Guy Hartlett of Walla Walla has fallen into a good thing by the discovery of oil on land in Virginia which he inherited. It was regarded as worthless, until the oil was found. When a company paid \$20,000 for a lease of the land and are paying a monthly royalty of \$800 as they take out the valuable substance.

William L. Shiverick has accepted a position with the Peoples Warehouse. He will have charge of the shoe department. Mr. Shiverick is probably one of the most competent shoe men on the Pacific coast. He had something like twenty years experience in Massachusetts towns where shoemaking is a fine art, and was in the retail boot and shoe business in Chicago for a number of years. The many friends of Mr. and Mrs. Shiverick will learn with pleasure that they are to remain in Pendleton.

"S. R. O." SIGN OUT FRIDAY NIGHT.

Wiedemann Company Paek the Frazer at "Steam Laundry" Friday Night.

Friday night the Frazer was filled from pit to dome, chairs were placed in the aisles and corners, people stood up in the foyer, and when all of the floor space was occupied by theatre goers, they were turned away from the doors. At 8:15 o'clock, there was a double file on the stairway, those going up to obtain admission, and those coming away when Manager Welch shook his head and informed them that not another square foot of humanity could be jammed into the house.

It was the fifth night for the Wiedemanns and they were going to produce "The Steam Laundry," a four-act piece partaking of melodramatic and vaudeville characteristics, and which was snappily put on by this company.

This afternoon, a matinee was given with "The Village Bell" on the boards, and tonight the week engagement will close. It doesn't make any difference what is to be played this evening. The house will be crowded to the limit of capacity.

Friday night, Miss Vane charmed the audience with artistic recitations, giving renewed evidence of the thorough cultivation of an excellent soprano voice. Mr. Morrison also gave well sung baritone solos.

Reviewing the week, one may conscientiously commend the Wiedemanns as the best popular price attraction that has ever visited Pendleton. The plays have been clean and well staged, with competent people in the cast each night. The remarkably large business done has been justified by the meritorious performances. A return engagement would undoubtedly draw a business to the house's capacity.

Antone Nolte complained that Ellis broke a large number of bottles by throwing them about promiscuously back of the saloon. It was found also that he had smashed some windows in Hansford & Thompson's shop. The manrafter was still too drunk to appear this morning.
