Harvey Waived Examination.

T. G. Hailey was in Adams yesterday, to prosecute Lew Harvey for assaulting T. C. Ferguson with a dangerous weapon. Harvey waived examination and will appear at the next term of circuit court. There had been considerable ill feeling existing be-tween the two men for a long time and when they met about a week ago, t seems that Ferguson fell to calling Harvey hard names. Harvey felt called upon to do something in return and, with a piece of wood, he struck the other a severe blow on the head. Such was the charge.

There is more estarrn in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven estarrh to be a constitutional disease, and therefore requiring constitutional treatment. Hall's Catarrn Cure, manufactured by F. J. Cheney & Co., Toledo, Obio, is the only constitutional cure on the market. It is taken internally in doses of from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J.
