Gratitude

Always seeks to find some expression for itself, and womanly gratitude will not keep silence. Cynical people sometimes say: Why do women write these testimonials to the value of Dr. Pierce's Favorite Prescription? The answer can be put in one word, Gratitude. When, after years of agony a woman is freed from pain, when the weak woman is made strong and the sick woman well, the natural impulse is to write a word of grateful recognition to the medicine which caused the cure.

Dr. Pierce's Favorite Prescription cures diseases peculiar to women. It establishes regularity, stops washing, dizziness, inflammation and ulceration and cures female weakness.

Having used Dr. Pierce's Favorite Prescription and Golden Medical Discovery, I feel that I can truthfully recommend the medicine to all who are suffering from any of the ailments which it cures. I was so previous and disordered that I hardly knew what to do. Your kind advice for home treatment helped me wonderfully. Thanks to Dr. Pierce.

Writes Mrs. Mattie Long, of Peas Valley, Perry Co., Pa. "I can truthfully recommend the medicine to all who are suffering from any of the ailments which it cures. I was so previous and disordered that I hardly knew what to do. Your kind advice for home treatment helped me wonderfully. Thanks to Dr. Pierce."

Doctor Pierce's Pleasant Pellets cure biliousness, and sick headache. They should be used in connection with "Favorite Prescription" whenever the use of a laxative is indicated.

REBUTTAL TESTIMONY HAS BEGUN

Schley's Presentation of the Case Has Ended.

LEMLEY HAS WITNESSES TO INTRODUCE

In Attempted Reversal of the Effect Produced by the Defense of the Rear Admiral.

Washington, Oct. 31.—Presentation of Schley's side of the case was completed in the court of inquiry this morning. Lemley then produced an array of witnesses in rebuttal. Captain Dorian, Jr., marine officer on the Brooklyn during the war, was the admiral's last witness. Nothing new developed from his testimony. Lieutenant-Commander Grant, of the Massachusetts, the first witness in rebuttal, was asked to relate a conversation he had with Lieutenant Sears, Raynor objected.

The court sustained the objection after a long argument, and Grant was dismissed.

Captain Sigbee was then called by Lemley. Raynor objected to the calling of Sigbee and the court adjourned before announcing a decision. While the arguments were in progress Sigbee said he would like to make a statement, but Dewey refused to hear him.

After the recess the court decided Sigbee could testify. He said he met the newspaper boat and informed the correspondents they were in danger from torpedoes at Santiago. This was on the 28th of May. It was pointed out to Sigbee he had testified he did not know the Spaniards were at Santiago until May 29.

Engineer Claxton, of the Texas, who testified the port engine was stopped and reversed about the time of the Dewey's loss, was the next witness, but whose testimony was contradicted by the engineer in charge of the engine, who was the next witness, and said he might have been mistaken, but thought he was right.

FRANCO-TURKISH MATTER

FRANCE SENDS SHIPS AGAINST THE TURKS.

Division of the Mediterranean Squadron Detached for a Special Mission.

Paris, Oct. 31.—An official note issued today, states that orders are issued to detach a division of the Mediterranean squadron for a special mission. It is stated the orders have been handed to Admiral Caillaud, who will command the division. The newspapers which had secured previous information regarding the movement, announced this morning that the French warships are to go to Turkey to enforce French claims against that country.

It is believed Turkey will hardly let the matters reach any more critical stage than they have, but will settle the French claims before the squadron arrives in Turkish waters. The port is acknowledged the validity of the debts, but France regards the guarantees of their payment as insufficient, and hence the drastic action which has been taken. A member of the chamber of deputies declares the demonstration by the squadron amounts to a declaration of war.

An official of the foreign office says Caillaud has been ordered to make a demonstration against Turkey.

LAUNCHING BRICK BLOCK.

Bottle of Champagne Broken Over the First Foundation Stone in Lafontaine Building.

The launching of a brick block heretofore may be unknown, but nevertheless in Pendleton such a thing transpired, when this afternoon, Mrs. Gus Lafontaine broke a bottle of champagne over the first foundation stone laid by the masons for the fine new brick building Mr. Lafontaine is now erecting. The ceremony occurred at about 2 o'clock, and was witnessed by a number of persons, at the site of the proposed structure, Main street, east side, between Webb and Alta. Work on the building is to be rushed so as to have it complete just as soon as possible. It will be fifty by one hundred feet ground dimensions, and will be built according to plans drawn by the well-known architect, T. F. Howard.

Valuable Postage Stamps.

In the recent edition of the Pan-American two-cent postage stamps it was found that the illustration was printed upside down, and as only a few of them were sold before being noticed, the value of them has been greatly increased. People who have once used Hostetter's Stomach Bitters place a very high valuation on it as a family medicine. It is for weak people and the most delicate stomach can retain it. It restores the appetite and stimulates the digestive organs, thereby extracting all the nutritive element from the food. It has a record of fifty years of cures of indigestion, dyspepsia, constipation, and flatulency to its credit. We urge you to try it. The genuine has our Private Die Stamp over the neck of the bottle.
