when appointed to the deputyship under Mr. Houser. It is not known but is presumed by his friends that he will come again to Pendleton to make his home.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors tried to cure it with local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requiring constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses of from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by druggists, 75c. Hall's Family Pills are the best.

White Man Turned Yellow.

Great constipation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful stomach and liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all stomach, liver and kidney troubles. Only 25c. Sold by Tallman & Co., druggists.

Mary Jane Tustin Dead.

R. Alexander has received a notice of the death of Mary Jane Tustin, at Wrangell, Alaska, on September 23. Mrs. Tustin was the wife of Fred Page-Tustin, who was a lawyer in Pendleton eight or ten years ago and will be remembered by the older residents. The remains were brought to Seattle, where the funeral took place this afternoon.

WHEELMEN--OBSERVE THIS

You May Pay Some Fines if You are Needless.

Mayor F. W. Vincent desires that the main points of the ordinance regulating the use of bicycles in Pendleton be set forth again. Wheelmen who do not heed the provisions, else some arrests will follow continuance of the impertinence now characteristic of many who ride in this town. The points necessary to observance of the law are:

First—You must pay a license of \$3 for the year beginning on October 1, if you desire to ride on the sidewalks, and unless you pay it you cannot ride on any sidewalk at any time.

Second—Having paid the license, you cannot ride at any time on Main street between the bridge and Railroad street, which is the street running east and west along the foot of school house hill; nor can you ride on Court street which is the street running between the court house and Byers' mill.

Third—Your license tag must be displayed where it can be easily seen.

Fourth—You must have a lamp on your wheel when riding after dark at any place in town, on or off the sidewalks.

Fifth—You must ring a bell when approaching a pedestrian on or off a sidewalk, approach from front or rear; you must dismount within 100 feet of the pedestrian and walk past him. No pedestrian is compelled to step aside even for a wheelman who has paid the license. Pedestrians have absolute right of way on the sidewalks, and equal rights on any other part of the highways.

Sixth—You must not ride on the walks or streets faster than four miles an hour.

Some of the wheelmen have become exceedingly arrogant, disregarding the rights of foot passengers, and at times causing the latter to stand in danger of injury. Wheelmen's permission to ride on the walks is a concession made by the city government, to allow messengers and newspaper carriers, physicians and others whose business requires them to go on the walks. If wheelmen continue to violate the law, as at present they do to the annoyance of many persons, the existing ordinance will probably be repeated so that no wheelman may ever be ridden on any walk in the town of Pendleton.

HIGH PRAISE IN BOISE

"A Honolulu Coon" and the Character of the Entertainment.

The "Honolulu Coon" company will be at the Frazer on Friday night. The prices will be as usual, 50, 75 and \$1. At Boise the company made a splendid hit, playing to crowded houses and receiving high praise from the conservative Statesmen. The Statesman's summary of the work of a few of the artists will convey to the people of this city what they have for this evening's amusement.

The company's big street parade at 11 a. m. showed them to possess exceptionally fine uniforms and musicians of great merit.

"A model, clean, laugh-provoking show is 'A Honolulu Coon' which held the boards last night at the Sonoma opera house." It is to be predicted that the piece may be called a travesty for although there is a slight plot, still that stands only as a pivot around which revolves a bright collection of vaudeville and novelty bits which were all agreeable surprises to the large and most appreciative audience assembled. In the only McCarver and Reed proved themselves to be the equal of any colored comedians who have ever appeared here, Harry Reed introducing some of the finest acrobatic work ever seen. LaSbe, the slack wire walker, is phenomenal, while Brewer, the contortionist, seems to be made of rubber. Kid Alston, the solo dancer, danced himself into high favor with the audience with a very clever musical act. Lilly Garay, sourette, who can give pointers to many vaudeville favorites of today, is particularly clever and winsome, her dancing being exceptionally fine. Last, but not least, is the Honolulu Ladies' quartet, whose charming harmony and stage presence was accepted with great favor by the audience.

LARCENY IN DWELLING

Ed Gross Arrested for Stealing \$15 From Kelsey Walker.

Ed Gross was arrested last night charged with larceny in a dwelling. It is alleged that Gross asked a young man by the name of Kelsey Walker to remain with him on Monday night, that on going to bed, Walker placed his watch and purse containing \$15 under the pillow; that in the morning the money and watch were gone, but the watch remained. Police officers spoke to Gross about it yesterday, but he denied any knowledge of the affair. Last night he was caught at Fulton with some of the money on his person. It was known that Gross had no money before the robbery, because Walker paid for his supper at the restaurant on Monday evening. Gross is a new comer but he has succeeded in gaining an unsavory reputation while he has been in town.

Manager Pond of the academy team has received a communication from Dave Waddell, the new coach, saying that he will be here on October 14. In the letter were some instructions for preliminary practice. Waddell is now at McMinnville coaching a team.

Geo. Strand of Helix has entered the academy ranks. He is a promising candidate for the football team.

3. Second race—Equilateral triangle.
4. Third race—Similar to first race.
4. Fourth race—Similar to second race.
5. Fifth race—Similar to first race.

The courses shall be, as nearly as possible, thirty (30) nautical miles in length.

Starting time—11 a. m.

The preparatory signal shall be given fifteen minutes before the starting signal, and a warning signal five minutes before the starting signal. In case of a change in the time of starting the same signals shall be used.

At the starting signal a yacht may cross the line, the exact time at which either yacht first crosses the line after the starting signal during the succeeding two minutes to be taken as her start, and the end of that period as the start of the one crossing after its expiration.

An unfinished race of one kind shall be repeated until finished.

Accidents will not count after preparatory signal.

In case a serious accident occurs to either vessel prior to the preparatory signal, she shall have sufficient time to effect repairs before being required to start, or if such accident occurs during a race, before being required to start in the next race.

Each yacht shall stand by the consequences of any accident happening to her after the preparatory signal, and upon the occurrence of any such accident disabling either vessel, the other vessel shall sail out the race.

Each vessel shall have on board during races, and present during all measurements, a representative named by her competitor.

O. P. Bowman recently disposed of a section of land in Coombs canyon to John McCracken.
