Lost a Team.

Sunday evening, A. M. McDonald, who was intending to spend the evening at the home of Dan McIntyre, four miles northeast of this city, lost his team and buggy under peculiar circumstances. When he came to the gate opening into Mr. McIntyre's place, he got out of the rig to open the gate and the team took fright and dashed down the road, going in a southerly direction. No word of the missing team has yet been received.

Perils of Our Presidents.

All of our presidents have been in the habit of mingling freely with the people, usually without any particular precaution being made for their safety. The danger of this has been so emphatically pointed out in the last few months, that wise statesmen suggest that the old plan be discontinued. There is no cause for great danger in many of the so-called remedies advertised for stomach, liver and bowel complaints. The safest medicine to take is Hostetter's Stomach Bitters. It has been before the public for 50 years, and has always been found safe and reliable in cases of nervousness, insomnia, indigestion, dyspepsia and malaria, fever and ague. It therefore occupies the foremost position in the list of household remedies, and no family should be without it.

GORGEOUS CEREMONIES, ELABORATE AND SPLENDID.

Was the Entrance of the Chinese Court into the Forbidden City.

Pekin, Jan. 7.—Borne between a double row of kneeling soldiers, over a route four miles long, the emperor and empress dowager, preceded by troops of the governor of Pechili and accompanied by a thousand noblemen, entered the forbidden city this afternoon. The Imperial cortege formed the most brilliant scene Pekin ever witnessed. Noblemen were gorgeously attired and their horses were beautifully caparisoned. The emperor, empress dowager, Prince Chun and several other princes were borne in chairs. Hundreds of gay banners and umbrellas were carried by the escort. As the empress passed China gate, upon which the foreign community were assembled, she bowed.

WHO IS WRONG? TRAFFIC STOPPED

THE MARSHALSHIP MIXUP HOLDS PUBLIC ATTENTION.

Mayor Hailey insists that Heathman Must Go, While Heathman Claims He Will Be Upheld by the Council—The Investigation by the Committee.

Mayor Hailey maintains that Marshal Heathman must go. Marshal Heathman insists that he will be upheld by the council. The special committee appointed by the mayor—Councilmen Johnson, Summerville and Frasier—will report tomorrow night to the regular meeting. And this is the status of the fight over the appointment of a chief of police for Pendleton for the coming term.

Mayor Hailey, in a conversation with the East Oregonian, stated that he believed the council would be compelled to come to his way of thinking, when they had been placed in possession of the information relating to the allegations against the marshal. However, the matter was out of his hands and in the hands of the special committee, to be later transmitted to the common council for their final action. He maintains that he acted as he was compelled to act by force of circumstances, and that the outcome will justify this position.

The mayor, however, says that his war is not on Mr. Heathman, but on the custom he alleges to have prevailed, and that he merely desires the blame, if any, to fall where it should. He called for the investigation to find out the facts.

Mr. Heathman also was seen today. He urges that he has done nothing of which he is ashamed; that Pendleton marshals have always taken money in addition to their salaries, and that he has never retained one cent of fines belonging to the city. He defies anyone to prove that he is or has been in permanent possession of a dollar that should have gone into the city treasury. "Other towns," said he, "are not receiving, for instance, any monthly fines from bawdy houses, while Pendleton regularly receives each month the full amount collected in fines upon a basis agreed upon by the city authorities." He alleges that his course of action was understood by the other officials, and that he acted according to their wishes in the handling of the monthly fines, collected from gambling houses, bawdy houses and nickel-in-the-slot machines.

The investigating committee have been in session all day behind locked doors in the supreme court rooms at the court house. This committee, with City Attorney C. H. Carter and Mayor Hailey, have had Marshal Heathman and Recorder Beam before them, with the police records of fines and collections, and are making a thorough investigation of the charges of irregularity which have been made against the head of the police department. It has been impossible to get any of the findings of this committee so far as they are sworn to secrecy. The result will not be made public until Wednesday evening, when the regular council meeting will be held and the conclusions and result reached will be made public.

W. & C. R. RAILROAD HAD A WRECK TODAY.

Passenger Coach and Freight Cars Left Track Near Helix—No One Hurt—Cause Unknown.

A wreck on the W. & C. R., one and a half miles east of Helix, this morning, as the train was coming to Pendleton from Pasco. Engineer Marshal Hill was running his train at a rate of about 20 miles an hour, when all at once two freight cars, loaded with wood, and the passenger coach, left the track and broke loose from the engine and two other freight cars. One of the freights which left the track turned completely over and the other one was piled across the track, while the passenger coach stayed right side up, but ran for some distance on the ground and ties.

No one was hurt very badly, but the 10 or 15 passengers inside were badly frightened and received a good shaking up.

The cause of the wreck is not known positively, but it is thought that a flange broke off a wheel on one of the box cars, or that the track spread. Men have been ordered to clear the track of the wreckage, but traffic will be blocked over this road until some time tomorrow.
