GENERAL NEWS.

Charles C. Delmonico, proprietor of the famous Delmonico restaurant in New York, died of consumption.

Walter Travis again won the United States Golf association's amateur golf championship by defeating Walter Egan of Chicago by 5 up and 4 to play.

It is reported on good authority that the Burlington is getting ready to build into Salt Lake by extending the Alliance-Guernsey line across Wyoming.

Upon the return of Mrs. Roosevelt from Oyster Bay next Wednesday the president and his family will take up their residence in the executive mansion.

On being asked to make a brief statement as to how he regarded the policy of President Roosevelt, Senator Hanna said: "I am done being interviewed for all time."

From the latest advices received at the Columbian legation the officials are confident that the disturbance in their country is fast dwindling away and will come to an end soon.

The secretary of war has directed the distribution of 125 companies of coast artillery. Among the assignments are: Fort Stevens, Ore., two; Fort Casey, Wash., two; Fort Flagler, Wash., three; Fort Warden, Wash., two.

The "George M. Phillips company," with \$500,000 capital, 20 per cent paid up, was formed in Chicago with the former "corn king" as president. The plan to form a company of the creditors of the old company was recently abandoned.

Fifty puddlers employed at the Girard plant of the American Steel Hoop company, who refused to work Thursday out of respect to the memory of President McKinley, were discharged. The employees of the plant may strike unless the discharged men are reinstated.

John Armstrong Chanler, the divorced husband of Amelia River, now Princess Troubetzky, and who has been lost for nearly a year, many of his friends thinking he was dead, arrived in Richmond, Va., yesterday from Lynchburg, where he has been stopping at the Arlington hotel for six weeks.

The London Daily Chronicle finds great satisfaction in an alleged authoritative statement from its Washington correspondent, to which it gives great importance and prominence, that President Roosevelt is not pro-Bour in his sentiment and will maintain President McKinley's policy with regard to South Africa.

The application to organize the First National Bank of Weiser, Idaho, with a capital of \$50,000, has been approved. A. B. Anderson, John Wayers, E. M. Hixon, W. F. Sommercamp and Morris Sommer are the incorporators.

In Eugene at a public meeting at the courthouse T. G. Hendricks, J. H. McClung and J. M. Shelby were appointed a committee to see what the citizens were willing to subscribe toward the bonus of \$15,000 asked for the establishment of a woolen mill there by W. D. Wagoner, of Portland.

Five offers were made in Walla Walla for the \$25,000 of refunding bonds offered by School District No. 1, of that district. N. W. Harris & Co., of Chicago, were the successful bidders at 4 per cent. The bonds run 20 years, with an option of redemption after ten years. This makes a saving of two per cent a year for the district.

W. P. Harburt, president of the Idaho National Bank, of Lewiston, Idaho, has arranged to open up a bank at Burns with a capital stock of \$50,000. Fully one-third of the capital stock will be subscribed by local residents of Burns. They hope to have the new institution ready for business at an early date.

What seems to be natural gas has been struck in Curry county, Ore., about 15 miles south of Bandon. Workmen engaged in digging a well on the ranch of William Burton, of that place, discovered the escape of gas at a depth of 20 feet, and the quantity increased with the depth of the well, which is now down 40 feet.

Assessment in Clatsop county show an increase in taxable property over last year's roll amounting to \$511,411. The greater portion of this is on timber lands which are valued at \$1 to \$8 per acre, whereas last year they were assessed for \$1 to \$3. The total taxable property of the county is fixed at \$5,198,750.

GLUTTONY

Is more common than we may think. If we define gluttony as eating beyond the body's need of sustenance and beyond the stomach's capacity for digestion and assimilation of food, that is a fair definition, and it fastens the name glutton on many a person who would resent the term as an insult. The fact of this gluttony is marked by its consequences. The overloaded stomach becomes diseased. The popular term for the condition is "weak stomach."

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect assimilation of food, by which alone the health and strength of the body is maintained.

THE CZOLGOSZ TRIAL BEGAN THIS MORNING

Precautions Taken to Prevent Mob Violence.

HE WAS SHACKLED TO TWO GUARDS

Officials Prevented Any Possible Outbreak in Attempts Upon His Life—About His Lawyers.

Buffalo, Sept. 23.—The trial of Czolgosz began this morning. The prisoner was brought into the court room shackled to two guards. To avoid danger of mob violence, he was conducted to the court room through a tunnel connecting the court house and the jail.

Buffalo, Sept. 23.—The trial of Czolgosz began this morning. The prisoner was brought into the court room shackled to two guards. To avoid danger of mob violence, he was conducted to the court room through a tunnel connecting the court house and the jail.

When the court was called to order in the Czolgosz case the district attorney said: "I wish to move an indictment against Leon Czolgosz charging him with the murder of William McKinley."

"Let him plead," said the judge. The district attorney then said: "Leon Czolgosz, how do you plead?" "I did not hear you," said Czolgosz. The district attorney repeated the question.

"Guilty," replied Czolgosz, in a firm voice. The court refused to accept the plea and ordered that one not guilty be entered. Judge Titus, one of Czolgosz's counsel, then addressed the court and said he had no apology to make for the presence of himself and associate counsel, and considered it a duty that they owed the court to accept the task of defending the accused, disagreeable though it was.

The work of securing a jury was then proceeded with and at 10:50 o'clock three had been accepted by both sides. In refusing the plea of guilty the judge said the prisoner's plea of guilty indicates that he anticipates escape from the penalty which the law prescribes for a crime of the character alleged in the indictment.

District attorney's questions to the jury were invariably answered by the jury in the affirmative. The first question had to do with the citizenship of the defendant. The next question drew forth whether or not the defendant believed in this form of government. He dwelt with particular stress on this question, and was fearful that some one who had remote friendship for anarchy might get into the jury box.

Justice Titus is 62 years old and recognized as one of the most thorough and capable trial lawyers in the east. He was born near Eden, N. Y., in 1839 and attended Oberlin college. After being graduated he came to Buffalo and was admitted to the bar in 1865. From 1875 to 1880 he was district attorney and made an enviable record. In 1882 he was elected a state senator and did some notable work in the legislative house. He was elected to the bench in the superior court in 1885 and became a justice of the supreme court when his division of the court work was legislated out of existence. He served in both trial and general branches of the judiciary. He retired several years ago.

Lewis was born in 1852 in Cayuga county, New York, and came to Buffalo in 1875. He studied law and was admitted to the bar a few years later. He was a state senator in 1880, and a year later ascended to the Supreme Bench, where he came to be recognized as one of the most careful of arbiters. He was retired by the age limit, after serving fourteen years.

THE BUFFALO EXPOSITION

Conditions Following the Exciting Days After the Assassination.

Buffalo, N. Y., Sept. 23.—This city is pulling itself together again after a fortnight of inactivity and sorrow such as it has never known. What was intended to be the gala period of its history was turned into unspoken grief which has gone into every home with a force hard for anyone here to realize.

There never was a community more engrossed in a great undertaking than Buffalo was with the Pan-American exposition three weeks ago. Every man, woman and child in the city had a direct interest and pride in the undertaking. It seemed that everyone with whom a stranger talked had in mind the large ideal of the great good which the demonstration of the wonderful resources of the western hemisphere was to do for the country.

Buffalo seemed rather proud that the whole expense of the demonstration had fallen upon them, and their fellow citizens. They would call attention to the fact that all of the funds had been raised in Buffalo without assistance from the nation, the state or even the city corporation.

THE NEW YORK MARKET

Reported by I. L. Ray & Co., Pendleton, Chicago Board of Trade and New York Stock Exchange Brokers.

New York, Sept. 23.—The grain markets were very steady today, and there is but little change in prices. Liverpool was unchanged, 5 8/8. New York opened 1/4 lower, 76 1/4, and after selling at 76 1-8, closed 76 3-8. The general sentiment is that wheat prices will work to a higher level soon as the high prices of all other food products makes wheat the cheapest commodity on the list.

Stocks lower. Wheat: Close Saturday, 76 1/4. Open today, 76 1/4. Range today, 76 1-8 to 76 3-8. Close today, 76 3-8. Stocks: Sugar, 12 1/4; steel, 42 7-8; St. Paul, 142 1/4; U. P., 98 3-8. Wheat in Chicago.

Chicago, Sept. 23.—Wheat 70 1/4 to 7-8.

MEMORIAL IN WASHINGTON

Services in the National Capital Held on Sunday. Washington, Sept. 23.—A very impressive memorial service was held at Chase's grand opera house Sunday afternoon. Every seat in the theater was taken and an overflow meeting was arranged. Fully 5000 people stood in the street throughout the afternoon listening to addresses in eulogy of the late president. President Roosevelt was invited but having refused many similar invitations, he felt impelled to decline. Postmaster General Smith occupied a box and many prominent officials were present.

Lieut. Col. Hiestand Must Appear. Washington, Sept. 23.—The senate military affairs committee, charged with the investigation of the charges preferred against Lieutenant Colonel Hiestand, has obtained from the war department copies of official records of the case and is preparing now for examination of witnesses. Hiestand, who is on duty at San Francisco, has been ordered to this city to appear before the committee. Adjutant General Corbin, whose testimony is desired by the committee, is expected to reach this city next Tuesday.

Protection to Cuban Planters. Washington, Sept. 23.—In order to insure the protection of Cuban coffee planters against the importation of Brazilian coffee through the United States and Porto Rico, an order will be promulgated by the war department providing a duty on coffee going into Cuba sufficient to prevent such importations. Some time ago the importation of Porto Rican coffee into Cuba was allowed in the interests of the Porto Rican growers, but some fear was expressed that Cuban growers would suffer by the indirect importation of coffee from South America.

RIGHT ANKLE BROKEN. Daniel Dutton Fell 16 Feet While Roofing a Woodshed. Daniel Dutton fell from the roof of his woodshed this morning, breaking his right ankle. He was assisting a carpenter in putting a roof on the building, when about noon the staging gave way and Dutton was precipitated to the ground, a fall of sixteen feet. Dr. Smith was called in to set the broken bones. Mr. Dutton is the father of C. R. Dutton and is 70 years old.

SCHLEY CASE WAS TAKEN UP THIS MORNING

Judge Advocate Lemley Introduced Logs

OF BOATS THAT WERE IN BATTLE

Schley's Counsel Had the Say as to What Should Be Excluded From the Evidence.

Washington, Sept. 23.—When the Schley court of inquiry resumed this morning, Judge Advocate Lemley offered in evidence the logs of all the vessels engaged in the battle of Santiago, or that were of Sampson's fleet, with the exception of the flagship New York. After discussion as to the exact portions of the logs to be offered, it was decided to submit only those portions approved of by the Schley counsel.

A FIRE IN ROSEBURG TODAY

Masonic Building Burned—Loss \$5000. Insurance \$2000. Roseburg, Ore., Sept. 23.—The old Masonic building burned this morning, the conflagration starting at one o'clock. Several secret orders lost all of their paraphernalia and records, and the destruction of their effects will fall heavily upon them. Murphy's laundry, which occupied the ground floor, also was burned. The total loss was \$5000, and the insurance \$2000.

TOWN THREATENED BY FIRE.

Eldorado, Colorado, May be Burned if Wind Changes. Denver, Colo., Sept. 23.—A special to the Republican from Eldorado, Colo., says: "The town is again threatened by the forest fire which has been burning in that vicinity since last Sunday afternoon. The fire is now within half a mile of the town and should the wind change a little, it would send the fire upon the village. Yesterday the fire jumped from one mountain to another, passing over the village of Grand Island which is in a narrow valley. The village was not touched. Over 50 square miles of heavy timber has been consumed, making this the largest forest fire which ever occurred in this state."

It is said the people of Eldorado will ask the government to send troops there to fight the fire. The fire is almost wholly on public land. Storm in California. San Francisco, Sept. 23.—The first general storm of the season began last night. At noon a rainfall of an inch had come in the city and over an inch in Oakland. It is raining so far south as Fresno and a heavy storm is reported in the mountains. Much damage is reported to grain shipped on account of the strike.
