GOV. GRER'S EASTERN OREGONIANISM.

It rests with eastern Oregon to take the nomination by merely unitying sentiment. Eastern Oregon delegates have it within their power to capture that nomination if there be a God in the Israel of Oregon politics.

Governor Geer's hint that he is an eastern Oregon man because he once lived in Union county is not worth the breath it took to utter it. He is a Webfooter, bone and marrow, hair and hide, soul entire and body complete. He cannot logically lay claim to being from this part of the state. Once, upon his own confession, I he slept in Chicago over night and ate at the Union League Club there, but that does not make him a representative of

An old proverb save, "One can see God's opinion of wealth by the people be gives it to," is recalled by perhaps the smallest, meanest action of a man of wealth yet recorded, savs the Baker City Democrat. Henry T. Scott, the president of the Union Iron Works of San Francisco, the company which built the battleship Obio and cleared a large sum of money on the contract, takes the palm for smallness,

Mr. Scott invited President McKinley and wife to visit at his home, during their recent sojourn in San Fran-cisco. As the presidential party was visiting the coast to witness the launching of the "Ohio," everybody broad, strong webs would be disclosed deemed it appropriate and proper that to view. Eastern Oregonians don't grow webs. Mr. Geer's latest political Mr. Scott should invite the president to his home and that the chief execustunt "do not go" east of the Castive should accept the invitation.

the blood are forced out through the pores of the skin,

causing intense reduces, burning and itching. So terrible is the itching at times, especially when the body is overheated, that the almost distracted sufferer feels that he could tear the skin to pieces, and that he must scratch or go crazy. He knows from experience that this only makes matters worse, but, made desperate by the terrible burning and itching, he is for the time being indifferent to after effects. There are several forms of Eczena, the moist, or weeping kind, that comes in little pustules which discharge a watery, sticky fluid, which dries and peels off in bran-like scales. So profuse is the discharge at times that large scales or crusts form, which are both painful and troublesome, and not easily removed. Red, disfiguring bumps are both painful and troublesome, and not easily removed. Red, disfiguring bumps and sores are symptoms of Eczema. The dry form usually attacks the head, hands and feet; the skin, becoming hard and rough, often cracking open and bleeding, and attended with much itching. Eczema depends upon a poisoned condition of the blood, and local
