THE CULT OF FORCE.

PENDLETON, UMATILLA COUNTY, OREGON, TUESDAY, SEPTEMBER 10, 1901.

Emma Goldman, the anarchist lec-turer wrote the book that Czolgoss says inspired him to attempt to assassiate President McKinley at Buffalo.

The ramification of the band of anarchists which is supposed to have been responsible for the commission of the terrible tragedy at Buffalo, Friday, is believed to extend to Cincinnati. The local police have received a tele-gram from Chief Wilkie, of the federal secret service department, requesting the arrest there of E. Laux, 1430 Mon-

Two thousand members of the socialists voted down a resolution of regret for the attempted assassination of the president, at a meeting in Bergman's Grove, Riverside, New York. The argument of those opposed to the resolu-tion was that McKinley is the repre-sentative of the capitalist class, and thus his safety or danger are matters of no concern to socialists.

Two hundred anarchists celebrated President McKinley's assassination at Guffey Hollow, a mining hamlet across the Yongbiogheny River from Buena Vista, Pa., near McKeesport. Beer, whisky, speeches, songs and praises for Czolgosz were the order of the day. This is one of the largest anarchist groups in the country. It was started and led by Garcia Ciamcavilla, who now lives at Spring Valley, Ill., and edits the Firebrand, the anarchist organ. When Bresci assassinated King Humbert, Ciamcavilla declared that McKinley would be the next victim of the anarchist plots.

The Australian federal cabinet has requested the governor-general of Auetralia, the Earl of Hopetonn, to cable to the secretary of state for the colo-nies, Mr. Chamberlain, expressing the sympathy of the Australian people with the Americans, earnestly hoping that the president's wounds are not mortal and that he will be spared to continue guidance of the destinies of this great people.

hundred Polish-Americans gathered in Saint Laurentius Roman Catholic church in New York and passed resolutions deploring the shooting of President McKinley, and protested against the statements that the wouldassassin was connected with the Polish people in this country.
