LOCAL EXPOSITION

N. BERKLEY, JR., EXPLAINS
THE COUNTY FAIR SCHEME.

Urges That Fertile Umatilla Organize
to Make Annual Show of Products
in Creditable Manner.

To the Editor:—That persons con-
templating subscribing to the fund
that I am trying to raise for the pur-
pose of securing to our county a per-
manent agricultural association, may
be advised as to the manner in which
the said association is being project-
ed. I would be pleased if you publish
this statement and relieve me of the
necessity of "pumping hot air" into
such of our citizens as appear inter-
ested in the project, but who, being
from Missouri, request me to "show
them" before pledging their support.

Form of Organization.

My idea is to secure a pledge of
10,000 shares of stock of \$1 each,
which stock is to be paid for only
when the full amount has been sub-
scribed and a board of directors has
been duly elected from subscribers to
said stock, to collect and expend the
same.

That the whole county may be in-
terested in the association, it is
thought advisable to have the differ-
ent sections of the county represented
in the management; say, one from
Camas prairie, one from Athena, Wes-
ton or Milton, one from the north and
others from Echo and Pendleton.

Has One-Third Subscribed.

I would further say that up to the
present time I have secured pledges
for over 3000 shares of stock, and
gather from conversation with sub-
scribers thereto that the following is
practically the plan a majority of
stockholders will advocate:

Upon the due election of directors
and collection of subscriptions, a tract
of land, the most desirable in the
judgment of the directors, will be
purchased, properly fenced and suit-
able buildings, stock pens, etc., erected,
with conveniences for feeding and
watering stock that will attract own-
ers of valuable animals.

Our Favored Oregon.

It does appear to me that if in other
states less favored, in soil and climate,
the township fair can be successfully
conducted, our county, with its won-
derful wealth of fertile soil and envia-
ble climate, should put up annually an
animal and vegetable show that would
reflect honor and credit on the whole
state.

To Those Interested.

As I claim no more interest in the
development of our section than an-
other, and have already contributed
much time to soliciting subscriptions
toward the fund, I would request that
all persons desirous of advancing a
good cause call and express their good
will by subscribing for such stock
as they may feel to be their duty to
assume in advancing a public enter-
prise.

PERSONAL MENTION

A. J. Dillon, an Echo stockman, is
in Pendleton.

Representative T. J. Kirk is in town
from Athena.

J. W. Kimbrell left this morning for
Echo to be absent a day.

J. W. Collins and C. A. Davis were
in the city yesterday from Pilot Rock.

District Attorney Thos. G. Halley
left this morning for Athena on busi-
ness.

RECORDER'S SALARY REDUC-
TION ORDINANCE REMAINS

Unamended—Came to Vote on Propo-
sition to Give Him \$50 Instead of
\$25.

At the council meeting Wednesday
night, in the absence of Mayor Vin-
cent, Councilman Clopton acted as
chairman.

The ordinance for reducing the re-
corder's salary from \$70 to \$25 was
read for the second time and an
amendment offered to make it read
\$50 instead of \$25. This was brought
to a vote, and Hartman, Sommerville,
Praier and Wells voted in the affirma-
tive, while Clopton, Johnson, Roose-
velt and Switzler voted in the nega-
tive. The vote being a tie, the
amendment was lost and the ordi-
nance still stands as first introduced.

An ordinance to change the grade
of Washington street between Main
and Monroe and establish a new grade
was read for the first time and laid
on the table.

A petition by the residents of Lil-
both street was presented, asking that
a sidewalk be laid on the west side
from Webb to railroad street.

An ordinance to determine and es-
tablish the grade of Monroe street be-
tween Jackson and Washington, was
read and laid on the table.

The report of R. J. Frecheville on
the Le Roi mine, which had been look-
ed forward to with the keenest inter-
est, has been made public. Mr.
Frecheville's report shows that the
gross value of the ore in sight is \$5,-
687,000, and that there is enough ore
now in sight to give a net profit of
\$1,221,000.
