THE BAD WEATHER

STORMS GENERAL FROM OCEAN TO OCEAN.

Snow Fell Here and in Walla Walla Soon Disappeared.

According to telegraphic reports the storm which visited Pendleton last evening has been general all over the country, reaching from the Pacific to the Atlantic coasts. For the past ten days it has been raining almost continuously and at 4:30 yesterday evening the rain turned to snow which was the first of the season, and until 10 o'clock it kept this up. There probably fell two inches of the "beautiful." But the ground being wet it melted almost as fast as it fell. This morning there was only a little on the hills to remind the people that winter was at hand.

However, the temperature did not change very much and it is still unusually warm for the time of year. Stockmen and farmers in general are jubilant over this condition, as the soil has been thoroughly soaked and the warm weather will bring on the delayed grass, which was held back by the unusually dry fall.

Snow in Walla Walla.

Walla Walla, Dec. 6.—For several hours last night snow fell in this city and the ground was covered to the depth of over an inch. The recent rains made the ground muddy and the white covering soon disappeared. The temperature remained unchanged.

ABOUT GRIDIRON SPORTS

FOOTBALL TOMORROW

ACADEMY-HIGH SCHOOL

Hard Fought Battle Will Be Witnessed in Pendleton.

Those who thought the football season ended with the Thanksgiving games were wrong. The local teams here have just begun to play. Tomorrow the high school and academy locals will meet on the gridiron west of the city, where it is expected that a hard fought battle will be witnessed, as both teams are in good trim and will do their best to carry off the honors.

As this game will not end the season, the academy team expect to go to Walla Walla two weeks from tomorrow where they will play the local high school, and then the same team will come from there to this city to play the local high school, and then the same team will come from there to this city to play a return game on Christmas.

After the game tomorrow, the high school will give the academy players a reception at the high school assembly hall at 8 o'clock in the evening.

THIS TOWN SUITS THEM

THEY FIND PENDLETON DESIRABLE PLACE TO LOCATE.

S. P. Wall and William Dargavel, of Fairbault, Minn., seeking investments in the West.

S. P. Wall and William Dargavel, of Fairbault, Minn., are in Pendleton today, registered at the Golden Rule hotel. They are in the far west looking for locations, and are desirous of making some investments. They have come to Pendleton for the purpose of verifying the flattering reports they have heard as they came along the lines of railway over which they have traveled, and they stated to the East Oregonian that they are pleased with the realization of the statements that had been made to them.

These gentlemen will buy property here, in the event they can find just what they want. They were shown about the city by N. Berkeley, Jr., and are examining certain pieces of real estate which they may purchase.

As to the resources of Umatilla county, they have learned much, and are surprised to find that here is one region that has not been over-stated by booming advertisers. Every assertion has been borne out by the actual conditions, and the effect has been to cause the Minnesotans to desire to locate here. They will remain at the Golden Rule hotel until tomorrow, and will further interview some of the local dealers in reality.
