[Ho]rse Fell and Rider Had a Leg Broken.

Weston, Nov. 11.—Special.—John [St]amper, son of Henry Stamper, of [th]is place, met with quite a serious [ac]cident yesterday. He had been [spe]nding several days in the moun[ta]ins south of town, rounding up his [sto]ck, and was returning home for [the] day, when his horse stepped on [on]e of the crosswalks and fell, pin[nin]g his rider under, breaking the [lar]ge bone in his left leg four inches [ab]ove the ankle. He was taken to [the] office of Dr. Best, where the limb [wa]s set. Later, he was taken to his [par]ents' home on Water street, and [at t]he present writing is doing as [wel]l as could be expected.

A Deep Mystery.

It is a mystery why women endure backache, headache, nervousness, sleeplessness, melancholy, fainting and dizzy spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phebe Cherley, of Paterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, I now am able to do all my housework." It overcomes constipation, improves appetite, gives perfect health. Only 50c at Tallman & Co.'s drug store.

A Physician Testifies.

"I have taken Kodol Dyspepsia Cure and never used anything that did me the good that did," says County Physician Geo. W. Scroggs, Hall County, Ga. "As a physician I have prescribed it with the best results." Kodol Dyspepsia Cure digests what you eat. Tallman & Co. and Brock & McComas.

MUST OWN THEIR RANGES

STOCKMEN TAKING UP LAND IN CAMAS VALLEY.

Conditions Demand the Herd Owner Absolutely Control His Pasture Land.

Ukiah, Nov. 13.—Special.—George Ellis, of Pilot Rock, who also owns a large cattle ranch in Camas, was here recently. Mr. Ellis says he intends to purchase two sections of Camas prairie land soon. He believes the time is not far distant when stockmen will have to own their own range in that end of the county, and keep only what stock they can keep in pastures. Other cattlemen here are taking the same view of the matter and are buying all the land that is for sale.

Charles Vinson has sold his residence property in this city, to C. Bollin, for $500. Mr. Vinson has purchased a section of school land near town and will engage in the cattle business.

The Oriental Gold Mining company began operations in earnest Monday morning with a force of twenty-one men. County Surveyor C. E. Macomber is surveying the ditch line, which is to bring water to the claims. The men except the surveying party are under the supervision of H. S. Moore, a civil engineer from San Francisco.

Neighborhood hops are quite the rage here now, there being an average of two a week in the prairie. The last one was held at the home of Mr. and Mrs. Charles Gist, east of Ukiah. Most everyone attends these social functions and all have a good time.

W. L. Bowsly, living six miles east of Ukiah, is quite sick at present.

R. E. Stewart, of Athena, was here this week and took his cattle to his ranch at Athena to winter.

There is to be a basket social in Ukiah on the night of Nov. 21. The baskets will be sold at auction and the proceeds will go toward paying a teacher for the primary department of the school here.

The thermometer was down to zero Sunday night.

A. A. Cole, who has had his sheep two miles southeast of town for some time, moved them out to the winter range near Vinson, this week.

Bart Batisti made a trip to La Grande late last week to purchase a tract of timber land.

RITTER CATTLE ARE DYING

WHAT KILLS THE STOCK PUZZLES THE HERDSMEN.

If Poisoners are at Work, Then All Owners are Being Injured Alike.

Ritter, Nov. 11.—Quite a number of cattle are dying on the ranges here, from some mysterious cause. It is thought by some to be some sort of contagious disease, while others claim that it is poisoning, caused by eating some poisonous weed, or by malicious parties having poisoned the range. As many as twenty-five head have died altogether, and almost all the cattlemen have suffered the loss of one or more, so that, if it is the work of the poison fiend, he does not seem to have a spite on any one party in particular.

The range here is very short, and as a consequence, cattle are in very poor condition for the winter. With short pastures and little hay, as there is here at present, the stockmen are in very poor shape to stand a hard winter, and should the winter be more severe than usual, many cattle will die.

ECHO IS TO HAVE 'PHONES

BUTTER CREEK PEOPLE WILL BUILD THE LINE.

$600 Has Been Subscribed by the Ranchers Thereabouts.

Echo, Nov. 13.—The promoters of the local line of telephone have made material progress. They have subscribed about $6000, a sufficient amount to carry the line through successfully. It is contemplated to connect the line at Umatilla with the long distance line, thereby having communication from their homes with the outside cities.

THE CATTLE STAMPEDE.

Butter Creek Stock Break Out From Three Corrals.

Echo, Nov. 13.—William Fritt's cattle, which he is feeding on the Gamble place, on Lower Butter Creek, broke out of the corrals a few nights ago, exciting Charles McBee's cattle and caused them to stampede also.

Fred Andrew's bunch of cattle that he is feeding on his ranch, on the Meadows, stampeded last Thursday night, breaking through the barbed wire fences. The cattle scattered in all directions, it taking most of the next day to gather them in. They were picked up on Butter Creek from one end to the other.

Echo Notations.

Echo, Nov. 13.—Considerable excitement was caused Thursday, looking for a crazy man that had escaped from the officers on their way to the asylum at Salem. He had jumped through a window on the Wednesday night train, and apparently uninjured, had made good his escape. The officers in pursuit tracked him to Echo and Foster.

Zoeth Houser, United States marshal, was in Echo Sunday, and left on the morning train for Portland.

Mr. and Mrs. Charles H. Bartholomew returned Sunday afternoon, the 3rd, from a short wedding trip to Portland. They will make their home on Butter creek.

Mr. John Dorcas, of the Imhoff & Minar Tombstone company, of Portland, was in this vicinity during the week.

R. E. Thom has bought from J. H. Koontz his ranch below Foster, known as the Peter Schwab ranch.

Rev. J. W. Chastain, pastor of the United Brethren church at Pine City, accompanied by his daughter, passed through Echo on his way to Dayton, Wash., where was his former home.

Mrs. Joseph Leezer and son Roy, are in Pendleton. Roy will attend school there.

Mrs. L. C. Rogers is visiting her father at McMinville. It is many years since Mrs. Rogers has visited her home in the valley, and no doubt the trip will prove an enjoyable one.

Joseph Cunha is going to build a new barn this week on his ranch, near Echo. The work was let to Pendleton contractors.

L. B. Wells has returned from a business trip to nearby cities and towns, selling medicines and different articles for which he is agent. Mrs. Wells and children have been visiting her folks in New York state during the summer. They left New York a few days ago, and in a few days are expected home to Echo.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. A remedy for nasal catarrh which is drying or exciting to the diseased membrane should not be used. Cream Balm is recognized as a specific. Price 50 cents at druggists or by mail. A cold in the head immediately disappears when Cream Balm is used. Ely Brothers, 56 Warren street, New York.

REV. HUGH MILLER TO RETURN.

Former Pastor, Who Went Out an Unbeliever, Asks Reinstatement.

Rev. R. W. King has received a communication from the Rev. Hugh Miller, who was once the pastor of the Baptist church and closed his work here after announcing that he had never experienced the change of heart necessary to give him a place among Christians.

Recently Mr. Miller has been converted and desires to return to the church from which he went out.

The communication is to the local church, and will be read tonight at prayer meeting and action on the request taken. All the membership are therefore urged to be present at this service.

Canada's exports of pulpwood and wood pulp in 1900 amounted to $3,335,265, of which $966,920 were sent to Great Britain and $2,302,215 to the United States, $66,194 going to other countries.

Relieves Dandruff Immediately

and causes thick, glossy hair to supplant the former thin, brittle growth.

Newbro's Herpicide

performs its work on the principle, "Destroy the cause, you remove the effect," and consequently it reaches and kills off the ever-busy microbe, which is responsible for all scalp diseases. It thus makes dandruff and falling hair impossible, and promotes a luxuriant growth of hair that soon becomes the pride of the owner. Even on bald spots it soon produces hair as thick and luxuriant as anyone could wish for.

One bottle will convince that it is the only hair restorer that really restores.

Thomas Jefferson Tonight.

A rare treat will be offered the patrons of the Frazer tonight, the occasion being the appearance of Thomas Jefferson in "Rip Van Winkle." Thomas assumes the role that has made his father famous for nearly twice as long as "Rip Van Winkle" slept. Irving's quaint legend possesses a perennial charm which is said to find adequate portrayal in the hands of Thomas Jefferson. He is said to have inherited or cultivated to a great degree the naivette and humor of his father and gives a performance that is interesting and satisfactory.

Deafness Cannot be Cured

by local applications, as they cannot reach the deseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
