Comparison With San Francisco Made by Water Commission Secretary Frank B. Clopton.

Frank B. Clopton, secretary of the water commission, has looked into the matter of the cost of water here and at other places He takes San Francisco as a basis of comparison, and arrives at some interesting results. Pendleton is compelled to pump water from wells. San Francisco does not. There the

used each month, the charge is reduced to 17 cents per 1000 gallons.

Dozens of comparisons might be instituted, showing that Pendleton is getting about the best water service given in the country, all things considered. Although the rates are low, comparatively, the system has been much improved, as everyone knows who has lived here for any length of time. A new pump has been bought and installed, and new mains have been laid. The entire system has been laid. The entire system has been laid. The entire system has been laid. been laid. The entire system has been of a case before Judge Brents today. When searched at the jail a bundle of legal papers and \$32 was found.

Walla Walia, Sept. 6.—Columbia River annual conference is deep in the trial of the case against the Rev. Dr. Brown of Spokane, presiding elder of the Spokane district.

There is more catarrn in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to etre with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requiring constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohto, is the only constitutional cure on the market. It is taken internally in doses of from ten drops to a teaspooutul. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. WALLA WALLA FRUIT FAIR Management Promises Most Successful

One Yet Given. The Walla Walla froit fair will be held September 23 to 29, inclusive. The management believe it will be the "best ever," surpassing any yet given there where fruit fair management has peen reduced to a fine art by Secretary C. F. Van De Water and his associates. "Elks' Day" will be on Wednes-day, September 25. They have resolv-
