With an income of \$1,000,000 a year, she expends but a small part upon herself. At Manila there was a public discussion before the Philippine Commission on the draft of the act against treason and sedition. Many prominent Filipinos were present. Vice-Governor Wright explained the object of the bill, saying that the Spanish code was unsatisfactory.

A Rush is the heaviest individual taxpayer in Marion county. He is assessed for 1901 on \$185,231. Organized labor in Portland has proclaimed itself heartily in favor of the proposed 1905 exposition. Edward C. Russell, Jr., has purchased the Astoria from Samuel Elmore, the cannery man, and will conduct it hereafter. Charles Coffey, a barber, cut John Canby, another barber, with a knife in a Dalles saloon Friday night. Canby is not fatally injured. The men quarreled over 75 cents. A young boy, son of E. H. Bellnap, fell in a iron kettle filled with hot water at his home at Monroe, Benton county, a few days ago, and received injuries that resulted fatally. Zoeth Houser said to a Baker City Herald reporter: "The entire smelter plant is in most satisfactory shape for operation. I think the first blast will be blown in about November 15."

A number of Minnesotans are investing heavily in oil lands in Crook county, at the foot of the Cascades. A Bright, general counsel of the Soo road, is president of the company. The trade of southeastern Oregon can be obtained by Portland merchants by the building of a railroad into that section from the Columbia river, and efforts are to be made in that direction. In the Sand Ridge district, in Grande Ronde valley, several irrigation enterprises are on foot. On one farm a trench pipe is being driven and water is to be brought to the surface by horse power.

The Governor of Idaho has appointed Mrs. Henrietta Mansfield, editor of the Nampa Leader, one of the three Idaho commissioners to the St. Louis Exposition in 1903. Mrs. Mansfield was formerly a resident of The Dalles.

How many mothers realize that when the baby's advent is expected they need strength for two instead of one. Weak, nervous, "just able to drag around," find themselves confronted with coming maternity. They have not strength enough for themselves, how can they be strong for their child? We don't look for the birth of strong children from a weak mind. Why should we expect the birth of strong children from weak mothers?

The way to ensure health and strength to mother and child is to use Dr. Pierce's Favorite Prescription as a preparative for motherhood. It brings the mother's strength up to the requirements of nature, so that she has strength to give her child. It nourishes the nerves and so quiets them. It encourages a natural appetite and induces refreshing sleep. "Favorite Prescription" makes weak women strong and sick women well. There is no alcohol in "Favorite Prescription" and it is free from opium, cocaine and all other narcotics.

I wish to let you know the great benefit my wife derived through taking your "Favorite Prescription," writes Mr. Robert H. Boyd, of Brandon, Manitoba, Box 23. "It was when her baby came. We had heard so much of your medicine that my wife decided to try it. I may say my wife's age was thirty-three and she had never been pregnant. She decided to take "Favorite Prescription" five months before her child was born. We have a fine healthy girl, and she believes that this was mainly owing to the "Favorite Prescription," taken faithfully according to directions. We shall certainly recommend it wherever we can."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

CROKER SAYS SHEPARD IS VICTORIOUS

But Bets Are Giving Low the Advantage.

\$400,000 WAGERED ON THE RESULT

The Weather Was Rainy, Yet the Voters Came Out and Their Ardor Was Not Dampened.

New York, Nov. 5.—Election day found a raw, drizzling rain prevailing, but the rain did not dampen the ardor of the early voters. Reports from 2000 districts in Greater New York are that a big vote is coming out. Seth Low, fusion candidate for mayor, was still a favorite over Shepard, the Tammany man, when the betting ceased at the Hoffman House in the early hours this morning. Nearly all bets had been made at 10 to 7 or 7 to 5, in favor of Low. It is estimated that a total of \$400,000 has been wagered. "We will win," says Croker, and his assistants re-echo this sentiment. Up to the state, interest was confined largely to the municipal elections. Troy, Albany, Syracuse, Rochester, Buffalo and other cities elect mayors. The state will choose an assembly and in the twenty-second district a successor to Shaw, republican, deceased, for congress.

SAN FRANCISCO VERY MUCH IN DOUBT TODAY

All Parties Claim the Election in the Three-Cornered Fight. San Francisco, Nov. 5.—A light vote is being polled, probably not to exceed 50,000, of which 50 per cent was cast up to noon. General apathy, which characterized the entire three-cornered campaign, still is manifest. Party lines are demoralized. There is no way of predicting the result. All parties claim the election. Schmitz, union labor is reported as running well in certain sections, cutting into both Wells, republican, and Toby, democrat. The weather is fine.

Republican Weather in Massachusetts.

Boston, Nov. 5.—Ideal republican weather was bringing out a large vote this morning. Governor Currier's plurality is considered to be reduced, but will be large enough to confirm his election. The campaign has been apathetic. In Boston, the democrats expect a substantial majority for Quincy for mayor.

Maryland Looks Like Gorman.

Baltimore, Nov. 5.—Election day opened cloudy and cold indications favoring the proposition to return. Arthur Pugh Gorman to the United States senate. The democrats elicit the state by 15,000, and the city by 10,000. The independent ticket is being voted strongly.

Doubtful in Nebraska.

Lincoln, Neb., Nov. 5.—Snow flurries and the mercury below freezing, were the weather conditions greet'ing Nebraska voters today. Apathy was pronounced and a light vote was expected. Both republican and fusion chairmen claim the state by from 6000 to 10,000.

Alleged Fraud in Denver.

Denver, Nov. 5.—Weather prospects were fine and the vote large. May is said a proclamation alleging the less credits intended to resort to fraud, calling for the serving as a posse comitatus in the event of necessity.

Republicans Sure of Rhodey.

Providence, R. I., Nov. 5.—The state election will be a sweeping republican victory and re-election for Governor Gregory is assured.

THE NEW YORK MARKET

Reported by I. L. Ray & Co., Pendleton, Chicago Board of Trade and New York Stock Exchange Brokers New York, Nov. 5.—There were no markets in New York today on account of election, but all other markets were strong. Liverpool was higher, 5-9. Chicago opened higher, 7 1/4, and closed 7 3/4. The late government estimates of Germany's requirements of wheat are 100,000,000 bushels, has started all the foreign markets towards a higher level, especially England, where, notwithstanding our heavy exports, there stocks have decreased over 1,000,000 during October. The loss of the corn crop will be felt more from this time forward. With corn selling around 60 cents, wheat should be a good purchase around present prices. Close yesterday, 71 1/2 @ 75. Open today, 71 1/4. Range today, 71 1/4 @ 72 1/2. Closed today, 72 1/2.

SHE SAVED OUR SOLDIERS

SAVED BY A FLIPINO CONSPIRATOR'S WIFE. Massacre of American Garrison at Moncada, Prevented by a Loyal Woman.

Manila, Nov. 5.—Massacre of the American garrison at Moncada, province of Tarlac, has been prevented by the wife of one of the conspirators revealing the plot. Vice-Governor Wright was sworn in today. Twenty-five rebels were killed in a fight with Canillo's detachment of scouts in southeast Catbalogan, Samar province, and 175 houses were burned.

Chicago Case Remins Police of Those in New Orleans. The police say he was the victim of a vendetta. Napoli came from Livermore, Iowa, and is believed to have been one of a party of Italians that crowded in a Clark street saloon last night.

World to End Next Year.

"This is the recent decision of one of the prominent societies of the world, and while there may be a few people who will believe the prediction, there are thousands of others who do not believe, but know from experience that there is only one sure cure for all stomach, liver and bowel complaints, and that is Hostetter's Stomach Bitters. It has been very highly recommended by prominent physicians because it has always been found reliable. We urge those who are suffering from indigestion, dyspepsia, constipation, biliousness, nervousness or insomnia, to give it a fair trial. Do not accept a substitute. FRANCE HAS SEIZED SOME TURKISH PORTS

Affair Has Taken a More Serious Turn. PERSONAL ELEMENT WAS ELIMINATED

And Now It is a Question of Issues That Relate to Important Subjects. Paris, Nov. 5.—The French squadron, under Admiral Caillaud, sent to make a demonstration in Turkish waters, has seized the three principal ports of the Island of Mytilene in the Grecian archipelago. News of the seizure came from Caillaud in a telegram. According to a semi-official statement issued today, France's demands on Turkey have lost all personal character and are now those of nation on nation. There now remain three principal points at issue, that the religious protectorate in the Orient be respected, that the ports assure free working French schools, and respect for the rights of the medical faculty at Beyrouth.
