SEWING AS A BUSINESS

is an exacting and exhausting occupation. Long hours, fine work, poor light, unhealthy atmosphere—these are only some of the things which fret the nerves and hurt the general health. Often there is a diseased condition of the nervous organism which causes headache or neuralgia and the working of the sewing machine under such conditions is akin to torture.

Thousands of women who work have written grateful letters to Dr. R. V. Pierce, who has cured them of their womanly ills and established their general health. "Favorite Prescription" establishes regularity, dries an unhealthy and offensive drainage, heals inflammation and ulceration, and cures female weakness. It makes weak women healthy, and strong and sick women well.

Sick women are invited to consult Dr. Pierce by letter, free, and so avoid the delicate questionings, offensive examinations and obnoxious local treatments deemed necessary by some physicians. All correspondence private. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I take great pleasure in recommending Dr. Pierce's Favorite Prescription for female weakness," writes Mrs. Susannah Permenter, of Paulsboro, N. J. "I was troubled with bearing-down pains in my back and hips for six years, and wrote to Dr. Pierce for advice. I tried his Favorite Prescription and six bottles cured me. I feel like a new person and I thank Dr. Pierce for my health. Life is a burden to any one without health. I have sold a great many of my friends about the medicine I took."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 24 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

LEMLEY RESTS CASE AGAINST ADMIRAL SCHLEY

Expected Soon to Go Upon the Witness Stand.

HE WILL THEN DISCLOSE THINGS OF WHICH HE HAS NOT SPOKEN DURING THE ENTIRE THREE YEARS OF THE CONTROVERSY.

Washington, Oct. 14.—When Capt. Cook left the stand today, Judge Advocate Lemley announced his case was complete. Pilot Eduardo Nunez was called as the first witness for Schley. The Schley side in the controversy is pleased with Cook's statements.

Washington, Oct. 14.—Within a few days Rear Admiral Schley will take the witness stand in his own behalf. It is expected that he will have some interesting disclosures to make on which during the three years of the controversy he has been silent. When he becomes a witness, his personal explanation of matters under discussion will for the first time become public. How far the court will allow him to go, if it insists that Sampson must not be brought into the case, it is impossible to say. As he is the applicant, however, and his reputation is at stake, it is probable that he will demand and be granted wide latitude.

Captain Cook, who has been summoned by Schley, is one of the most important witnesses in the case. He is said, will assume the responsibility for the loop. One point in his evidence which will be against Schley is the fact that he objected to the retrograde movement. It is now practically settled that Sampson will not be called.

Capt. Cook was the first witness called by Lemley this morning. Cook is a witness for both sides. He testified that the first information regarding Cervera was received on May 19, when it was reported that they had left Cadiz for the Canary Islands, and that it was for the purpose of intercepting the Spaniards that the flying squadron was sent to Cienfuegos. Schley was told by the commander of one of the scout ships that he believed there were coaling facilities south of Cuba, but he (Cook) didn't think favorably of Cape Cruz, the place mentioned. The blockade of Cienfuegos was instituted at the moment the flying squadron arrived there on May 12. Schley was confident he had Cervera there.

Cook said the squadron left Cienfuegos for Santiago so soon as it was definitely learned the Spanish fleet was not in the former place. The retrograde movement was begun because Schley feared he would be caught with a short coal supply. Schley turned back to Santiago so soon as the weather moderated and it was possible to coal at sea. Cook said he ordered the loop without Schley's suggestion or knowledge and that there was absolutely no danger of colliding with the Texas. He could not say a word of what would have happened had the Brooklyn been handled differently. He declared everything that was done was highly successful.

Schley and counsel are delighted with Cook's testimony. Raynor said he was strongly inclined to place Schley on the stand and rest the case. Cook at cross-examination, when asked what was Schley's conduct, said, "Schley was enthusiastically brave and a patriotic officer." Cook for the first time explained the reasons for making the loop. He said the direction taken by the Spaniards made it clear to him they were trying to get between the Brooklyn and the Texas. He thereupon ordered the loop for the purpose of heading them off, in which he succeeded in forcing the Spaniards to turn. After the Brooklyn made the turn, she alone was receiving the fire of the Viscaya, the Colon and the Oquendo.

SITUATION IN TAMPA IS VERY ALARMING

Laborers being Deluded into Believing there will be interference by Foreign Powers.

Tampa, Florida, Oct. 14.—The labor situation here is critical and is growing worse. The arrival of the United States district attorney to investigate the deportation of the labor leaders has encouraged the striking cigar makers, who believe the government will intervene. The more ignorant are being told that Italy and other powers will order the bombardment of Tampa if the cigar makers are again molested.

DIVORCE CANON WAS ADOPTED BY THE CHURCH

Episcopalians Enacted Much Mooted Legislation.

ABLY OPPOSED BY REV. DR. M'KIM

Deputies Passed the Measure Substantially as it Came From the House of Bishops.

San Francisco, Oct. 14.—The Episcopal deputies this morning passed the resolution offered on Saturday appointing a commission on the relation of labor and capital. The marriage-divorce debate was resumed. Several speeches were made for and against the proposed canon, the strongest being made by Dr. McKim of Washington, D. C., who said the proposed canon is based upon an interpretation of the Scriptures entirely different from that accepted for a century by the Anglican church. While the church should do something to check divorce, no one has shown how the proposed canon will prevent or restrict the evil or preserve the purity of the home.

The debate closed at noon, R. A. Lewis, chairman of the committee, speaking in rebuttal. Sitting as a committee of the whole, the house of deputies adopted the canon prohibiting re-marriage of divorced parties, by a vote of 132 ayes to 158 noes, as passed by the house of bishops with minor amendments made by the deputies.
