DURING M'KINLEY MEMORIAL

IN SPOKANE THE INTERSTATE FAIR HAD HORSE RACES.

Dr. Wallace in His Address Censures the Management.

In Spokane on Thursday, the day of national mourning, while nearly every other town in the United States forwent pleasures and until the day was closed at least gave up all business and pleasure, the interstate fair managers had the city placarded with red cards advertising the horse races for that day. Rev. Geo. R. Wallace, orator of the day, very justly censured the fair management. The managers made very ineffectual reply as will be judged from the following remarks by one of them as printed in the Spokesman-Review:

"The language of Dr. Wallace is so temperate, so unbigoted and so uncalculated for that we can find no words to adequately express our contempt for the language used and for the author thereof.

"The first demonstration of respect for the memory of our dead president, William McKinley, held last Sunday at the jubilee grounds, when was attended by fully 6000 people, including all classes of our citizens, was the direct result of the closing of the gates of the interstate fair throughout that day, and the donation of the services of the Royal Italian band by this committee.

"We do not desire to be interviewed further on this matter. The people of Spokane know Dr. Wallace, and they also know the men who have the management of the interstate fair."

As to whether Dr. Wallace's remarks were temperate, unjust and uncalculated, one may form an opinion from the subjoined stenographic report of all he said in reference to the matter, before beginning a very eloquent eulogy to the dead president:

Dr. Wallace's Remarks.

"I am pained while I stand here today. In the two years, almost, that I have lived in Spokane I have come to love it. I have learned to respect and love many of its citizens. It is a pity to say this is the worst city I have ever seen. It is not. It is possibly more thoughtless than wicked intent, but it does seem as if, on this day set apart for the burial of our president, horse racing and its associated gambling might have stopped. Our schools have closed, our business houses have done the same. I am in hearty sympathy with our interstate fair and everything that will add to the prosperity of our city. But I confess I felt my blood grow warm as I walked my way through the beautiful streets of this city to this service. To see that, amid the flags and crepe appearing everywhere, had been rudely and vulgarly stuck great red cards advertising races on this day. Red is an unfortunate color today, when our president lies dead from the actions of those who act under the red flag. Had the races been run without this direct and vulgar insult to our dead national chief, my lips would have been dumb, but just such irreverence and heartless indifference to the great facts and conditions of American life is what breeds and develops anarchy."

Spokane Was Lonesome.

Spokane was rather lonesome holding fair, carnival and race features on the day of the president's funeral. Portland, Salt Lake and other towns cut out all such things and gave up themselves entirely to the practically unanimous national mourning. The incident carries with it no suggestion of compliment to the Spokane fair managers' good taste.

FAREWELL TO DR. METZLER.

Heppner Friends Bade Him Good Bye When He Came to Pendleton.

The hospitable home of Attorney and Mrs. G. W. Phelps in this city was the scene of much gaiety and genuine enjoyment last Thursday evening, says the Heppner Times, the symphony band giving Dr. M. B. Metzler a happy send-off. The doctor, who has been a great friend of this excellent band, left Saturday morning last for his new field of labor at Pendleton, and the band boys took this occasion of expressing to him their appreciation for past favors. Several beautiful and clever selections were rendered after which the boys were invited in and were royally entertained by Mr. and Mrs. Phelps. Dr. Metzler, Miss Hart, Miss Welch and others, a fine luncheon being not the least attractive feature of the happy occasion. Dr. Metzler is very popular here, and we all wish him abundant success in his new home across the county line.

FELL THROUGH SIDEWALK.

J. J. Lavin Threatens to Sue the City for Damages.

J. J. Lavin threatens to sue the city for damages on account of the hurt he received Friday, by falling through a defective sidewalk. He was walking down Court street near Willow, when suddenly the walk gave way beneath him and he almost disappeared from view. He braced badly, but about the legs and his hip was so severely wrenched that he could scarcely walk. On investigation it was found that the trap door, which covered the water meter opening, had gradually worked toward the edge of the cleat which held it, and was ready to give way at the slightest pressure. The place where the accident occurred is directly in front of a house belonging to Pearl Bowman.

Mayor Vincent says that if Mr. Lavin tries to collect damages from the city, that the city attorney will be instructed to bring suit against the man who owns the property.

A New Invention in Fog Signals.

A new method of signalling during fog has been invented that will lessen the danger of collisions among ocean vessels, and if it proves a success many serious disasters will be averted. It is well to need signals of danger when they may appear, especially those that show there is something wrong with the stomach. Hostetter's Stomach Bitters should at once be brought to the rescue, as it will about lately cure stomach, liver and kidney troubles. There is nothing to equal this medicine for dyspepsia, indigestion, constipation, flatulency, biliousness, insomnia or nervousness. It has been before the public 53 years and its superiority is firmly established. It is a sufferer from any of these complaints do not fail to give it a fair trial.

BARELY ESCAPED DEATH.

George Murphy Tried to Catch Front end of a Train.

Geo. Murphy, hotel, escaped instant death Friday noon at Wallula. He attempted to catch the front end of the mixed train, but it was moving too rapidly, and he was thrown underneath. It was only by the quickest action that he kept from being killed. In the fall, the lower part of his body was thrown across the rails and he succeeded in getting clear, just as the wheels went by. He finally caught the train and came into Pendleton last night. Murphy played third base for the baseball team for a while last summer.

Seven Years in Bed.

"Will wonders ever cease?" inquire the friends of Mrs. L. Pease of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but, "Three bottles of Electric Bitters enabled me to walk," she writes, "and in three months I felt like a new person." Women suffering from headache, backache, nervousness, sleeplessness, melancholy, fainting and dizzy spells will find it a priceless blessing. Try it. Satisfaction is guaranteed. Only 50c. TO ORGANIZE ON MONDAY

High School Football Team Begin Practice Next Week.

The high school football candidates will have a meeting on next Monday to organize and decide on a coach. The boys are enthusiastic and eager to begin work. Nearly all of them have had one or two years experience, and although light in weight they are endowed with the necessary amount of nerve and agility. Thus far, training has been confined chiefly to gymnasium work and hand ball. Next week, however, the footballs will be brought out and hard work will commence. Manager Roy Conklin is making every effort to have a winning high school team this year. He wishes to get a schedule of games with outside schools as soon as possible, in order to give his team the incentive for hard work. He knows of no reason why the anticipated league should not be a success and says that it will raise the standard of scholastic football. The game received a setback at Baker City last year, but that may be overcome by good, straight football.

Marcus Going to Eugene.

Pendleton baseball fans will remember George Marquis, the "smooth pax" pitcher who played here during the recent baseball meet. Whitman college is now mourning his loss. He is an all around athlete, good pitcher, and very popular at Whitman. He will enter the university of Oregon for two years work and will probably take a prominent part in athletics. There are those who cry professionalism and say that he received substantial inducements to enter the university, but his friends scout the idea.

New Wool Association Members.

Sheepmen who became new members of the Oregon Wool growers' association at Heppner are: Chas. Cunningham, Ike Howard, Ed Day, H. A. Copper, J. L. Howard, J. T. Kirk, Geo. Conser, Nat Webb, J. T.
