PALMY DAYS OF MINSTRELSY.

Recalled By the Coming of the Haverly Snow With George Wilson.

The advent of the Haverly Minstrel with George Wilson at the Frazer on Oct. 25 will recall the pleasant memories of by-gone days when minstrel shows were something more than a variety of songs and dances. The names of Haverly and Wilson bring back to mind the good old days of the golden age of minstrel shows. Haverly died a few weeks ago at Salt Lake. He and Wilson were remarkable figures in the amusement world. Haverly, like all men of undimmed ambition, has had his ups and downs. In his early career he has made and lost several fortunes. Wilson, a great well-rounded combination of talent, had a famous combination of talents, among them, wit, humor, and talent. Wilson has been a conspicuous figure in the vaudeville world for twenty years. He was a star nearly two decades ago, and while others less progressive have dropped into the unfortunable and obscure, a star with him—his light is still shining.

"Daughter of a Diamond King."—One of the scenes in that beautiful scenic production "Daughter of the Diamond King" which will be the attraction at the Frazer next Thursday night, presents a village school room with a dozen little ones busy chattering over their books as the curtain rises on the act. The little ones are drawn from amongst the children of our city and no great signs of imagination is necessary to bring one's self back to his boyhood days when he too sat at a little desk, the fascimile of which is before him. With an exceptionally strong company of twenty persons, headed by the charming LaBelle Laurette, who is one of the youngest leading ladies on the American stage, supported by W. A. Witaker, an actor of some reputation, an excellent production of the author's idea is given.

"A Homepun Heart."—A play in intense heart interest and one interspersed with pathos and slight comedy and strong situ-

## POLITICS ARE WARMING UP INTEREST BEGINS TO EXTEND TO COUNTY

Slates Partially Prepared for the Coming Campaign.

Interest in politics here in Pendleton and throughout the county begins to filter down through the top stratum of state and congressional candidates and schemes to the local offices. A slate was handed to the East Oregonian today on which were written the names of a number of men who are booked for certain positions. This slate is to an extent tentative, and is subject to erasures in the event changes must be made to meet the exigencies of the politicians.

These men have been promised office by those who hope to control the county conventions. Some of the prospective candidates are quite objectionable. Some will be efficient and satisfactory to the mass of the people. Yet the slating of these candidates is part of a general plan whereby the men who are to handle the business of the people are to work in harmony, at least in a general way. In short, the real work of the coming campaign is being done just now. Later, the voters will be called upon to do the "holloering" and will be made to believe they have actually had something to do with the nominations.

It is not suggested here that this is anything new in campaigns. It is only to say that anyone who cares to have something to do with the political game will do well to ask for a hand at this time; or he will find later that all the cards have been dealt and he is shut out from entering. It is further true that the plans now formed involve the city as well as county offices, so that as a matter of fact the outcome of the election to an extent is already determined.

The newspapers are talking a great deal of politics nowadays. Here is what the Utah Sentinel thinks about the candidacy of Furnish and Lowell for the governorship.

"That Unatilla county wants to furnish the next governor of Oregon is a well known fact. That W. J. Furnish and S. A. Lowell each want to be the man furnished is also evident. And the ambition of each of them to serve their native state as executive is a very commendable one. It goes without saying that either of these gentlemen, while widely different in some respects, is eminently capable of filling the office with credit to himself and his constituents. Both are republicans, but it is safe to predict that if either is nominated he will receive a great many votes outside of the republican party, throughout eastern Oregon, where they each have a large personal acquaintance. Some one has said that the present contest between Messrs. Lowell and Furnish is a battle of the glass, and whether two more popular men in eastern Oregon could have been mentioned for this office. There certainly could not have been in Unatilla county. Both men have many warm personal friends throughout the state and particularly east of the Cascades. For the past several years, Mr. Lowell has practiced law in all the courts of the state, has held numerous judicial offices and has at all times been a clean man in all that the term implies. Mr. Furnish has made Unatilla county his home since boyhood, and is a typical western American, generous, honest and free-hearted and always ready to help a friend. The fact of both these men being from the same county and town, their fitness for the office and numbering amongst their close personal friends, makes republican politics in this county during the next few months of peculiar interest. Which, if either will win?"

### Strike a Rich Find.

I was troubled for several years with chronic indigestion and nervous debility," writes P. J. Green, of Lancaster, N. H., "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicine I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. ### THE SUCCESS OF A HOTEL

The Hotel Portland a Standing Advertisement of Portland.

The Hotel Portland is growing more and more popular with eastern Oregon people going to Portland, as well as the rest of the traveling public. There is no hotel in the United States furnishing as much comfort and luxury as this popular hostelry, possessed over by H. C. Bowers. The rates, from \$3 upwards, are exceedingly reasonable, being less than the most ordinary charges for a room and meals on the European plan at the other hotels and restaurants. The Hotel Portland has the comforts of a family home, as well as those of a modern caravansary, and no one going there can leave without wondering how it is possible to obtain as much for such moderate charges, particularly so, when the quality of the service is taken into consideration.

Manager Bowers has proven in more ways than one his remarkable ability to conduct a first-class hotel in Portland at rates below those charged by even the poorer hotels of the east. No traveler ever stops at the Hotel Portland without being impressed with the cheapness of the service. This hotel, under Mr. Bowers' management, has done more to advertise Oregon and draw attention to Portland as a city of enterprise than any other institution in the state, and at least as much as all the state and county immigration boards. The Eastern Oregon man or woman journeying to Portland can well afford to pay from \$3 to \$2.50 a day for a room, with every comfort and three meals, which are better than can be obtained elsewhere.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and restoring nature in doing its work. Proprietors have so much faith in its curative powers that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CENESE & CO., Toledo, Ohio. Sold by Druggists, Etc.
