Charles Spears Steals Two Revolvers and About \$10 in Money From Charles Graves.

Charles Spears, who has been working for Charles H. Graves, in the "Depot" lunch counter, left Saturday night for parts unknown and with him went about \$10 in cash, an overcoat and a 41-Colts revolver, belong-ing to Mr. Graves, beside a 38 Smith & Wesson revolver, belonging to Martin Rowe,

Spears was in the lunch room on the night shift, and when Rowe came along Spears told him someone had stolen Graves' revolver, which had been left on the shelf and he wanted something to defend the house with. Rowe loaned him his six-shooter, which he happened to have in his Spears soon shut up the locket. house, and that was the last seen of him until Wednesday, when word was received that he was in Echo working in a hotel. A warrant was sworn out for his arrest and plaged in the hands of Constable Bentley, ton. who went down yesterday morning. returning with the thief in the evening. He was arraigned this morning the charge of larceny and his trial will come up this afternoon in the justice court.

JARVIS OF HARVARD.

By Reginald Wright Kauffman.

The book opens with an exciting cci ege rush on "Bloody Monday" in which the "Freshies" make a gnod showing and Jarvis, our hero, licks a 'soph." THE WARDEN.

By Anthony Trollope.

The reclothing of classical works in modern costume is a feature of Christmas publishing. There are varlous styles in which the Worths of the publishing world array their immortal volumes-the edition de luxe; the illustrated edition; the bijou edition; all of them attempts at cater-

prolific writings of Anthony Trollope. Like all classics, his meteoric flight half a century ago has been followed by inexplicable neglect. And yet the best of his work is worthy to rank, say the leading critics, with such contemporary work as that of George Elliot, Thomas Love Peacock, George Borrow, etc.

It is Mr. Lane's intention to issue next week his New Pocket Library. which opened with George Elliot's "Adam Bede" and "Scenes of Cleri-cal Life"; the first of Trollope's Barsetshire novels, "The Warden," to be followed very shortly by its companino, "Barchester Towers," and a little later by "Dr. Thorne." It is hoped that in this convenient, attractive and inexpensive series Trollope's clever and charming work will become popular with readers of good fiction.
