Retrospect.

It is an evil day for the wife and mother when she sees her own face in the mirror and asks the question "Does it pay? Does it pay to sacrifice health and happiness to wedded love?" But there is another question which rightly takes precedence of "Does it pay?" It is this: "Is it necessary to sacrifice health and happiness to wedded love?" Half a million women answer, No! They have been weak and have been made strong by Dr. Pierce's Favorite Prescription. They were sick and "Favorite Prescription" made them well. It will do the same for almost every woman who gives it a fair and faithful trial. It stops weakening drains, heals inflammation and cures female weakness. It tranquilizes the nerves and encourages the appetite.

It is expected to become a mother, and a threatened miscarriage greatly weakened me. I writes Mrs. E. A. Nations of Walnut Springs, Sevier Co., Ark., "and my old doctor returned my husband and another doctor for me but I seemed to just drag along and get no better. At last I told the doctor that if he would not help me I would go back to Dr. Pierce's medicine. I did so, and by the time I had taken three or four courses of my own medicine, except washing, and treated my gaiter to me. I was sicker than I ever been before waiting baby's coming since my first baby came (this one was the sixth child). It is now eleven months old and is a healthy child. As for me, I feel as young now as I did at eighteen years of age, and I am sure I can cheerfully recommend Dr. Pierce's medicine to all suffering womankind."

DETAILS OF A GIGANTIC PLOT TO KILL

Senator Hanna Thinks it Included Many Rulers.

ANARCHISTS PLANNED TO ASSASSINATE

King Humbert of Italy, Empress of Austria, President McKinley, Emperor of Germany, Czar of Russia—Plan Partly Successful.

Chicago, Sept. 12.—Walter Wellman in a special to the Record-Herald says: Senator Hanna firmly believes that the attempted assassination of President McKinley was part of a gigantic anarchistic plot to "remove half a dozen heads of nations." In this connection he makes some startling disclosures.

About two years ago the secret service discovered evidences of a plot among the Patterson (N. J.) group of anarchists to take the life of President McKinley. An investigation promptly followed.

At first the results were rather indefinite and inconclusive, and the secret service withdrew its men. But one of the agents who had been employed in the investigation, an exceedingly able detective who speaks Italian, prosecuted further inquiries upon his own account.

He made a report to Senator Hanna, and the report was of a most startling nature. It was to this effect: To Be "Removed."

1. The Prince of Wales (now King Edward of England). 2. King Humbert of Italy. 3. The Empress of Austria. 4. President McKinley. 5. Emperor William. 6. The czar of Russia.

This was the program of the Patterson group of anarchists, according to the report of the detective.

His written statement was taken to the White House and shown to President McKinley, but Mr. McKinley gave no credence. He refused to believe that anyone could wish to "remove" him.

This report was filed away in Washington. It has been telegraphed for, and will probably be here tomorrow or Tuesday. There is intense curiosity to learn if the Italian detective who prepared it, and who seemed to have an abundance of evidence and circumstantiality on which to base his statements, knew or heard anything of this Polish anarchist who shot the president last Friday.

"I am firmly convinced that there was a plot to destroy the president," said Senator Hanna. "It will be noticed that of the six heads of states who were down on the Patterson program of two years or more ago two have been killed by anarchistic assassins—King Humbert and the empress of Austria."

"Attempts have been made upon the lives of three more—President McKinley, Emperor William and the Prince of Wales, as he was then.

Coincidence is Striking. "Admitting that the attack upon the kaiser was not made by an anarchist, the coincidence is still startlingly striking."

"If that detective was correct in his diagnosis of the situation in anarchistic circles two years ago it must be admitted that they have stuck pretty close to their program.

"I have no doubts that Colozog was in a plot. We cannot believe that he was smart enough to plan out this thing all by himself. Of course he denies that he had accomplices, but the probabilities are that he lies like a horse-thief. It took more than that need of his to scheme out all the elaborate plans of this crime.

He admits that he was inspired by Emma Goldman. It is known that the Goldman woman was recently in Buffalo. It is known that Colozog had relations with anarchistic leaders in Chicago and elsewhere. He is not a degenerate or morally irresponsible. He is an anarchist, and we propose to run to earth every man or woman that had anything to do with the crime or the plotting of it.

"The wretch's own father says he ought to be hanged. Anarchism and assassination are getting to be the curse of the world, and it is high time all civilized nations were uniting to stamp them out."

As soon as the report on the plots of the Patterson group has been received here it will be turned over to the special service men, and it is hoped that it may throw some light upon the antecedents of Friday's crime.

WALTER WELLMAN. Regarding Goldman's Guilt. Buffalo, Sept. 12.—Secretary of War Root said this morning that the state authorities will unquestionably try Colozog, but refused to say whether Emma Goldman will be brought from Chicago at once or not. Extradition papers have not been prepared by the district attorney and that official does not know when they will be. He also refused to say whether or not there is sufficient evidence to connect Goldman with the crime.

Anarchists May Be Released. Chicago, Sept. 12.—Unless the Buffalo authorities take some steps to show good cause for the further holding of Goldman and the other anarchists now under arrest here, they undoubtedly will be released. The Buffalo police had not forwarded additional evidence up to noon, and apparently getting ready to pull out of the Chicago end of the affair and allow the police to hold the bag.

THE DAY'S BULLETINS. Restful Night—Takes Much Nourishment—Some Solid Food. Buffalo, Sept. 12, 6:20 a. m. "The

president had a comfortable night. Pulse, 122; temperature, 100.2."

Buffalo, Sept. 12, 9:30 bulletin—"The president spent a quiet and restful night and has taken much nourishment. He feels better this morning than at any time. He has taken a little of solid food this morning and rested. Pulse, 120; temperature, 100.2."

Buffalo, Sept. 12, 3 p. m.—"The condition of the president is very much the same as this morning. The only complaint is of fatigue. Dr. Mynter said the solid food which the president took this morning has not agreed with him very well."

The President's Breakfast. Buffalo, Sept. 12.—When Doctors Mynter and Park left the house after consultation they said the president was doing excellently this morning. His breakfast consisted of half a cup of beef tea, some toast, a cup of coffee and a little whiskey. They were sure that within four weeks he will be in good health.

A QUESTION OF REMOVAL

Can Be Taken From Buffalo in Two Weeks to a Month.

Buffalo, Sept. 12.—How long it will be before the president recovers sufficiently to leave the Milburn residence is a question about which the physicians say little. It will be a matter of at least two weeks, according to commonly expressed opinion, or it may be a month or more. Visitors are still excluded from the sick room, and in spite of the patient's increasing strength may be kept from the president's room for some days.
