. 15.—Invader won in
today's yacht race with the Ameri-
can defender Cadillac, this making three
races won by the Canadian boat.
The Canadian cup therefore goes back
to Canada.

THE STRIKE IN STATU QUO

No Changes Apparent Today in the
Trust Fight.

Wheeling, W. Va., Aug. 15.—
Shaffer again announced this afternoon
that if the Chicago and Bay New steel
workers do not join the strike, their
charters will be taken away.

Settlement Rumor Again.

Pittsburg, Aug. 15.—Rumors again
are current here and in New York that
there are prospects for settlement of
the strike. "That terms have been
submitted which will undoubtedly
prove satisfactory to both," while
officials at Amalgamated headquarters
positively deny the rumor.

Textile Workers May Strike.

Fall River, Mass., Aug. 15.—Mem-
bers of the Textile Workers' central body
gathered here today for tonight's
meeting at which will be discussed
the wage reduction threatened by the
Manufacturers' association. It is prac-
tically certain the Textile Workers
council will recommend that the 30-
000 members of the organization go on
a strike on September 3, the date
set for the fifteen per cent cut in wages.

Bitterness is Manifest.

Pittsburg, Aug. 15.—Early reports
today indicated little change in the
steel strike situation. There is a
tightening up at several points with
bitter feeling among the men and some
prospects of violence. The Monson
loop mill has not been started, the
trout people centering their efforts on
resumption at the Painter mills here
and the Lindsey and McCutcheon mill
at Allegheny city. It is reported
about seventy men have quit at the
Carnegie iron mill.

Shaffer Denies Rumor.

Wheeling, Aug. 15.—Shaffer speak-
ing of the settlement rumor, said it
was untrue and that the steel trust
has made no overtures for settlements.

Progress in San Francisco.

San Francisco, Aug. 15.—The Muni-
cipal League has been endeavoring to
consolidate the central body of the
various committees striving for a
strike settlement. A board of arbitra-
tion was appointed to arbitrate on
the I.H.W. plan. On Wednesday were
made modified peace proposals to the
Employers' association agreeing not to
demand the reinstatement of the strik-
ers, but that employers should recom-
mend the men be reinstated, the em-
ployees agreeing to the discharge of any
person not obeying the employers or-
ders.

Steamer Was on Rocks.

Boston, Aug. 15.—The United Fruit
company's steamer Ethelwold went
ashore in a fog off Marblehead. She
arrived here a few hours late not seri-
ously damaged.

Corcoran Pardoned Today.

Boise City, Ida., Aug. 15.—Paul Cor-
coran, the only Coeur d'Alene striker
convicted of murder during 1898, was
pardoned today.

THE NEW YORK MARKET

Reported by I. L. Hay & Co., Pendleton,
Chicago Board of Trade and New York
Stock Exchange Brokers.

New York, Aug. 15.—Wheat was
weak from the start today and closed at
the low point of the day, 13 1/2c under
yesterday. Liverpool closed 5 3/8-8, com-
pared with 5-9 1/2 yesterday. New York
opened at 78 1/8-8, and sold
down to 76 1/2, being three cents off
since yesterday morning.

Stocks all higher.

Money, 3 1/2 per cent.

Wheat:

Close yesterday, 78 3/8-8.

Open today, 78 1/8.

Range today, 76 1/2 to 78 1/8.

Close today, 76 1/2.

Stocks: Sugar, 13 1/4; steel, 44 1/2; St.
Paul, 160 3/4; U. P., 90 1/8-8.

WAS IT SUICIDE HE WANTED?

Query Raised in Baker City Regarding
the Newton Poisoning Case.

Baker City, Aug. 15.—Yesterday was
the time fixed in the anonymous letter
addressed to E. J. Newton, the young
man suffering from poison, for his
final demise. Nothing further has de-
veloped in the case, and it is coming
to be believed that the case was not an
attempt at poisoning. The young man
was suffering from arnica poison, ac-
cording to the physician called to at-
tend him, but the suspicion entertained
that it may have been self-inflicted,
and that the queer story of a stranger
giving him taffy candy is fictitious.

COLOMBIA AND VENEZUELA

WAR WAXES WARMER WITH WARN-
INGS OF DANGER.

Revolutionists Seem to Be Gaining the
Advantage in Fighting Now.

Kingston, Jamaica, Aug. 15.—The
British steamer Darien from Colon re-
ports heavy fighting on the outskirts
of Panama and Colon, the advantage
being on the side of the insurgents
who are still advancing on the two
cities. Many on each side have been
wounded. A number of passengers
were forced to leave Colon on the
Darien on account of danger and to
avoid conscription. They say the re-
bels' chances for victory are better
than at any time since the revolution
began. Both sides are committing
atrocities.

Macias Was Sent.

Norfolk, Va., Aug. 15.—The gunboat
Macias sailed today for Central
American waters where she goes to
protect American interests during the
Colombian-Venezuelan trouble.

Will Send Two Vessels.

Washington, Aug. 15.—The state de-
partment has finally determined to
send two warships to Panama, one on
each side of the isthmus.

NAMING STATE SECRETARY

Chairman White of Democratic Com-
mittee Soon to Announce Who It Is.

Baker City, Aug. 15.—According to
the Herald of this town Sam White,
by election district attorney, by selec-
tion captain of Company A, and by
district attorney, chairman of the dem-
ocratic state central committee, is se-
questering this week on the townwaters
of the Willamette.

It is understood that Chairman
White will soon name the state secre-
tary of the committee, and the impres-
sion here is that it will be given to
Portland. The theory is that a Port-
land man should be selected for the
reason that there is the storm center
of the battle, and that it would con-
tribute to the party's strength to have
a Multnomah county man in the po-
sition of the secretaryship.

Eugene P. Schow, deputy clerk of
Union county, is "mentioned," and it
is understood that there is a candi-
date in Umatilla county. Who it is
from the bunchgrass precincts that
wants to attend to the details of
Chairman White's campaign is not
known. However, inasmuch as
Chairman White refuses so much as
to give a dark, mysterious hint of the
gentleman's identity.

Captain White appears to have faith
in the newspaper project that has been
brutal about the state, and that cred-
it certain eastern men with a well di-
gested plan backed with ample capital
to establish a paper of democratic pro-
perties in Portland. It is understood
here that Captain White will confer in
the metropolis with some of the men
who are encouraging the scheme, and
get into touch with them and the pro-
jectors.

They say here in Baker City that

W. R. Hearst, owner of a battery of
papers in New York, San Francisco
and Chicago, has no money in the
scheme, but will merely permit the
use of the fine leased wire service that
carries telegraphic news to the cor-
ners of the world. The leased wire, so it is
understood, will be extended from San
Francisco to Portland.

NERVY SOUTHERN SHERIFF

Stood Off Mob That Wanted to Lynch a
Negro Assassin.

Tuscaloosa, Ala., Aug. 15.—A mob
broke into the jail this morning and
demanded the key to the cell of Henry
Pratt, a negro accused of assaulting a
white girl. The sheriff stood off the
mob with a shotgun and refused to
give up the keys. The mob finally
withdrew.

Another Lynching Prevented

Charlotte, N. C., Aug. 15.—The gov-
ernor today ordered out the militia to
protect William Monroe, in jail on a
charge of criminal assault. A mob
went to the jail last night to lynch
Monroe, but the guards held them
back with Winchester. Threats to
make another attempt to lynch him
this morning caused the governor to
issue the orders.

Baker's New Water Supply.

Baker City, Aug. 15.—Baker City to-
day has in her water mains a supply
from Elk Creek, brought eight miles
from the mountains. For the time the
supply will not be sufficient for needs,
but provision has been made for add-
ing other mountain streams, and when
this work is completed, water of the
finest quality for a city of 30,000 in-
habitants is available.

EASTERN OREGON WEATHER.
Tonight partly cloudy with possibly
thunder showers, locally cooler;
Friday cooler.

ANOTHER STORM SWEEPS THE GULF

The Loss of Property Will be
Very Heavy.

NUMBER LIVES LOST IS NOT KNOWN

The Hurricane Has Raged for Two Days and
Communication is Slow With the
Affected Districts.

New Orleans, Aug. 15.—The gulf
storm which struck the mouth of the
Mississippi yesterday raged all night
and spread along the coast so far east
as Florida. Immense damage was
done, but to what extent it is not known
in detail. Undoubtedly some lives
were lost. Twenty-five houses were
washed away below New Orleans, but
whether the occupants escaped is not
known.

Communication with the country
north of here is very slow and uncer-
tain, and it may be days before the
full story of the storm is known.

Pensacola, Fla., Aug. 15.—A storm
of serious proportions has been raging
in this vicinity for two days. Great
damage has been done to property
along the coast. The storm is the
worst in years. There has been no
loss of life thus far.

CRESCUS BESTED ABBOTT

Great Trotting Race Gave Three Great
Heats.

Brighton Beach, Race Track, Aug. 15.
—Crescus won all three heats in the
great trotting match today with the
Abbott.

Brighton Beach, Aug. 15.—Crescus
won the first heat; time, 2:03 1/4.

Took Second and Third.

Crescus won the second heat, best
time 2:04 1/4, and in the third distanced
The Abbott.

Brighton Beach Race Track, Aug. 15.
—A big throng assembled at the course
this morning, to see the great race be-
tween Crescus and the Abbott. About
noon it began to rain, but did not last
long. Top-notch time, was predicted.
Crescus was the favorite in the early
betting, 10 to 70.

New York, Aug. 15.—Betting this
morning on the great Crescus-Abbott
trotting match is slightly in favor of
Crescus. The track today is fast and
the weather clear and warm.

S. P. PRESIDENT RESIGNS

Excellent Authority for the Assertion
That Hayes is Out.

San Francisco, Aug. 15.—It is report-
ed that Hayes has resigned as presi-
dent of the Southern Pacific, not offi-
cially, but is generally accepted by
those interested as authentic.

BODY WAS PETRIFIED.

Strange Phenomenon Discovered at Dis-
intering of Remains of Aurilia Sulli-
van.

The Baker City Herald is authority
for the statement that the body of Miss
Aurilia Sullivan, daughter of Mr. and
Mrs. E. L. Sullivan of that town, was
recently disinterred and was found to
have been petrified. Miss Sullivan
formerly was a frequent guest here of
friends. The Herald's statement is
that upon May 23, 1901, Mr. Sullivan
and two others were present when the
body was taken from its first resting
place to be reburied. When the glass
covering of the coffin was removed, it
was discovered that the body had been
turned to stone. This was surmised
when it required three men to lift the
coffin, notwithstanding the weight of
the body in life was not more than
130. Petrified, it weighed not less
than 320.

It will be recalled by readers of the
East Oregonian that Miss Sullivan lost
her life through a stroke of paralysis
brought on by too faithful attendance
upon relatives who were patients in
the hospital and whom Miss Sullivan
nursed for many weeks.
