WHO MUST BRING HER BACK

He Refuses to Pay the Ransom and Demands the Arrest of the Principal Investigators.

Cologne, Oct. 17.—The Cologne Gazette's Sofia correspondent writes that United States Consul Dickinson, at Constantinople, has discovered positive evidence that Miss Stone was abducted at the instigation of a Macedonian committee and that in consequence of this he has refused absolutely to pay the ransom demanded. Dickinson is, in addition, decidedly opposed to the Bulgarian government to take immediate measures to bring about the arrest of the chief investigators of the outrage. Several prominent members of the Macedonian committee already have been arrested, it is said.

Washington, Oct. 17.—Cross examination of Lieut. Webster was resumed when the Schley court convened this morning. He testified the only vessel near the Colon when it surrendered to the Brooklyn was the Oregon.

Lieut. Commander Griffin, senior watch officer on the Brooklyn during the war, testified he heard Schley tell the commander of the Eagle during the voyage from Cebu to Manila that he could not delay the squadron any longer on the Eagle's account and for the latter to proceed to San Antonio for coal. He testified that Schley's bearing was cool and his conduct perfectly natural during the battle.

Ensign Ryerly who had served on the Brooklyn, testified that during the battle the Viscaya made a turn as though to ram the Brooklyn.

Victim of the American Crooks in a London Court Room.

London, Oct. 17.—At this morning's session of the trial of Theodore Jackson and Miss DeLar, sixteen-year-old Daisy Adams, a pretty girl with curly hair, over her shoulders, testified that the prisoners persuaded her parents to let them bring her to London. Madame was to teach her painting. Theodore refused to let her go, but she was taken to London. She believed Theodore to be the son of God. Her seduction followed in a similar manner to that of the other victims of the crooks. Angry murmurs by the crowd in the court room interrupted her testimony. Extra precautions are taken to prevent the spectators from mobbing the prisoners.

NORTHWEST MUST WAKE UP.

Lewis and Clark Exposition Furnishes an Opportunity for It.

Portland, Oct. 17.—Concerning the Lewis and Clark centennial exposition, Colonel Frank J. Parker, the well known newspaper man of Walla Walla, said in an interview: "It is for the people of the Pacific northwest who are interested in the success of this enterprise to get together and brace up and get rid of their moss backs. What we need is a thorough awakening to our opportunities." President Mohler of the O. R. & N. Co. and R. B. Miller of the N. P. Co. are taking hold of the work in a very practical manner, but they are not expected to do it alone.

Cigar men in Portland are wearing a very anxious look these days owing to the enforcement of the gambling laws by City Attorney Chamberland. Education in Porto Rico. The expense of maintaining schools in Porto Rico is very high, if we consider the amount spent for the small number of pupils enrolled, but as the country is gradually brought in closer touch with our own, their system will evidently be changed, until it reaches our present state of perfection. In this country the people are being educated to the fact that there is a sure cure for dyspepsia, indigestion, constipation, liver and kidney troubles, and that medicine is Hostetter's Stomach Bitters. It should be taken at the very first symptom, if you would avoid unnecessary suffering. It will give prompt relief and eventually cure, as hundreds of people, including many prominent physicians, have testified during the past fifty years.
