"I did not sleep a night for seven long weeks."

That prolonged period of sleeplessness is most expensive of the pain and suffering caused by womanly diseases. It is pleasant to contrast the medical inefficiency which said "I could not be cured" with the prompt and permanent cure effected by the use of Doctor Pierce's Favorite Prescription. This great medicine for women establishes regularly, dries enfeebled organs, heals inflammation and ulceration and cures female weak ness.

I take great pleasure in recommending Dr. Pierce's medicines to other suffering women. Miss Anna of Grays Ferry, Ashe Co., N. C. "I had intestinal trouble very bad and was unable to eat and suffered a great deal of the uterus. I was troubled with it so that I did not sleep a night for seven weeks. The doctor said I could not be cured, but I continued to take Dr. Pierce's Prescription and Pleasant Pellets. After taking two bottles I could sleep all night and after taking six bottles of Dr. Pierce's Prescription and two of Dr. Pierce's Pleasant Pellets my case was cured. I had told my husband that I would like to die as it seemed I could not live. He told me to put faith in Dr. Pierce's Prescription and I did and would cure me, so I did and I thank God and your medicine for saving my life."

Dr. Pierce's Common Sense Medical Adviser, 1008 large pages, is sent free on receipt of stamp to pay expense of mailing only. Send 30-cent stamp for the book in cloth binding, or only 20 cents for the paper covered volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I have used your valuable CASCARETS and find them perfect. Consider it a favor to me to let you know for some time past I have been suffering from biliousness and am now completely cured. Recommend them to every one. Once tried, you will never be without them in the family."

Potatoes Drop in Price.

Potatoes were laid down in Pompey the other day, brought all the way from the Dakotas, and sold for \$1 per sack. This is regarded as an unusual thing in transporting produce from the east to the west, and indicates that the high potato market in the east, as well as in the west, has been broken. In Athens, the other day, potatoes were held at \$1.50 a sack, and that price was refused for them. During the last days of the week, they were sold by the same growers at \$1.25 per sack, and the growers were glad to take that figure.
