GENERAL NEWS

CHICAGO'S POSTOFFICE WAS ROBBED

Burglars Got Away With \$76,000 Worth of Stamps.

Bored Great Holes in Steel Vault

Job Was Similar to That in California, When Selby Smelter Was Looted Several Months Ago.

Chicago, Oct. 21.—One of the bold and most successful postoffice robberies in the history of the United States was committed last night, when one of the three great vaults in the local postoffice was entered and from \$50,000 to \$75,000 worth of stamps were stolen. The job resembles the Selby smelter robbery in California, in that access to the vault was gained through a tunnel dug from the lake front at the side of the building to the bottom of the great steel case. An eighteen inch hole was then drilled into the vault. Entrance was thus effected, and the robbers helped themselves to the valuable contents, loading the loot upon a wagon and getting away undiscovered. Scores of detectives have been placed on the case. They are working upon the theory that persons thoroughly acquainted with the building perpetrated the robbery. A number of postoffice employees are under surveillance.

It is believed the real objective of the robbery was the cash in the vault in which half a million of cash is stored, but that in the darkness they mistook the stamp vault for the great treasure box.

There may not be an epidemic of holdups in Portland at present, but there are many evidences of the fact that a highwayman is flitting plenty of victims in this city. There has been an average of a highwayman's visitation once a night since October 1, says the Telegram.

The Law

Of health has no uniformed guardians of its peace. If it had there would be averted innumerable in every restaurant every day of the year. Both in the quantity and quality of the food they eat and in the manner of its consumption men and women sin each day against the laws of health. Those who will not heed Nature's warnings cannot escape her punishments, and dyspepsia, or indigestion, or the incurable penalty of careless eating.

There is no other medicine for diseases of the stomach and allied organs of digestion and nutrition which can compare with Dr. Pierce's Golden Medical Discovery. It cures these diseases perfectly and permanently, and establishes the building up of the whole body into vigorous health.

"I took two bottles of Dr. Pierce's Golden Medical Discovery for stomach trouble," writes Clarence Carter, King of Tazewell, Louisiana, Co. Va. "It did me so much good that I didn't take any more. I can eat most anything now. I am so well pleased with it I hardly know how to thank you for your kind information. I tried a whole lot of things before I wrote you. There was a gentleman told me about your medicine, how it had cured his wife. I thought I would try a bottle of it. I am glad it did for I don't know what I would have done if it had not been for Dr. Pierce's Golden Medical Discovery."

LAST WEEK OF SCHLEY COURT

Raynor has Only About a Dozen Witnesses to Call.

Washington, Oct. 21.—It is generally expected that this will be the last week of the Schley court. Raynor has only about a dozen witnesses yet to examine, the last of whom will be Schley himself. Following Rear Admiral Schley's testimony, Lemly will doubtless call a few witnesses in rebuttal, after which the case will be submitted to the court.

A number of witnesses who testified last week today made unimportant corrections.

Lieut. Wells, Schley's flag secretary during the war, was called and he had no recollection of the receipt of information from Capt. Cotton of the Harvard on May 27, that positively required Schley to remain at Santiago. Wells showed by a letter press book that after Schley had imposed his "March to be regretted, I cannot obey orders" dispatch to the navy department, he had sent the original by mail. The inference was that the navy department, when it issued the official document last winter, preferred to print the twice translated dispatches rather than the original. Wells said that Schley during the battle was fearless and self-possessed.

QUESTION OF BALLOONING

Santos Dumont Claims He Won the 100,000 Franc Prize.

Paris, Oct. 21.—Santos Dumont, the Brazilian aeronaut, today sailed around Eiffel tower in his balloon and returned to the Aero club within 25 minutes, having to all appearances complied with the conditions imposed by M. Deutsch for winning of the award of 100,000 francs for the invention of a dirigible balloon. Deutsch says Dumont virtually won the prize, but the Aero club says not that he failed to land inside the thirty minutes. Dumont refused to concur in the decision of the club. Deutsch offered a consolation prize of 25,000 francs, but Dumont refused to take it.

M. Deutsch has sent his secretary to Santos Dumont to pay the money. In his opinion, Santos won the prize fairly and he is now ready to pay the money to the aeronaut.

CALEB POWER'S TESTIMONY

He Swears in His Own Behalf, Making Denials.

Georgetown, Oct. 21.—Caleb Powers again testified in his own behalf this morning, and denied ever having known Postmaster Pusey at Harris who is alleged to have told of the gubernatorial contest and that five men were to begin shooting at Geibel.

Brigands Take Her to Eastern Macedonia.

RANSOM TO BE PAID IN ANICHICTA

The Kidnapers Resorted to a Ruse to Deceive the Pursuing Soldiers, and Were Successful.

Constantinople, Oct. 21.—The hill on the Bulgarian frontier where Miss Stone was supposed to be imprisoned by the brigands has been found to be inaccessible. The brigands were seen on another mountain near by, and two hundred Bulgarian troops chased them, but without avail. It was learned later that the appearance of the brigands was but a ruse to divert the attention of the pursuers while Miss Stone was taken elsewhere. The kidnaped woman now is reported to be in a peasant's hamlet in the environs of Elechnita. The brigands have changed the place for the payment of the ransom, and have notified Consul General Dickinson that the money must be paid at Anichicta, a Bulgarian village in eastern Macedonia.

JUDGE'S ORDER ENRAGES

CHICAGO UNION LABOR

The Declaration is that Picketing by Strikers is "Treason, Civic War, and Tyranny."

Chicago, Oct. 21.—Judge Kohlman's order restraining the picketing of the machinery plant by the strikers and characterizing such action as treason, civil war and tyranny of the most despotic character has aroused union labor in Chicago as it has never been aroused before. The strikers declare they will ignore the order and picket the plants as usual even if every one of the two thousand men affected are placed in jail.
