

THANKSGIVING

Our customers should be thankful that we can save them the expense of a trip to Portland to purchase dress goods. We are showing a most elegant and well selected line of dress goods in all the new weaves and colorings at prices to suit all purses. We wish to draw special attention to our line of heavy and shrunken mixtures for the popular walking skirts. We are sole agents for the most popular ladies' shoes in America and Europe.

"The Sorosis."

WHY HE IS NOT CRAZY

BY CHENOWETH

LECTURES AT ALBA.

But Told the Officers They Not Hold Him—Escaped and at Large.

Oregon, Nov. 27.—Special.—Chenoweth, the crazy lecturer here last week. His was "Heaven and no Hell," though seeming off at times, he was the best orator that ever lectured here. He has a beautiful flow of language and uses no notes. He has been a Baptist preacher and has changed his faith and why he is hounded so. At the close of his speech a collection was taken for him and just at that time officers closed around him and asked if he had any papers. At this time he did not expect but stepped to the side and asked if he had any friends. Some that would assist him, that he was in trouble but was not it was all right. He went to the hotel but told them that it was no use to arrest him as no officers could hold him. He was proven true. Just as the officers were crowding in the morning his flight with two officers in his hand disappeared as if he had swallowed him up. At the same time he sent word to a teamster that he would lecture at Warrenton, at the head of the creek at 7 p. m. and would like officers to come out and hear. He said that he would preach at a hotel in Portland three days from that time.

He is busy hauling goods from the Albu merchants. With Gibson, who has been school in district No. 79 for three months, has returned to Pendleton to attend school. Her services gave satisfaction. Weather here is fine and farm work is going on. Nannie Oliver has returned to Astoria and will reside here. Bishop made a trip to Portland last week and reports business in a flourishing condition.

SNOW FLAKE.

He Kept His Leg. Years ago, J. W. Sullivan, of Conn., scratched his leg with wire. Inflammation, with swelling set in. For two years he had intense pain. Then the best surgeon amputated, "but," he used one bottle of Electric Balm and his leg was sound as ever. For eruptions, eczema, salt rheum, sores and disorders Electric Balm is the best on earth. Try them. Dr. Co. will guarantee satisfaction or refund money. Only 50 cents.

ATE SUPERINTENDENT.

For Years, There Will, Hardly be a day that goes without papers throughout Oregon. The papers spoken in very complimentary terms of Prof. A. P. Armstrong, principal of the Portland College, for the office of superintendent. He is considered as a prominent and successful educator and business man.

Possessed of superior executive ability, energetic and aggressive, of unquestioned scholarship for the place. It is claimed that he will make an ideal state superintendent.

This paper places itself squarely on record for Prof. Armstrong. Some five years ago, it first mentioned him as a suitable person for superintendent of Multnomah county. Since then he has served two terms in that office, giving the most economical and businesslike administration the county has ever had, and fully meeting the expectations of educators and the general public. He can and will do equally well for the state if given a chance. Should he become a candidate for the office mentioned, he has our best wishes for success.

The foregoing item is from a Portland paper. It indicates that Umatilla county is not the only place in Oregon where political matters are beginning to receive attention.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 7c. Hall's Family Pills are the best.

Important Conference of Miners.

Huntington, W. Va., Nov. 26.—For the second time within a month delegates representing the miners of various sections of Virginia and West Virginia assembled here today to discuss the question of organization and other matters affecting their interests. The first convention, which was held here earlier in the month, resulted in nothing definite being accomplished and it is frankly admitted that the outlook for the present gathering is not much better. The mine operators of the two states have been requested to enter into the conference tomorrow. If they decline to attend as it is expected they will, the national officials of the United Mine Workers, declare they will immediately begin a general movement for the organization of the two states. If they fall in this a sympathetic strike will probably be ordered.

Thousands Sent Into Exile.

Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. Don't be an exile when Dr. King's New Discovery for Consumption will cure you at home. It's the most infallible medicine for Coughs, Colds and all Throat and Lung diseases on earth. The first dose brings relief. Astounding cures result from persistent use. Trial bottles free at Tallman & Co.'s. Price 50c and \$1.00. Every bottle guaranteed.

Dwarfs Wed.

Pawtucket, R. I., Nov. 26.—One of the oddest weddings ever celebrated in Pawtucket took place today. The bridegroom was Henry Lavelle, a local grocer, who is three feet ten and a half inches tall, and the bride, Miss Martha Gayette, of Blackstone, whose stature is two inches less than that of her husband.

A Physician Testifies.

"I have taken Kodol Dyspepsia Cure and never used anything that did me the good that did," says County Physician Geo. W. Scroggs, Hall County, Ga. "As a physician I have prescribed it with the best results." Kodol Dyspepsia Cure digests what you eat. Tallman & Co. and Brock & McComas.

McKinley Estate \$200,000

Canton, O., Nov. 26.—Appraisers of the McKinley estate filed a report today that shows the entire estate is worth nearly \$200,000.

RAGLANS AND OTHER WRAPS

SMART SET WEARS VERY FINE CLOTHES

Finer Than Ever Before—Something About Long Cloaks.

New York, Nov. 27.—At no time in the history of America have women in the smart set worn finer clothes than in this year of grace, 1901. Just as soon as anything especially chic appears, in fact, often before it is shown in the shop windows, manufacturers and milliners who appeal to patrons of less means make such clever imitations of the original article that it demands an artist in women's apparel to detect the difference.

The finest effects in French creations are replicated with such artistic results and so faithfully to the original as to challenge admiration and cause one to wonder which is to be admired most, the original or the imitation. The creator has no limit placed upon him. What he has to do is to produce results; the imitator is bounded by prescriptions of bank accounts and dare not make his work too costly. He economizes with marvelous skill and keeps his work within the possibilities of purses that may be drained.

It may be stated that the winter effects are stylish without exception. This is noticeable especially with the long coat which appears chiefly in tan cloth. For the carriage and automobile wear, the loose cloak is most in favor, and is worn very long with wide cuffs of the "pagoda" sleeves which are closely stitched and often times appliqued with panne velvet.

The bottom and side fronts show stitching and cut cloth put on in applications. An innovation introduced upon these coats is the facing of white cloth which is stitched closely down upon the goods and overreded

with a deeper shade of brown silk decorated with rows of tiny brown buttons.

Squadron on Winter Cruise.

Washington, Nov. 26.—The winter cruise of the North Atlantic squadron, which began today, will be a notable one. The vessels of the squadron will stop at Charleston for four days during the exposition, and visit Cuba, Porto Rico, the Isthmus of Panama, Colombia, Trinidad Island, on the northeast coast of Venezuela, and the Danish West Indies. The squadron will arrive at Porto Rico two days before Christmas and remain there a full month.

Rev. John Reid, Jr., of Great Falls, Mont., recommended Ely's Cream Balm to me. I can emphasize his statement. "It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, pastor Central Presbyterian Church, Helena, Mont.

After using Ely's Cream Balm six weeks I believe myself cured of catarrh. Joseph Stewart, Grand avenue, Buffalo, N. Y.

The Balm does not irritate or cause sneezing. Sold by druggists at 50 cts. or mailed by Ely Brothers, 56 Warren street, New York.

Cleaning Out Sale.

Having bought the Fitzgerald stock, on Main street, I will close out at cost the entire line of canned goods, pickles, pepper sauces, crackers, etc., fine scales and a good coffee mill. Come and see me. R. L. RACKETS.

Modern Surgery Surpassed.

"While suffering from piles," says G. F. Carter, Atlanta, Ga., "I got DeWitt's Witch Hazel Salve and was entirely cured." Cuts, burns, bruises, quickly cured. Beware of counterfeits. Tallman & Co. and Brock & McComas.

MINNESOTA TRUST FIGHT

ATTORNEY GENERAL DOUGLAS' OPINION.

Says New Jersey Corporation is in Violation of the Statute of His State Against Railway Combinations.

St. Paul, Nov. 26.—Attorney General Douglas made the following statement in regard to the effort to be made to prevent the proposed consolidation of the Great Northern and Northern Pacific railroad companies:

"The organization of this New Jersey corporation for the purchase of a controlling interest of the stock of rival railway companies is clear violation of the spirit, although not the letter of the act of 1881, the validity of which was sustained by the supreme court of the United States in the Peersall case. I am not in a position to discuss remedies but am under the impression that pressure by the federal authorities, based on the Sherman anti-trust act and the interstate commerce act is likely to bring about good results."

International Seamen's Union.

Buffalo, N. Y., Nov. 26.—Delegates from the cities of the Atlantic and the Pacific coasts, as well as from all the great lake ports, are attending the annual convention of the International Seamen's Union, which began its business sessions in Buffalo today. Wages for the coming maritime season, conditions of labor and other matters of importance to the men before the mast are to be discussed by the convention.

Rice Will Case.

New York, Nov. 26.—The examination of subscribing witnesses to the will for millionaire William M. Rice,

was begun today before Surrogate Fitzgerald. This is the will of 1895, by which Mr. Rice bequeathed the bulk of his \$8,000,000 to the Rice Institute. This is the start in what promises to be the most celebrated will contest on record. Before the actual contest of the 1896 will comes up the 1900 will will be disposed of. Then will come the trial of Lawyer Albert T. Patrick and Valet Jones on the charge of having murdered Mr. Rice. The murder trial is set for next week, but will probably be postponed until after the will contests have been settled.

THE ROOT OF YOUR HAIR should look like this, but if you have **DANDRUFF** THE GERM destroys and withers it like this. "Destroy the cause you remove the effect." No Dandruff, no Falling Hair, no Baldness, if you **KILL THE GERM** with **NEWBRO'S HERPICIDE** For sale by all druggists. Price 50c.
