YESTERDAY'S RACES.

Myrtha Whips Took Pacing Race in Three Straight Heats.

At the Simpson and Peringer track, yesterday afternoon, two races were pulled off, one pacing and the other running. In the one mile pacing event horses \$300. were entered. Cris Simpson's black mare, Alta Norte, James Erwin's black gelding, Starkey, and H. Helman's bay mare, Myrtha Whips. The last mentioned took the race in three straight heats. The first heat was won by a length, with Starkey second, in 2:21. In the second, it was plain to be seen that Starkey and Alta Norte were not in class with the California mare, Myrtha Whips. Took the heat, with Starkey again second, time 2:18. In the third she had the pole, but quit it immediately for the outside. Her driver, Helman, evidently tried to see how close he could keep to the bank without going over. The heat finished as did the other two and the time was 2:20. Mr. Helman said that if the track had been in fit condition, the first heat would have been made in 2:17.

In the half mile running race, purse \$150, four horses started. Gus Lafontaine's Grace W. and Bessie G., Helman's Meringo and Ned Smith's Do McAlister. Meringo finished first and Grace W. second. The judges were T. Ayers, T. Milarkey and Al Heller. Attendance, 300.

PERSONAL MENTION

M. Hoff of Baker City is at the Hotel St. George.

Edwin Rush and wife of Athens are registered at the Golden Rule.

The Rev. C. W. Hoag, pastor of the M. E. church, South, of Weston, was in town on Friday.

J. A. Baddeley, the Weston rancher and owner of racing horses, is here today and was here yesterday, attending the races. Mr. Baddeley has had a good season in the northwest circuit. He says Weston farmers are not selling wheat, but, having stored it, they await better prices.

J. C. Coombs of the Ridge section was in Pendleton, for the first time in ten months. He stated that grass was very short on the ranges on account of the lack of rain, the roads were badly cut up and very dusty for the same reason. Springs in the mountains as well as the wells on the ranches afford a scant supply of water because of the short rainfall.

Mrs. A. Mellin of Walla Walla is in town for a few days to meet the ladies of Pendleton and show the latest things in burnt leather, burnt wood, embroidery and point lace. She is to be found at the Boston Store. She has many elegant samples of her work, and either takes orders or gives instructions in the processes of doing the work.

Frank Nelson, who is in business in Baker City, is in Pendleton for a day or so with a view of making an investigation, as he looks upon Pendleton as having a very promising future. He reports that several mines among them the Virtue and Flagstaff, have started up again with an increased number of men and the outlook for mining is excellent. The whole district appears to be taking on a "new start" after several months of dullness. Eastern men are not interested in many mines and claims and they are influencing others to do likewise.

James Doran was in town today from his ranch, ten miles east of Waliniu,

on the Washington & Columbia. Mr. Doran while in Pendleton sold his wheat for 33 cents. His yield of wheat this year was very satisfactory. He has been a resident of the Yakima country of Umatilla county for twenty years and has seen conditions thereabouts gradually improve. Mr. Doran has faith in the democracy and is of the belief that its fortunes are at the lowest ebb. He looks for the tide to turn in its favor, and he expects to see a democratic president elected in 1904 or at least in 1908.

The Silverfield manufacturing company of Portland, Oregon, wishes to announce their exhibition in Pendleton of manufactured furs and fur skins. They will be displayed at the Pendleton Hotel on Monday, October 28. They cordially invite the ladies of Pendleton to inspect their large and magnificent line of Alaska sealskins, for jackets, capes, collars, and hose.

J. Jacobs, their representative will cheerfully show all who may be interested through the line, and will also give estimates on the remodelling of fur garments.

A LAUGHING EVENING.

Hawley's Mastodon Minstrels Give a Good Entertainment.

Anyone who did not laugh heartily on Friday evening at the Frazer must have felt exceedingly jolosomous. Everyone else was laughing most of the time and laughing in a manner to tire the muscles of the face and make the laughter wish the comedians would let me for a few moments to permit a period of rest. It is not necessary to particularize when the entire program was first class and kept the promises of the management.

George Wilson, a familiar figure to old time theater goers, was there with his contagious laughter. Young theater goers who never before saw the old veteran remarked that "that man on the right end is awfully funny." It is what people have been saying for many years whenever George Wilson came before the footlights. Only death can put out the light of comedy that shines from the good natured face of the old veteran whose name is the synonym of fun, clean and wholesome.

And Dan Allman, too, is great, and there are others in the troupe likewise.

Geo. Morgan, the male soprano, was able to sing above a high C tenor in clear tones. True, soprano by a grown man has a certain uncanny, unnatural quality, but nevertheless Morgan is just what his managers claim. And the two talking comedians convulsed the audience and the singers and orchestra charmed the critics of music, and the whole show was first class and worth seeing. Many a case of dyspepsia was cured on Friday night, and many a carking care driven away, and many a spell of blues lightened with the sunshine of cleanly fun.

VERDICT FOR WOODY.

Entitled to Possession of the Property and \$42 Damages.

In the case of Overtrif vs. Woody, in the circuit court yesterday afternoon, the jury returned a verdict in favor of the defendant, allowing him possession of the property and \$42 damages.

S. A. Schiffer appeared against John Selbert this morning in a damage suit. In the complaint, Schiffer claims that he purchased Selbert's tailoring business in May, 1899, and that, at that time, the defendant agreed not to engage in the tailoring business for the next five years. The complaint reads further that Selbert, on Sept. 1, 1899, entered into partnership with A. Schwartz, a tailor. Schiffer desires \$4800 damages.

The empanneling of the jury was delayed again this morning while the twelve jurymen were being summoned. The first jurymen chosen were E. G. Ehrhart, A. W. Nye, Win Johnson, Jorgen Monn, Joseph Dunn, E. D. Turner, J. M. Ferguson, S. A. Hamptton and Carl Hanson.

The jury was completed by securing Late Rothrock and the case went to trial.

The first witness, Antoine Nolte, for the plaintiff, had no more than taken the stand than a discussion arose among the attorneys as to the admissibility of testimony. The wrangling continued until nearly noon. When opened this afternoon, the argument was continued. A large number of witnesses were subpoenaed and all of them are bemoaning their ill luck in not being able to attend the races or the football game.

This morning counsels for defense, Messrs. Carter & Raley, objected to testimony as to the extent of Selbert's tailoring business, prior to the time when he sold out. The point was argued for about three hours and at last sustained by the court. The examination of witnesses then proceeded. T. C. Taylor, F. W. Vincent, Max Baer, J. Malone, George Darvan and Frank Schempf all testified that Siebert was once in the tailoring business here. There are more witnesses yet to be examined for the plaintiff.
