OPSIS OF THE TAX LAWS

That Will Prove of Interest to the Tax Payers.

The new law, passed at the 1901 session of the legislature, is similar to the law, last year, and wonderful advantages.

Property owners should study it carefully in order to take advantage of its provisions and to avoid a penalty.

Following paragraphs are furnished from the sheriff's office, and are intended to prove of interest to the tax payer.

These paid on or before March 15th of the year, inclusive, and will be allowed any rebate and interest thereon.

These become delinquent after the first Monday in April, when there is immediately added a penalty of 10 per cent and also interest at the rate of 12 per annum in addition to the tax.

If one-half of the taxes are paid before the first Monday in April, the payment of the remainder of the tax may be extended up to and including the first Monday in October, but the remainder is not paid on the first Monday in October.

On all personal property taxes levied on or before May 1, the one-half thereof shall have been paid on or before the first Monday of the year.

The law compels the sheriff to sell all lands on which taxes have been paid, and that such sale shall be held later than March 1, of the succeeding year in which the tax is made.

Property will be sold to the person offering the lowest rate of interest, and certificates will be issued and deeds given to the property two years after such sale, unless otherwise released.

DO YOU NEED

- A CLOCK, WATCH, RING, WATCH CHAIN, CHARM, SET SILVER FORKS, KNIVES OR SPOONS; OR AN ALARM CLOCK or anything in the jewelry line?

AN IMPROVEMENT NEEDED

Pendleton Should Have a Hurry-Up Wagon at Once.

It became necessary recently for Chief of Police Heathman and Special Officer Steve Jones to escort a large muscular gentleman to the city jail.

He was obstreperous, and delayed the train several seconds by holding back. The scene was exciting and several ladies who saw it almost fainted with fright.

One remarked that Pendleton should have a hurry-up wagon. This episode was the cause of attracting more than usual attention, and may result in having Pendleton assume another metropolitan feature.

THISTLES AND DANDRUFF. An Interesting Parallel and a Valuable Deduction Therefrom.

Cutting down thistles no more relieves the land of thistles than does scouring the scalp cure dandruff. In each case permanent relief can only come from eradicating permanently the cause.

Thistles germ the valley and the scalp in searching for the hair root where it saps the vitality, causes dandruff, falling hair, and baldness. If you kill that germ, you'll have no dandruff, but a luxuriant suit of hair.

Newbro's Herculite is the only hair preparation in the world that cures dandruff, falling hair and baldness by killing the germ. "Destroy the cause, you remove the effect."

NOTES FROM ECHO. Things of People Down on the Umatilla River.

Echo, Aug. 22.—R. E. W. Spargur and wife are still guests at the Arlington. Judge Spargur is looking for a man to work his ranch by the year.

L. C. Rogers and daughter, Neva, took the train Tuesday morning for Portland. Her health, Mr. Rogers is about the same.

John Strain, a cousin of Mrs. Moley Crayne, was taken to Pendleton Monday morning by Constable Elt Spike. He had developed signs of insanity.

On Sunday afternoon, in the postoffice, Mrs. Oliver, while looking on no provocation, struck him a hard blow over the eye. Bill was more or less surprised. Strain was taken to Salem to the asylum by Deputy Sheriff Blakley.

D. M. Butts, sub-contractor on the railroad work near Echo last winter, was in town Wednesday. He is shipping all his apparatus to British Columbia, where he has railroad work.

Mr. Butts has been defendant in several suits, on account of wages alleged to be due, all of which are settled.

H. G. Newport and son have received several months' work from the O. & N. Co. putting in switches and side track, etc., along the main line.

Thos. Driscoll and family have moved over from Heppner and have taken the Arlington hotel. Mr. Driscoll will continue to run his meat wagon, while Mrs. Driscoll will have charge of the hotel. The hotel has taken on a new appearance and trade seems to be brisk.

L. McEee and wife have gone to the mountains for a few weeks. Wheat is coming in to Echo pretty steadily now, something over a thousand sacks a day.

Mrs. Chas. H. Miller is a guest of Miss Emma Sawtell at Pendleton. Considerable hay is being baled in and about Echo for shipment. M. C. Tribble and J. H. Young have received orders for a couple of cars each.

Frank Whitworth has sold his ranch near Echo to C. J. Gulliford; consideration, \$1500. Joseph Chas has bought the M. C. Tribble ranch at Echo. The price paid was \$5500.

WOOD GUTTERS For barns and dwellings. Cheaper than tin.

Lumber, Lath, Shingles, Building Paper, Tar Paper, Lime and Cement, Mouldings, Pickets, Plaster, Brick and Sand, Screen Doors & Windows, Sash and Doors, Terra Cotta Pipe.

C. S. MELLEIN IN PENDLETON

ON ANNUAL TOUR OF INSPECTION OF PROPERTIES.

Didn't Talk Much, But Was Pleased With Reports of Prospective Tonnage for His Road.

Charles S. Mellen, president of the Northern Pacific and of the W. & C. R. R. Co., and one of the most conspicuous figures in the railroad and financial world, was in Pendleton Wednesday evening, with his special train. He left soon after arriving and went to Pasco, whence he departed for the east. He was here on his annual tour of inspection of the Northern Pacific system and its branches and allied lines.

With him were other prominent railroad men: Joseph McCabe of Walla Walla, vice president and general manager of the W. & C. R. R.; W. S. Pearce, general manager of the Northern Pacific; A. E. Law, assistant general superintendent, of the Northern Pacific; S. B. Calderhead, general passenger and freight agent of the W. & C. R. R. Co.; J. G. Cutler, treasurer and chief engineer of the W. & C. R. R., was also in town, coming over in the morning on the pay car with the money due employees for services of the previous month.

Mr. Mellen had with him a Mr. Young of St. Paul, personal friend and once vice president of the New Haven & Hartford Co.

The inspection tour has been a pleasant duty to Mr. Mellen, who finds conditions relating to tonnage particularly favorable.

He is noted as a poor talker. Newspaper men have him on the list as extremely reticent and that he was on this occasion. He, however, expressed himself briefly as more than pleased at reports of prospective tonnage from crops herabouts and the consequent large importations of merchandise, as well as stock shipments.

Regarding Mr. Mellen's reticence, it is said by some that he avoids multiplication of words in interviews because of the proneness of Jim Hill of the Great Northern to give out lengthy statements and what Mr. Mellen regards as a tendency towards garrulity. While not talking much, Mr. Mellen is on business, and has the reputation on Wall street of being one of the greatest railroad managers and traffic getters who ever adorned a railroad president's office. He is yet the Northern's president, notwithstanding the recent reports that Hill's harmony scheme would compel Mellen to vacate his big job and give way to some man more to Hill's liking.

A Deep Mystery. It is a mystery why women endure backache, headache, nervousness, sleeplessness, melancholy, fainting and dizzy spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phoebe Cheryler of Peterson, Ia.; "and a lame back, painful joints, could not dream myself, but Electric Bitters cured me, and, although 73 years old, I am now able to do all my work." It overcomes constipation, improves appetite, gives perfect health. Only 50c at Tallman & Co. drug store.

"Nerve Waste." One of the most helpful books on nerve weakness ever issued is that entitled "Nerve Waste," by Dr. Sawyer of San Francisco, now in its fifth thousand. This work of an expert and reputable physician is in agreeable contrast to the vast sum of false selling which prevails on this interesting subject. It abounds in carefully considered and practical advice, and has the two great merits of wisdom and sincerity.

It is endorsed by both the religious and secular press. The Chicago Advance says: "A perusal of the book and the application of its principles will put health, hope and heart into thousands of lives that are now suffering through nervous impairment."

The book is \$1.00 by mail postpaid. One of the most interesting chapters—chapter xx, on Nerve and Nerve Tonics—has been printed separately as a sample chapter, and will be sent on any address for stamp by the publishers, THE PACIFIC PUBLISHING CO., Box 265, San Francisco.
