Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to normal condition, hearing will be lost forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give you hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Sent for circular, free.

3,000 THIS MONTH.

Paid Out by the U. R. & N. Co. at This Point.

Today is the monthly pay day of the O. R. & N. Co. In Pendleton the company has a pay roll this month of \$15,000, which goes out to their employees and is distributed among the business men of Pendleton. This, however, is a little above the average monthly pay roll, which is owing to the extra work the company is having done along the road in the way of grading and ballasting the roadbed. Probably very few of our people stop to think what the amount is worth to Pendleton and, in fact, it will be a surprise to many to know that such a large sum of money is distributed from this point monthly by the O. R. & N. Co.

The genuine must have our Private Die Stamp over the neck of the bottle.
