

Why is it?

We have built up such a large business in shoes?
There is some reason for it. We have nothing
to draw trade to our store but shoes. We claim

be lower and our shoes must be better or we
would not have been able to build up such a large

better shoes at lower prices than ever.

Those who visit the carnival at
Portland, the state fair at Salem or
point west of the Cascades should
embrace the opportunity of a trip on
the "White Collar Line" steamer
Bailey Gatzert between The Dalles and
Portland and enjoy the scenery of the
Columbia as well as the comforts of
first-class steamboat traveling. The
fare is very cheap and steamers connect
closely with trains. The company
publishes the time of the sailing of its
steamers in an "ad" in the East Ore-
gonian daily and weekly.

PEOPLE HERE FOR A DAY.

Arthur McKinley of Portland is
spending a day in Pendleton before
taking a journey to Cambridge, Mass.,
where he will become a student of
Harvard college. He has for the past
five or six years been at the head of
the Latin department of the Portland
public schools. His father is Rev. C.
A. McKinley, who is the predecessor of
Rev. F. L. Forbes of the Pendleton
academy. His brother and sister, Ed-
win and Alice, are both university
students, the former at Princeton and
the latter at Eugene, Ore. Francis is
an express messenger on the Northern
Pacific, out of Spokane. Mr. McKin-
ley is shaking hands with old friends
here today and will leave for the east
tonight.

PERSONAL MENTION.

R. H. Patton, the saw mill man of
Pilot Rock, is in town today.
Jos. McCabe, manager of the W. &
C. R. Co., is at the Pendleton.
N. Berkeley, Jr., sold Ed Rippey's
stock ranch to Mark Patton. It is lo-
cated in Camas valley.
E. H. Clarke returned this afternoon
from Skagway and Juneau, where he
has been for several weeks.
Miss Grace Houghton of Walla Walla
and Miss Daisy Lee of Milton today
completed a special-teacher's examina-
tion.
Frank Sibley was brought today from
Butter creek, an alleged accomplice of
Ira Sibley, the young forger and his
cousin.
Misses Jennie and Laura Beattie have
arrived from Oregon City to take up
their work as teachers in the public
schools.
Miss Pearl Smith of Helix went to
The Dalles this morning to spend the
winter. She will learn the millinery
trade there.
Traveling Passenger Agent J. H.
O'Neil and Superintendent of Tele-
graph E. A. Kieppel of the O. R. &
N. are in Pendleton today.
Mrs. W. E. Brock and son Herald
have returned from a two months' out-
ing at the coast by way of Heppner,
where they remained a week.
Dr. A. L. Beattie, who has been one
of Pendleton's leading dentists, will
leave tomorrow morning for Oregon
City where he will establish a practice.

Mrs. W. P. Fell has gone to Port-
land and Mr. Fell is to go tomorrow
night. He will enter the employ of
Mason, Ehrman & Co., and they will
make their home in Portland.
Miss Pearl Lucie left this morning
for Eugene, to resume her studies at
the university. She will spend a few
days at Portland where she will be
joined by her mother, Mrs. Mary But-
ler, next Tuesday.
Shaniko Leader: Dr. Pilkington,
who some time since sold out his in-
terests in Antelope and went east to
take a special course in surgery, was
in Shaniko Saturday. We learn the
doctor will locate in Astoria to follow
his profession.
Heppner Times: Mrs. Geo. Conner
and her sister, Mrs. W. E. Brock of
Pendleton, both returned to Heppner
last Friday evening from a two
months' outing by the seaside. Mrs.
Brock will visit with relatives and
parents here for a short time.
John Town, a sheep man from Great
Falls, Mont., is in Pendleton for a
few days. Mr. Town owns about 20-
000 head of sheep in Montana and is
here for the purpose of adding to his
already large stock. He has come pre-
pared to buy 10,000 lambs, if he can
find a place to winter them. He says
that the Oregon sheep are much more
satisfactory than those raised in Mon-
tana.

R. T. Cox has received a letter from
his sister, Bessie, who was in Buffalo
at the time when President McKinley
was shot. She was looking at the
California fruit exhibit near the
Temple of Music, when the shooting
occurred. Miss Cox said that it was
remarkable how slowly the news
spread, that she did not hear of it
until fully half an hour afterwards.

LEE STREET BRIDGE UNSAFE.
Condemned by the Mayor—To Be Re-
paired at Once.
Mayor Vincent today condemned the
Lee street bridge as unsafe for traffic,
and caused it to be closed. Repairs
are to be made at once. The heavy
hauling of wheat has rendered the
step necessary, in the opinion of the
mayor and other city officials.

FOR SALE.
1000 acres of summer fallow, 800 acres
of stubble wheat land; all implements
and stock necessary to work the land.
Inquire of Paul Bowman.

\$10 Reward.

shoulder.

BASE BALL TOMORROW.

Pioneers and Invincibles are to meet
Sunday afternoon.
There will be another baseball game
tomorrow afternoon at the Alta street
grounds between the Pioneers of the
Pacific and the Invincibles. Two
games have already been played in
which the latter team, heretofore
known as the Knights of Pythias, has
got the worst of it. The Invincibles
have strengthened considerably and
say that they are sure to win tomor-
row. The proceeds will be donated to
some charitable cause. The game
will begin at 3 o'clock sharp. The
line-up:
Pioneers: Barlow, catcher; Cronin,
pitcher; Cox, short; Medley, first
base; Ulrich, second base; Anderson,
third base; Drake, left field; O'Hara,
center field; Maya, right field.
Invincibles: Hartman, catcher; Du-
duis, pitcher; Fletcher, short; Brown,
first base; Bond, second base; Lam-
kin, third base; Fitzgerald, center
field; Held, left field; Keller, right
field.
J. CLOVE WAS SHOT.
Will Be Brought From Umatilla This Af-
ternoon.
A telegram was received at Brock &
McComas' drug store this afternoon
that reads as follows:
"Umatilla, Ore., Sept. 14.—Brock &
McComas.—Tell McComas to have Dr.
Cole treat gunshot wound on me at the
arrival of No. 2. Provide conveyance
to the depot. If Dr. Cole is absent,
send for him."
Mr. Clove is employed as warehouse-
man in E. W. McComas' warehouse at
Cold Springs. It is not yet known
whether the telegram is the result of
an accident or otherwise. The bullet
entered just below the knee and lodged
in the ligament in the back part of
the leg. Nothing further will be
known until Clove arrives at 5 o'clock.
WRECK ON O. R. & N.
Engineers Tom Haslam and Reese in-
stantly killed.
It is reported from The Dalles that
two gravel trains were wrecked on the
O. R. & N. yesterday afternoon, in
stantly killing Engineers Tom Haslam
and Ed Reese and injuring two or
three other train men. The accident
occurred two miles east of The Dalles
between 3 and 4 o'clock in the after-
noon. Very little information except
the bare facts can be obtained concern-
ing the disaster.
The Patience of Women.
It is remarkable what time and pa-
tience may accomplish, says the Cor-
vallis Gazette. In the contest for a
pair of shoes recently closed at Kline's
Mrs. James Dunn performed a feat
which seems almost incredible. Up-
on one side of an ordinary postal card,
she wrote the words, "Queen quality
\$3.00 shoes for ladies," 640 times.
Every letter is perfectly formed, and
the work is neatly done. To the naked
eye the card appears to have traced
upon it some peculiar design, but
when brought under the glass every
word is plainly legible. Mrs. Ada
Cunningham of Ilwaco wrote the words
620 times, while Mrs. Charles Young
of this city took third place with 569.

When to Wind Your Watch.

It is better to wind your watch in
the morning than in the evening, be-
cause, after you have wound it, the
spring is kept tight for some hours,
and is gradually relaxed during the re-
mainder of the 24, says the London
Express. Thus by winding it in the
morning you have the spring tight
during the day and while you are on
the move; and at night, when the
spring is comparatively relaxed, your
watch remains quite still. You see,
the chances are that if you allow the
spring to be relaxed during the day
your watch will not keep such good
time.

At the end of his row

A man must be a poor implement,
when he can buy the best in the market at
such low prices as we charge. We sell implements
that stand the ordeal kind of use. We are
selling Stoughton hoes and wagons at cheap
prices. Whatever you need we have the best
and our prices are the lowest.

as good as home made; but they are not.
