BASEBALL MAGNATES.
 Meet in New York and Chicago to Form Plans.

Chicago, Dec. 2.—The American baseball league is holding its adjourned annual meeting today at the Auditorium Hotel. St. Louis having been taken into the fold little other than routine business remains to be transacted unless the talked of plans to capture New York have secretly advanced to a stage which would warrant the magnates in announcing that that city will be added to the circuit the coming season. This is not considered likely, however.

League Managers Confer.
 New York, Dec. 2.—Behind closed doors at the Fifth Avenue Hotel today Messrs. Brush, Freedman, Dreyfuss, Robinson and their brother magnates of the national league are in session today discussing the plans for the coming season. Owing to the strict secrecy maintained it is impossible to learn the exact nature of the deliberations. Enough has leaked out, however, to warrant the fans in expecting some startling announcements ere long regarding the national league circuit for next season and a plan of campaign in the inevitable warfare against the American league.

 Baltimore, Md., Dec. 2.—Tommy Feltz, who has attracted considerable attention of late by reason of his numerous and successful fights, will meet Joe Trippen in a twenty-round bout here tonight. Trippen is a Baltimore product and is expected by his admirers to put up a stiff fight against Feltz.

Bothner to Wrestle Parker.
 New York, Dec. 2.—The handicap wrestling match between Harvey Parker, the lightweight champion wrestler of the world, and George Bothner, the instructor of the Knickerbocker Athletic Club, which takes place at the Leonax Lyceum tonight, is attracting much attention among the sporting fraternity. The conditions are that Parker must throw Bothner twice in sixty minutes or forfeit the match. Both men appear to be in excellent trim.

Deafness Cannot be Cured
 by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
