CONDEMNS REPUBLICANS ATTITUDE ON PHILIPPINES.

England Was Never So Hard on Her Dependancies and Even Spain Was Never so Cruel.

Lincoln, Neb., Dec. 27.—W. J. Bryan, in the Commoner today, denounces the Philippine tariff measure, as passed by the house, as the most shameless piece of legislation ever proposed by any party, and ought to seal the political fate of every man who supported it. Olympia, Dec. 27.—After a few days' illness, which was not looked upon as serious until within a short time before the end, John R. Rogers, governor of Washington, passed away at 8 o'clock last evening, at the gubernatorial mansion in this city. The cause of his death was pneumonia. Governor Rogers began to feel badly some six days ago, and grew worse for some time. However, it was announced Christmas morning that he was much improved and it was thought that all danger had passed. Early yesterday morning he suffered a severe relapse, and after lingering through the day, passed away at 8 o'clock in the evening.

Rogers, a Stanford University professor, and A. U. Rogers, of Santa Barbara, were sent for. The first symptoms of Governor Rogers' illness developed Friday afternoon at his office when he contracted a chill. Fever resulted and by 10 o'clock Saturday morning the governor began to complain of pains in his chest. The fever increased slightly and the pains became quite severe.

Sunday the first reports of his condition were given out. It was an-

nounced that he was suffering from labor pneumonia, the middle lobe of the right lung being affected. He was attended by Dr. Ingham, of Olympia. While he was acknowledged to be seriously ill, his condition was not considered dangerous.
