FOR A BETTER ROAD

CONNECTING SUSANVILLE AND PENDLETON.

An Effort Being Made to Improve the Road—The East Oregonian Correspondent at Ukiah Does Not Consider the Present Plan Practicable.
Ukiah, Dec. 24.—The proposed new road from here, via Desolation creek, to Susanville, is again being agitated both here and at Susanville. It is claimed that the proposed route would be from 15 to 20 miles shorter than the present road, which is about 42 miles, and also that it would be a much better road. Susanville offers to stand part of the expense of building the road if Ukiah and Pendleton will stand the remainder. So far as I can understand, it is proposed to build only a neighborhood or unofficial road, without any authority from the court of that county whatever. Such a proceeding might be the cause of considerable trouble in case the land over which the road would run should be homesteaded.

In that case it might force the freighters to build around some man's ranch, or it might close the road altogether. The business men of Ukiah—and I believe those of Pendleton are the same—are not over anxious to contribute their hard-earned cash to help build a trail through Grant county mountains that may be closed up any day. Let the citizens of Susanville petition the court of Grant county for a road from there to the county line, and after it is established there will be plenty of time to ask outsiders to assist.

There is no doubt that a good road between here and Susanville would be a great benefit to all concerned, but the Grant county people should give Umatilla county business men some assurance that their money would not be wasted if used in building this road. There is talk of a road being built from Heppner to tap that camp, but to make a road there that could be used for heavy freighting is almost an impossibility, at the least calculation such a road would cost \$40,000. Both the north and the middle forks of the John Day would have to be bridged besides numerous other smaller streams, and miles upon miles of heavy grading would have to be done around the mountain sides. No, Pendleton is the only natural outlet for the Susanville country, and if the people over there will go about the matter in the proper way, by getting a county road allowed first, we believe they will receive some help from this place and Pendleton.

Ukiah Notes.
Everyone is preparing for a good time on Christmas. There will be a Christmas tree in Ukiah tonight, a turkey shooting at Alba, on Christmas day and a masquerade ball at night.

Miss Lulu Marple, who is teaching school here, is spending the holidays with her parents at Pendleton.

Misses Maud Helmick and Stella Gilliland, who are attending the academy at Pendleton, are at home to spend Christmas.

More butter is being made in Camas now than ever before at his time of year. Although the work of winter dairying is far greater than it is in the summer, the price is generally enough larger to compensate for the extra labor. About 500 pounds daily is being manufactured in and around Ukiah at present.

J. R. English, principal of the Ukiah school, is spending Xmas with relatives at Weston.

HAIR NATURALLY ABUNDANT.

When it is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased grows naturally luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect"—dandruff.

GENUINELY FUNNY.

The Play of the "Burgomaster" at the Frazer Friday Night.

Its sprightly musical score is not all that commends "The Burgomaster" to public favor. The book is really, genuinely funny; in words, exuberantly so. Indeed, it has made its author, Frank Pixley, all but famous. His subsequent success with "King Dodo" has fully borne out the promises he made and fulfilled with "The Burgomaster." The career of "The Burgomaster" is such as to leave no doubt of its merit, for it has enjoyed runs of 150 performances in Chicago, 100 nights in New York, 100 in Philadelphia and 100 in Boston. Its advent in this city marks an epoch in the season's amusements and it will undoubtedly draw out all that is desirable in local amusement seekers. Certainly no more talked-of or popular play has been offered to theater-goers for some time. The engagement at Frazer's opera house is for only one performance, and the entire production as given during the long city runs above recorded will be seen here. The cast, which is long and comprehensive, will be behind the footlights in Frazer's opera house tomorrow night, Dec. 27.

NOTES FROM WESTON.

Exercises at the Churches on Christmas—Professor Hawes Married.

Weston, Dec. 24.—The Knights of Pythias are to give a masquerade ball in the opera house tonight.

The town is crowded with people today getting ready to play the part of Santa Claus a little later.

Tomorrow evening the Sunday school of the United Brethren Methodist Episcopal church, South, and the Baptist churches will give Christmas entertainments.

The entertainment at the Episcopal church will be held Thursday evening.

There will be a great wedding on the 24th at Portland that will interest quite a number of people in this vicinity. The principals of this pleasant affair are Professor J. D. Hawes, of the Weston school, and Miss Florence L. Smith, of Coos Bay.

It is needless to say that Mr. and Mrs. Hawes will receive a warm welcome when they arrive at Weston, where they will make their home.

Oil as Fuel for Locomotives.

One of the railroads on the Pacific Coast has been experimenting with oil as fuel for their locomotives in place of coal, and if it proves a success will be adopted. While there may be some doubt as to the success of this new fuel, there is none concerning the curative value of Hostetter's Stomach Bitters. It has been given a thorough trial during the past 50 years and has never disappointed any sufferer from dyspepsia, indigestion, constipation or biliousness who has given it a fair trial. What it has done for others in the past it will certainly do for you now. Try a bottle and you will be convinced. The genuine has our Private Die Stamp over the neck of the bottle.

COAL ON GRAND RONDE.

Property is Bonded to W. A. Clark and Associates, of Montana.

Hansen's Ferry, Dec. 26.—F. M. Russell, mining expert of Wallace, Idaho, who has been here inspecting the coal deposits on the Oregon side of Grande Ronde river, a few miles above this place, said that an enormous coal seam has been uncovered and can be traced for more than four miles. The coal exposed in cuts, he says, is fully as good for steaming and smelting purposes as any in the northwest, but Mr. Russell comments that the first work done shall be in developing for depth, and expresses the opinion that even a finer grade of coal will be uncovered.

These coal fields, comprising 3000 acres, are under bond to M. J. Dowd, of Wallace, who is acting as the representative of Senator W. A. Clark, and associates, of Montana.

STATE OF OHIO, CITY OF TOLEDO, ss.

LEWIS COUNTY.
Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, county and state aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Sworn to before me and subscribed to my presence this 9th day of December, A. D. 1896.

A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Sent for testimonials, free.

F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, etc. Hall's Family Pills are the best.

Improvement of Walla Walla.

Walla Walla, Dec. 26.—The matter of city improvement has been taken up by the Women's Reading Club of this city, who are asking the city council to retain the park site and build a park, and among other things take all the small tracts of land at the intersections of certain angular streets and seed to grass and flowers without delay. The matter will be urged by the ladies who will do a part of the work of beautifying the city if need be, to get the improvement.
